

## COMMUNICATION PLAN ADOPTED BY COUNCIL

The Shire of Pingelly Communication Plan was adopted by Council at the last Shire Council Meeting.

The Communication Plan is a document designed to help the Shire of Pingelly communicate with the town and enhance community consultation and community information.

The Shire has used the eleven stage process in the Communication Plan to develop project specific communication and engagement plans by following the Communication Plan Template.

The framework of 'our goals', 'our promise' and 'communication channels' have been included in the plan to guide our communication and engagement with our community. The Communication Plan will help the Shire to commit to following actions and principals to deliver timely, meaningful and appropriate communication and engagement to ratepayers and stakeholders. The new Communication Plan is also available as a template and will be inserted into all events and activities within Pingelly. Please find the Communication Plan in this week's Pingelly Times.

## PINGELLY PERCEPTION SURVEY

Recently the Shire of Pingelly asked our community to complete a survey to poll current views on how we are performing across all areas. This survey received over 100 responses from those within the community. This survey assists the Councillor's decision making, determines areas of focus and priorities and helps develop the next Community Strategic Plan (2023-2027). The Community Strategic Plan (when developed) will guide the Shire of Pingelly over the next four years.

Councillors have listened to your feedback and have deeply considered the results of the survey and along with the previous Community Strategic Plan 2018-2022 to determine the priorities and steps needed to be taken for the next four years. From there the Shire will draft a community strategic plan.

You can find more details in this week's Pingelly Times.
