

Public Notice

Mains water supply cannot be guaranteed during a bushfire

Water Corporation is prepared for bushfire season. However, we cannot guarantee that water pressure or water supply will be maintained in the event of a bushfire. Extreme demand, fire damage and power cuts can all result in a total loss of water.

If you plan to stay and defend your property during a bushfire, you must have your own independent water supply and pumping capability. You cannot rely on mains water.

Details and resources about how to prepare for bushfire season can be found at **mybushfireplan.wa.gov.au**. For warnings and advice visit **emergency.wa.gov.au**.
