The Shire of Pingelly would like to congratulate the PRACC Inc on a successful first year of operation. It is fantastic to see how well the venue has performed since opening, which is due to the huge contribution that the Board and a wider group of committed volunteers have made both at an individual level and as a group.

While there have been many challenges in the inaugural year, the Board has met these with diligence, positivity and courage. This has led to an excellent foundation being established for the future success of the PRACC operations. The commitment of the Board members, as volunteers, is a testament to the dedication of each person involved.

The Shire would like to formally recognise and acknowledge the contribution of all volunteers involved, and look forward to witnessing and supporting the growth of the PRACC into the future, for the benefit of the community.

## 2020 PINGELLY COLOUR TRAIL

Over the coming weeks the team at the Pingelly Craft Centre will be crocheting 150 squares for the community to decorate at the 2020 Pingelly Colour Trail.

A collaboration between the Pingelly Community Resource Centre and Shire of Pingelly, the temporary street art project will transform one block of Parade Street with designs created by the community.

To RSVP contact the Pingelly Community Resource Centre on 9887 1409, or Sam Kempton at the Shire of Pingelly on 9887 1066. For more information, see the 2020 Pingelly Colour Trail flyer attached to this week's Shire News.

This project has been supported by the Department of Local Government, Sport and Cultural Industries as part of Harmony Week.

## RATES INSTALMENT

A courtesy reminder the final rates instalment payment for the 2019/20 financial year is due by Monday, 9 March.

## HAVE YOUR SAY: OUTDOOR GYM EQUIPMENT LOCATION

Suggestions from the community are invited for a location to install outdoor gym equipment acquired during a previous financial year.

The Shire has identified Pioneer Park as an ideal location, due to the central accessibility for all residents, the shade available, and to enhance recreation opportunities at the park.

There may however, be more appropriate places for this installation and we would like to hear your views! For further information contact :
