# Council Minutes

Shire of Pingelly

Ordinary Council Meeting

Wednesday 21 May 2025

Pingelly, positive by nature. Let's grow together!

## Risk Framework

### Consequence Rating

Impact	Health	Financial	Service Interruption	Compliance	Reputational	Property	Environment
Insignificant	Negligible injuries	Less than \$2,000	No material service interruption	No noticeable regulatory / statutory impact	Low impact, single complaint, low profile or 'no news' item	Inconsequential or no damage	Contained, reversible impact managed on site response
Minor	First aid injuries	\$2,001 - \$10,000	Short term temporary interruption – backlog cleared < 1 day	Some temporary non-compliance	Low impact, a small number of complaints	Localised damage rectified by routine internal procedures	Contained, reversible impact managed by internal response
Moderate	Medical type injuries <5 days	\$10,001 - \$50,000	Medium term temporary interruption – backlog cleared by additional resources < 1 week	Short term non-compliance but with significant regulatory requirements imposed	Public embarrassment, moderate impact, low or moderate news profile	Localised damage requiring external resources to rectify	Contained, reversible impact managed by external agencies
Major	Lost time injury >5 days	\$50,001 - \$200,000	Prolonged interruption of services – additional resources; performance affected < 1 month	Non-compliance results in termination of services or imposed penalties	Public embarrassment, high impact, high news profile, third party actions	Significant damage requiring internal & external resources to rectify	Uncontained, reversible impact managed by a coordinated response from external agencies
Catastrophic	Fatality, permanent disability	More than \$200,000	Indeterminate prolonged interruption – non-performance > 1 month	Non-compliance results in litigation, criminal charges or significant damages	Public embarrassment, very high multiple impacts, high widespread multiple news profile, third party actions	Extensive damage requiring prolonged period of restitution. Complete loss of property	Uncontained, irreversible impact

### Likelihood Rating

	Description
Almost Certain	The event is expected to occur in most circumstances   > once per year   > 90% chance of occurring
Likely	The event will probably occur in most circumstances   At least once per year   60% - 90% chance of occurring
Possible	The event should occur at some time   At least once in 3 years   40% - 60% chance of occurring
Unlikely	The event could occur at some time   At least once in 3 years   10% - 40% chance of occurring
Rare	The event may only occur in exceptional circumstances   Less than once in 15 years   < 10% chance of occurring

### Risk Matrix

Consequence Likelihood	Insignificant	Minor	Moderate	Major	Catastrophic
Almost Certain	M (5)	H (10)	H (15)	E (20)	E (25)
Likely	L (4)	M (8)	H (12)	H (16)	E (20)
Possible	L (3)	M (6)	M (9)	H (12)	H (15)
Unlikely	L (2)	L (4)	M (6)	M (8)	H (10)
Rare	L (1)	L (2)	L (4)	L (4)	M (5)

### Risk Acceptance Criteria

	Description	Criteria	Responsibility
Low (L)	Acceptable	Acceptable with adequate controls, managed by routine procedures and subject to annual monitoring	Staff Member
Moderate (M)	Monitor	Acceptable with adequate controls, managed by specific procedures, subject to semi-annual monitoring	Senior Manager
High (H)	Urgent action	Acceptable with effective controls, managed by senior management, subject to monthly monitoring	Senior Manager
Extreme (E)	Unacceptable	Only acceptable with excellent controls and all treatment plans to be explored and implemented where possible, managed by the CEO and subject to continuous monitoring	CEO

**1. DECLARATION OF OPENING / ANNOUNCEMENT OF VISITORS**

The Chairman declared the meeting open at 2.05pm.

**2. ACKNOWLEDGEMENT OF COUNTRY**

We acknowledge the Willman Noongar people of this area and recognise their continuing connection to land, waters and community. We pay respect to Elders past, present and emerging.

**3. ANNOUNCEMENTS BY THE PRESIDING MEMBER**

Please turn your mobile phones to silent, any calls are to be taken outside of the Chambers.  
Thank you.

President announces that it is Wear Orange Wednesday today. The Council and staff are wearing orange today in recognition of the SES and the amazing work that our Pingelly SES does within our community. We have enjoyed having a photo taken together wearing our orange.

We also like to recognise that this day falls within Volunteer Week. Thank you to all our volunteers.

**5. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE**

Nil

**6. PUBLIC QUESTION TIME**

Please see Public Question Time Information on page 3.

We have 3 members of the public joining us today, 2 sets of questions have been received.

Council welcomes Garry Gadsby to the podium.  
Garry thanks Council.

**Q1:** We have lodged 3 noise complaint forms regarding shouting/very loud music from a nearby property. Two were reported to the police. We would like to know what happens to these complaints. Are they acted upon in any way?

**R:** The police are the agency responsible for party noise and loud stereos. The Shire of Pingelly has no jurisdiction or ability to respond to these complaints. These complaints have been passed on to the Pingelly Police for their action.

**Q2:** The Guidelines for Neighbourhood Noise, retrieved from your Shire website state:  
*“The Environmental Protection Act 1997 deals with the problem of noise and makes it an offence to create unreasonable noise. Noise is deemed “unreasonable” if it interferes directly or indirectly with the health, welfare, convenience, comfort or amenity of any person in any premises”.*  
This is off the Shire of Pingelly Guidelines.

**R:** The noise from parties and loud stereos is the local police and this is who you need to report to. Continuing to report this noise to police is a good option. Whilst police might not be able to attend at the time, a knock on the door from the police leaves a lasting impression by notifying the address that complaints have been received.

Garry thanks Council and returns to his chair.  
Council welcomes Dani Summers to the podium.

Dani Summers:  
Thank you, Council.

**Q3:** Will Shire move to adopt a specific Tiny Homes on Wheels planning policy, following a similar approach as for example Shire of Boddington?

**R:** Tiny homes without wheels are currently permitted with relevant approvals within the residential zoned areas of Pingelly. These are considered a dwelling and are encouraged. Tiny homes on wheels are not a permanent investment in the town and so these are not encouraged in place of a dwelling.

**Q4:** That is definitely the stream of thought throughout the country. Some progressive shires are starting to review the policy; Shire of Boddington also got their own policy on it. Other shires are experimenting with a process for 2 years, to see how does it work in their shire before they make laws. Is this something that the Shire of Pingelly would consider?

**R:** This is something that could be considered in the future. Currently tiny homes without wheels are permitted without relevant approval.

**Q5:** Will Shire consider adopting differential rating categories to incentivise the development of tiny home villages, for example: GRV townsite, GRV townsite mass accommodation, and UV outside townsite? Referring for example to Shire of East Pilbara.

**R:** The Shire of East Pilbara has introduced a differential rate for ‘GRV – Transient Workforce Accommodation’. For context the following extract from Shire of East Pilbara Notice of Intention To Levy Differential Rates 2025-2026 –

*To ensure rates are distributed equitably across property used for residential and non-residential workers. Temporary workers are consumers of Shire services but unless they are also property owners within the Shire, are not contributing to the cost of services which they use. Mass accommodation properties have the potential to have a greater impact on Shire services and assets than other property types due to their number of occupants in a relatively small land parcel.*

This strategy charges higher rates than otherwise would be the case and discourages the construction of mass accommodation. I believe you are aiming to lower the rates. This is currently the case.

**Q6:** We are looking at to target a specific style of accommodation to incentivise. We could use the similar design to incentivise to lower the rates and bring more development to town. Would you consider it?

**R:** We haven't looked at this option or considered it up to this point. There seems to be a general feeling within the community against differential rate. We haven't considered it at this point. We can discuss this around the Council table and get back to you.

**Q7:** Is it correct that Department of Communities is not subject to Shire building, planning and development approvals (whether in policy or simply in practise) and that Department could therefore situate ancillary dwellings or multiple tiny homes on wheels on existing public housing properties without the compliance burden that would otherwise be required?

**R:** The State Government is subject to the Building Act and either issues its own or applies to the Shire for a Building Permit. This does not impact the development of multiple dwellings on a site. The State Government is not subject to Shire development approvals but gives due regard to the local planning scheme when developing land. The State Government is free to develop multiple dwellings on various properties within Pingelly including its own vacant land.

**Q8:** As a crisis housing option through winter, will Shire allow the placement of a caravan at the Pingelly Caravan Park, with fee payable by occupant when used as emergency accommodation, and no fee payable when unoccupied?

**R:** The Shire will permit the placement of a caravan at the Pingelly Caravan Park when occupied and the fee paid. The caravan then should be placed in storage to allow others to use the powered site. The Shire can assist with the storage of this caravan if necessary.

**Q9:** Are there any other conditions surrounding this, such as reasonable enough condition, rustic looking, potential eyesore, anything that you encourage or suggest?

**R:** It is a traditional caravan park with people who come and go so we do not have any formal guideline. We would not encourage or like to see something thought to be an eyesore. We don't have any criteria to apply to being able to stay at the caravan park.

Dani Summers thanks Council and takes a seat.

Council welcome Rhea Turton to the podium.

Rhea greets Council. Submitted a letter to Andrew and Jackie on the 16 April in regard to the Ninja Park Proposal, the project up at the PRACC. As the president of the Tennis club, I have a few questions in regard to this.

**Q10:** What was the scope and method of community consultation undertaken for the proposed Ninja Course Project. When it was decided to move the location to the PRACC vicinity, and how did this process fail to identify and engage with key stakeholders such as Pingelly Tenns Club – as regular users of the multipurpose courts since the PRACC development and how does the shire consider this oversight acceptable, and how will it ensure such exclusion does not occur in future projects?

**R:** Thank you for your question. We will take this question on notice. We will respond to you at the next shire meeting.

**Q11:** Since the current multipurpose courts were constructed and line markings applied, have these markings ever been altered? There are 3 sets of lines on these courts, Tennis, netball and basketball. Have these lines ever been altered?

**R:** This question was taken on notice.

**Q12:** If they have remained unchanged, how can the shire credibly claim to have been unaware of these markings and not contacted the clubs who have appropriate line markings on the multipurpose courts about redevelopment?

**R:** This question was taken on notice.

**Q13:** Can the shire please identify which individuals, groups, or clubs were formally identified s key stakeholders after the decision to move the project to the PRACC vicinity, and why were certain core user groups not consulted? How does the shire justify moving forward on community – impacting projects while omitting critical engagement?

**R:** This question was taken on notice. For future reference, if we had these questions submitted to Council earlier, we would have been able to provide you with answers today.

**Q14:** Does the shire hold reference official plans or records of the multipurpose courts that detail the line markings and designated uses? If not, why not – and if so, how was this information of the tennis lines markings and club usage overlooked?

**R:** This question was taken on notice.

**Q15:** How does the shire justify proceeding with the development of the ninja course without verifying existing site conditions or line markings – especially when such oversight directly impacts current users and suggests a failure of due diligence?

**R:** This question was taken on notice.

**Q16:** Can the shire president please outline and share how and who provided the Shire Councillors with information of a PRACC Boards recommendation of the location at PRACC grounds, when there is no official recommendation by the PRACC board?

**R:** This question was taken on notice.

**Q17:** May I please add to this?

**R:** Yes.

**Q18:** I have been through all the PRACC minutes from the meetings. The only notice of the Ninja Course was on the 19 June. It says it's a possible location for the Ninja course. Is 'the possible location' to a 'PRACC recommendation' vastly different?

**R:** I would like to get back to you on that. I am not sure the information you have been given is totally correct.

**Q19:** I do know that this was discussed, and the plans were presented maybe two PRACC meetings ago?

**R:** It has had lots of discussion, but not minuted discussion.

**Q20:** For it to be a PRACC Recommendation I would have assumed that there would be a motion on record. If there is not, it should not be a PRACC recommendation?

**R:** Absolutely.

**Q21:** When can I expect a formal reply from the Shire of Pingelly and Council in relation to my letter submitted on 16 April 2025, and the in person meeting with the Shire CEO on 9 May 2025.

**R:** Within 1 week.

**Q22:** Do I receive a response from Council or it documented in the minutes?

**R:** The answers will be recorded in the next agenda under section 5. Response to Previous Public Questions Taken on Notice.

Rhea Turton thanks Council and takes a seat.

President thanks Rhea Turton and closes public question time.

- The President publicly acknowledged the PRACC's contributions during the PRACC Board meeting, specifically commending the catering efforts at the High Tea event.
- Special thanks to Councillor Angela Trethewey for her exceptional work in organising the Horse and Cart group. The Horse drawn carriages were a major highlight of the festival.
- Overall, the Heritage Festival has received overwhelmingly positive feedback. Congratulations to everyone involved.

## **14. OFFICE OF THE CHIEF EXECUTIVE OFFICER**

### **14.1. Conduct of the 2025 Local Government Election**

<b>File Reference:</b>	<b>Nil</b>
<b>Location:</b>	<b>Shire of Pingelly</b>
<b>Applicant:</b>	<b>Nil</b>
<b>Author:</b>	<b>Chief Executive Officer</b>
<b>Disclosure of Interest:</b>	<b>Nil</b>
<b>Attachments:</b>	<b>LG Ordinary Election Process WA Electoral Commission Cost Estimate WA Electoral Commission Written Agreement 2025 LG Ordinary Election Timetable</b>

#### **Summary:**

For Council to consider the conduct of the 18 October 2025 Council Election, either a postal election by the WA Electoral Commission or an in-person election performed by the Shire.

#### **Background:**

The Shire of Pingelly has historically conducted in person elections, however there is a significant trend toward elections conducted by the WA Electoral Commission (WAEC), with the vast majority of local governments now choosing this option. This is due to the added difficulty, risk, and cost associated with the introduction of proportional representation.

The WAEC has offered to conduct the 2025 Local Government Election scheduled for 18 October 2025. The cost estimate assumes:

- Postal method of election;
- Five (5) Councillor vacancies;
- 910 electors with a 60% response rate;
- Appointment of a local Returning Officer (by the WAEC); and
- Election count conducted at the Shire offices using CountWA.

The cost estimate is on a cost recovery basis and may rise or fall.

#### **Comment**

Conducting an in-person election is complex and time consuming as demonstrated by the steps within the 2025 LG Ordinary Election Timetable document attached. In addition, the proportional representation system has introduced added difficulty and risk of counting errors. This is mitigated somewhat by the purchase of the CountWA software.

The Financial Implications section demonstrates that both in person and postal elections have a significant cost. However, postal elections conducted by the WAEC would allow staff to focus on other priority actions on behalf of the community. In person elections conducted by the Shire will be a significant draw on staff resources.

#### **Consultation:**

Discussions with the WAEC.

#### **Statutory Environment:**

The provisions of the *Local Government Act 1995*, sections 4.20 and 4.61 relate and must be resolved at least 80 days prior to an Election.

In the absence of the Council making a determination as to the Returning Officer (RO), the Chief Executive Officer is the RO, pursuant to section 4.20(1).

*Local Government (Elections) Regulations 1997* specifies cost recovery requirements for elections

conducted by the WAEC.

**Policy Implications:**

Nil

**Financial Implications:**

The cost estimate for the WAEC to conduct a postal election is \$14,522.

The cost for in person elections for the Shire to conduct an in-person election is estimated at \$10,100, comprised of the following elements:

- \$5,000 for the purchase of the CountWA software
- \$4,200 internal staffing costs
- \$500 advertising in the West Australian
- \$400 advertising in the Narrogin Observer

Note that the internal staffing costs would be absorbed into staffing budgets and the advertising costs allocated to the advertising budget.

**Strategic Implications:**

Business as usual

**Risk Implications:**

<b>Risk:</b>	Conducting an in-person election creates the increased risk of a error being made in the pre-election process or counting of votes even after purchasing CountWA.		
<b>Consequence Theme:</b>	Reputational / Compliance	<b>Impact:</b>	Minor
<b>Consequence:</b>	Low impact, a small number of complaints. Some temporary non-compliance		
<b>Likelihood Rating:</b>	Unlikely	<b>Risk Matrix:</b>	Low (4)
<b>Action Plan:</b>	Propose to mitigate this risk requesting that WAEC conduct a postal election.

**Recommendation and Council Decision:**

**That Council:**

- (1) Accept the quotation provided by the Western Australian Electoral Commission of \$14,522 (ex GST) to conduct the election for five (5) Councillors, and ensure this amount is provided for in the 2025/26 Budget;
- (2) Declare, in accordance with section 4.20(4) of the Local Government Act 1995, the Electoral Commissioner to be responsible for the conduct of the 2025 ordinary election, together with any other elections or polls which may be required; and
- (3) Decide, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the election will be as a postal election.

# Local Government Ordinary Election Process

Mr Andrew Dover  
Chief Executive Officer  
Shire of Pingelly  
17 Queen Street  
PINGELLY WA 6308

Dear Mr Dover,

**Cost Estimate Letter: 2025 Local Government Ordinary Election**

As you are aware, the next local government ordinary election will be held on 18 October 2025. This letter is your Cost Estimate for the Western Australian Electoral Commission to conduct your election, should you proceed with making a declaration under the *Local Government Act 1995* for us to do so.

Cost Estimate

The Commission has estimated the cost to conduct your Council's election in 2025 as a postal election at approximately \$14,522 (ex GST).

This cost has been based on the following assumptions:

- The method of election will be postal;
- 5 Councillor(s) vacancies;
- 910 electors;
- response rate of approximately 60%
- appointment of a local Returning Officer; and
- count to be conducted at your office using CountWA.

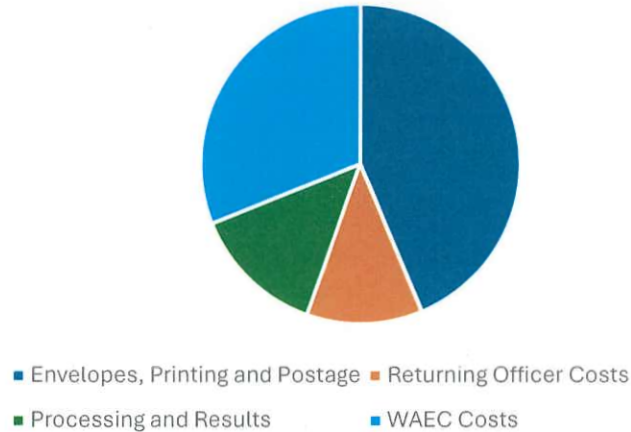

If any of these assumptions are not correct, please contact us and we can provide a new cost estimate.

Cost Methodology

To provide your estimate, the Commission has estimated the costs of all aspects of the election, from supply of materials to staffing costs. For the 2025 Local Government elections, we have applied the following apportionment across the State:

### Division of costs 2025 Ordinary Local Government Elections

For individual local Governments the exact apportionment of costs may differ slightly from the above, as the cost categories are determined by applying the following variables:

- Envelopes, Printing and Postage, and WAEC Costs are determined by the number of electors in your Local Government;
- Processing and Results is determined by the expected response rate for your election; and
- Returning Officer Costs are determined by the complexity of the election for the Returning Officer; we classify Local Governments into bands depending on a number of factors including number of Wards, number of vacancies and the number of candidates, and then we pay our Returning Officers a rate which reflects this band.

#### Estimated Cost of 2025 Local Government Elections

The Commission estimates that the total cost of conducting the Local Government Elections across Western Australia in 2025 will increase by \$1.3 million, compared to 2023. The key drivers for this cost increase are as follows:

- a 45% cost increase from Australia Post, comprising of a 25% increase which came into effect in March 2024, and an additional 20% proposed increase currently being considered by the Australian Competition and Consumer Commission, which if approved will take effect in July 2025; and
- a 9% increase in the salaries paid to Returning Officers as required by the Public Sector CSA Agreement 2024.

#### Variations to the final costs for your Council

In accordance with the *Local Government (Elections) Regulations 1997*, the Commission conducts elections on the basis of full accrual cost recovery. This means that should the actual costs incurred to conduct the election be less or greater than what we have estimated, the final cost may differ from the cost estimate you have been provided.

Whilst we aim to keep additional costs at a minimum wherever possible, the following are examples of where cost increases may arise:

- If a Returning Officer is selected that is not local to your area;
- If you elect for Australia Post Priority Service for the lodgement of your election package;
- If casual staff are required for the issuing of Replacement Election Packages;
- If casual staff are required to assist the Returning Officer on election day or night; or
- Unanticipated cost increases from our suppliers.

We will endeavour to keep you informed of any unanticipated cost increases as they are incurred during the election.

#### Service Commitment

The Commission is committed to conducting elections impartially, effectively, efficiently and professionally. Following each election event, we review our performance and identify ways to improve our service delivery.

The Commission acknowledges that during the 2023 Local Government Ordinary Elections, the results for many Local Governments were delayed. Since this time we have improved our Count Processes, and as demonstrated through extraordinary elections conducted in 2024, we are now able to finalise our results more quickly whilst still retaining accuracy and integrity.

If you have any suggestions for improvements we can make to deliver your election, your feedback is welcome at all times.

#### Next Steps

Should you wish to accept this cost estimate and proceed with the Electoral Commission undertaking this election, there are specific steps that must be taken under the *Local Government Act 1995*. These steps are summarised in the attached flow chart (Attachment A).

As outlined in the flow chart, if you accept this Cost Estimate then please advise of us this in writing, so that we can issue a Written Agreement letter. Both the Cost Estimate letter, and the Written Agreement letter then need to be taken to Council for a decision.

Mr Andrew Dover  
Chief Executive Officer  
Shire of Pingelly  
17 Queen Street  
PINGELLY WA 6308

Dear Mr Dover,

**Written Agreement: 2025 Local Government Ordinary Election**

I refer to your correspondence dated 9 May 2025 in which you accept the Western Australian Electoral Commission's Cost Estimate for the 2025 Local Government Ordinary Election, as outlined in my letter to you dated 12 December 2024 (the Cost Estimates Letter).

This letter is my written agreement to be responsible for the conduct of the local government ordinary election for the Shire of Pingelly. In order to finalise this agreement, you are required under *the Local Government Act 1995* to submit the following motions to Council for a postal election:

1. declare, in accordance with section 4.20(4) of the *Local Government Act 1995*, the Electoral Commissioner to be responsible for the conduct of the 2025 ordinary election, together with any other elections or polls which may be required;
2. decide, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the election will be as a Postal election.

Please note that:

- the above motion/s must be presented to Council as drafted and cannot be amended in any way;
- both the Cost Estimates Letter, and this Written Agreement Letter should be attached to the item for Council consideration; and
- the above motion/s must be passed by an absolute majority.

Once the Council passes the above mentioned motion/s, please forward confirmation to the Commission to the email address below. The Commission can then proceed with arrangements for your ordinary election.

If you have any queries, please contact [lgelections@waec.wa.gov.au](mailto:lgelections@waec.wa.gov.au).

Yours sincerely

Courtney Barron

### **Summary**

Council to appoint a chairperson and deputy chairperson for the Audit and Risk Committee and CEO Review Committee following legislation changes.

### **Background**

In the process of the Local Government Act review by the State Government, 5.12 of the Local Government Act has been updated with the adoption of the Local Government Amendment Act 2024. This update requires the presiding members of Committees of Council to be appointed directly by the Local Government.

The Shire of Pingelly has the following Committees of Council:

- Audit and Risk Committee
- Bush Fire Advisory Committee
- CEO Performance Review Committee

### **Comment**

The President and Deputy President are the Chairperson and Deputy Chairperson respectively for both the Audit and Risk Committee and the CEO Performance Review Committee. The Chief Bush Fire Control Officer is the Chairperson of the Bush Fire Advisory Committee. It is proposed to appoint these officers under the revised section 5.12 of the *Local Government Act 1995*.

### **14.3. 21 and 23 Queen Street Pingelly – Sale of Land**

**File Reference:** A9592, ADM0133  
**Location:** 21 and 23 Queen Street  
**Applicant:** Confidential  
**Author:** Chief Executive Officer  
**Disclosure of Interest:** Nil  
**Attachments:** Letter of Offer x2 (Confidential)  
**Previous Reference:** Motion Number 13474 OCM 18/09/2024

#### **Summary**

For Council to consider accepting the offer of sale for 21 and 23 Queen Street and transfer the proceedings into the 'Land Development Reserve'.

#### **Background**

There currently is a housing shortage within Pingelly, reflective of the rest of the state. To help alleviate this, officers compiled a list of properties that may be sold. 21 and 23 Queen Street were identified as properties that were surplus to current requirements and unencumbered, ready for sale.

The lots are zoned Town Centre. This means that either a single dwelling or up to 3 grouped dwellings may be built on each lot. They are 911m<sup>2</sup> each.

These are prime real estate lots which offer either high quality rural living opportunities or multiple units. At the Ordinary Council Meeting held on 18 September 2024 Council resolved the following:

Motion Number 13474

Carried 6 votes to 0

That Council:

1. Pursuant to Section 3.58 of the Local Government Act 1995, proceed to dispose 21 and 23 Queen Street, Pingelly with the nominated reserve and subject to a covenant being placed on the title requiring at least one dwelling to be constructed on each of the properties within 2 years of settlement;
2. Create a 'Land Development Reserve' for the purpose of servicing industrial and/or residential land for sale or development; and
3. Following settlement, place the proceeds of the sale into the Land Development Reserve

The nominated reserve mentioned in point 1 above was agreed by Council in discussion to be \$50,000 for each lot.

The purpose of the covenant is to ensure that at least one dwelling is constructed on each lot.

### Comment

The letters of offer have exceeded the nominated reserve. When these lots are sold, rates will be levied and dwellings constructed, providing an economic boost to the Shire and town.

The funds obtained will be transferred into a 'Land Development Reserve' and used to develop other (residential or industrial) lots for sale.

### Consultation

This sale of land was advertised very widely on several of the real estate websites (realestate.com.au; domain.com.au; property.com.au; allhomes.com.au; view.com.au; homely.com.au; onthefhouse.com.au) as well as notice given to comply with section 3.58 of the *Local Government Act 1995*.

There have been a number of enquiries relating this these properties, however only one letter of offer/submission has been received for each property.

### Statutory Environment

*Local Government Act 1995*

3.58. *Disposing of property*

(1) *In this section —*

**dispose** includes to sell, lease, or otherwise dispose of, whether absolutely or not;

**property** includes the whole or any part of the interest of a local government in property, but does not include money.

(2) Except as stated in this section, a local government can only dispose of property to —

- (a) the highest bidder at public auction; or
- (b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.

(3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —

(a) it gives local public notice of the proposed disposition —

- (i) describing the property concerned; and
- (ii) giving details of the proposed disposition; and
- (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;

and

- (b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.

(4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include —

- (a) the names of all other parties concerned; and
- (b) the consideration to be received by the local government for the disposition; and
- (c) the market value of the disposition —
  - (i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or
  - (ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.

### **Policy Implications**

There are no policy implications associated with this report.

### **Financial Implications**

Placing these funds in a Land Development Reserve will funds to be spent to develop the Industrial land for sale and/or develop residential or industrial land for further development.

### **Strategic Implications**

#### **Summary**

In Accordance with the *Local Government Act 1995* Section 5.25 (1) and *Local Government (Financial Management) Regulations 1996*, Monthly Financial Statements are required to be presented to Council, in order to ensure that income and expenditure is in keeping with budget forecasts.

The Monthly Statement of Financial Activity for the month of April 2025 is attached for Council consideration and adoption. This report now incorporates new Australian Accounting Standards Board (AASB) requirements effective from 1 July 2019. AASB 15 Revenue from Contracts with Customers (IFRS 15), AASB 1058 Income for Not-for Profit Entities, AASB 16 Lease replaces AASB 117 (IFRS 16).

#### **Background**

In order to prepare the monthly statements, the following reconciliations have been completed and verified:

- Reconciliation of assets, payroll and taxation services;
- Reconciliation of all shire's bank accounts, including term deposits;
- Reconciliation of rates, including outstanding debtors;
- Reconciliation of sundry creditors and debtors;

#### **Comment**

The Monthly Financial report has been prepared in accordance with statutory requirements and provides council with their financial position as at 30 April 2025.

Comparison with the same period last year shows council are in a stronger position financially

	<b>April 2024</b>	<b>April 2025</b>	<b>Variance</b>

#### **Statutory Environment**

*Local Government Act 1995;*

*Local Government (Financial Management) Regulations 1996*

**Section 34: Financial Reports to be prepared**

(1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail -

- (a) Annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1) (b) or (c);
- (b) Budget estimates to the end of the month to which the statement relates;
- (c) Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
- (d) Material variances between the comparable amounts referred to in paragraphs (b) and (c); and
- (e) The net current assets at the end of the month to which the statement relates.

(2) Each statement of financial activity is to be accompanied by documents containing -

- (a) An explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets;
- (b) An explanation of each of the material variances referred to in sub regulation (1) (d); and
- (c) Such other supporting information as is considered relevant by the local government.

(3) The information in a statement of financial activity may be shown -

- (a) According to nature and type classification;
- (b) By program; or
- (c) By business unit.

(4) A statement of financial activity, and the accompanying documents referred to in sub regulation (2), is to be -

- (a) Presented to the council -
  - (i) At the next ordinary meeting of the council following the end of the month to which the statement relates; or
  - (ii) if the statement is not prepared in time to present it to the meeting referred to in subparagraph (i), to the next ordinary meeting of the council after that meeting; and
- (b) Recorded in the minutes of the meeting at which it is presented.

(5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with AAS 5, to be used in statements of financial activity for reporting material variances.

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

**Local Government Act 1995 requirements**

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

*Local Government (Financial Management) Regulations 1996*, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 04 May 2025

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

**MATERIAL ACCOUNTING POLICES**

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

**Critical accounting estimates and judgements**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
  - Property, plant and equipment
  - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Assets held for sale
- Investment property
- Estimated useful life of intangible assets
- Measurement of employee benefits
- Measurement of provisions
- Estimation uncertainties and judgements made in relation to lease

#### KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

### KEY INFORMATION

#### Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

#### Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

#### Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Amounts shown above include GST (where applicable)

### KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

#### Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

### KEY INFORMATION

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

### KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

### KEY INFORMATION

#### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### Employee Related Provisions

##### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

##### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

#### Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

### **Summary**

Council is requested to receive the list of accounts paid by authority for the month of April 2025.

### **Background**

In accordance with *Local Government (Financial Management) Regulations 1996 Clause 13*

(1) schedules of all payments made through Council's bank accounts are presented to the Committee and to Council.

### **Comment**

Unless otherwise identified, all payments have been made in accordance with Council's adopted 2024/2025 Budget.

### **Consultation**

Nil

### **Statutory Environment**

Regulation 12 of the *Local Government (Financial Management) Regulations* provides that:

- (1) A payment may only be made from the municipal fund or the trust fund —
  - (a) if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or
  - (b) otherwise, if the payment is authorised in advance by a resolution of the council.
- (2) The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.

Regulation 13 of the *Local Government (Financial Management) Regulations* provides that:

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —
  - (a) the payee's name;
  - (b) the amount of the payment;
  - (c) the date of the payment; and
  - (d) sufficient information to identify the transaction.
- (2) A list of accounts for approval to be paid is to be prepared each month showing —
  - (a) for each account which requires council authorisation in that month —
    - (i) the payee's name;
    - (ii) the amount of the payment; and
    - (iii) sufficient information to identify the transaction; and
  - (b) the date of the meeting of the Council to which the list is to be presented.
- (3) A list prepared under sub regulation (1) or (2) is to be —
  - (a) presented to the Council at the next ordinary meeting of the council after the list is prepared; and
  - (b) recorded in the minutes of that meeting.

### Policy Implications

There are no policy implications arising from this amendment.

### Financial Implications

There are no known financial implications upon either the Council's current budget or long-term financial plan.

### Strategic Implications

Business as usual.

### Risk Implications

<b>Risk:</b>	Failure to present a detailed listing of payments in the prescribed form would result in non-compliance with the Local Government (Financial Management) Regulations 1996, which may result in a qualified audit.		
<b>Consequence Theme:</b>	Reputational / Compliance	<b>Impact:</b>	Minor
<b>Consequence:</b>	Low Impact, a small number of complaints. Some temporary non-compliance		
<b>Likelihood Rating:</b>	Unlikely	<b>Risk Matrix:</b>	Low (4)
<b>Action Plan:</b>	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.

#### **Summary**

Council to consider an application for an outbuilding at Lot 3 (No. 125) Aldersyde-Pingelly Road, Pingelly.

#### **Background**

The applicant has submitted an application for development consent for a proposed outbuilding (garage) with a floor area of 57m<sup>2</sup> at Lot 3 (No. 125) Aldersyde-Pingelly Road, Pingelly.

This application is required to be considered by Council given the proposed outbuilding (57m<sup>2</sup>) combined with the existing outbuildings (approximately 160m<sup>2</sup>) are over 200m<sup>2</sup> in floor area on Rural Residential zoned land.

The proposed outbuilding is 9.17m long, 6.17m wide and has a 4.5m wall height. The applicant advises the proposed outbuilding is for carparking and storage. The outbuilding is setback approximately 10m from the southern property boundary and 57m from the front (eastern) boundary. The outbuilding will adjoin an existing shed.

The site is 1.5569 hectares in area and contains a dwelling and several outbuildings.

#### **Comment**

The proposed outbuilding combined with existing outbuildings has a combined floor area of 217m<sup>2</sup>. While larger than the cumulative floor area set in Council's Outbuilding Policy for the Rural Residential zone, the Council has approved outbuildings over 200m<sup>2</sup> in area in the Rural Residential zone. The wall height is also marginally higher than the wall height set in Council's Outbuilding Policy.

While noting the application is inconsistent with a component of Council's Outbuilding Policy, the Development Application is conditionally supported. This follows assessment against the planning framework, information provided by the applicant and the site characteristics. Conditional approval is recommended given:

- The outbuilding will not detract from the streetscape or the visual amenity of the residents or neighbouring properties. This includes that the outbuilding is well setback from Aldersyde-Pingelly Road;
- The outbuilding is considered compatible with its setting in terms of height, bulk, scale, orientation and appearance;
- There are no overshadowing issues with neighbouring properties;
- The outbuilding overall complies with development standards;
- The property is generous in size compared to the cumulative area of the existing and proposed outbuildings; and

- Recommended development conditions and advice can assist to control the use and management of the development.

The proposed outbuilding is recommended for approval, with conditions.

### Consultation

Nil

### Statutory Environment

The site is zoned 'Rural Residential' in the *Shire of Pingelly's Local Planning Scheme No.3*.

Attachment 16.1.2 is an extract from the *Planning and Development (Local Planning Schemes) Regulations 2015* which sets out matters to be considered by the local government in assessing a Development Application.

### Policy Implications

Local Planning Policies are relevant in assessing the Development Application. Local Planning Policies are non-statutory documents which are designed to provide guidance to assist the Council in its decision making. Accordingly, the Council is not bound by the policies but is required to have regard to the policies in determining the Development Application. The key Local Planning Policy is *13.2 Outbuildings* which is provided in Attachment 16.1.3. It is suggested that the Outbuildings Policy is reviewed to reflect community expectations and to address a changing planning framework.

### Financial Implications

There are no financial implications in relation to this matter other than receipt of the Development Application fee.

### Strategic Implications

Outcome 6. A great place to live.

Objective 6.1 Provide responsible planning and development.

### Risk Implications

<b>Risk:</b>	The key risk arises from the failure to consult with neighbouring properties resulting in complaints. This has been managed through the consultation process.		
<b>Consequence Theme:</b>	Reputational	<b>Impact:</b>	Minor
<b>Consequence:</b>	Low Impact, a small number of complaints. Some temporary non-compliance		
<b>Likelihood Rating:</b>	Unlikely	<b>Risk Matrix:</b>	Low (4)
<b>Action Plan:</b>	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.

**Recommendation and Council Decision:**

**That Council grant Development Approval for an outbuilding at Lot 3 on Diagram 87477 (No. 125) Aldersyde-Pingelly Road, Pingelly pursuant to Schedule 2, Clause 68 of the *Planning and Development (Local Planning Schemes) Regulations 2015* and subject to the following conditions and advice notes:**

**Conditions**

- 1. The development hereby approved must be carried out in accordance with the submitted plans and specifications (addressing all conditions) or otherwise amended by the local government and these shall not be altered and/or modified without the prior knowledge and written consent of the local government.**
- 2. All stormwater from this development must be collected and detained on site to the satisfaction of the local government. Stormwater retention designs must be provided prior to the commencement of construction and completed within two (2) weeks of the completion of the development.**
- 3. The stormwater retention must be permanently maintained in an operative condition to the satisfaction of the local government.**
- 4. The outbuilding is not used for industrial, commercial or habitable purposes.**
- 5. The walls and roof are clad in Colorbond or similar materials to the satisfaction of the local government.**

## **67. Consideration of application by local government**

- (1) Development approval cannot be granted on an application for approval of —
  - (a) development that is a class X use in relation to the zone in which the development is located, unless —
    - (i) the development relates to land that is being used for a non-conforming use; and
    - (ii) the local government considers that the proposed use of the land would be less detrimental than the non-conforming use;
  - or
  - (b) development that otherwise does not comply with a requirement of this Scheme, unless —
    - (i) this Scheme gives the local government discretion to waive or vary the requirement or to grant development approval despite non-compliance with the requirement; or
    - (ii) the development is permitted under a provision of this Scheme in relation to non-conforming uses.
- (2) In considering an application for development approval (other than an application on which approval cannot be granted under subclause (1)), the local government is to have due regard to the following matters to the extent that, in the opinion of the local government, those matters are relevant to the development the subject of the application —
  - (a) the aims and provisions of this Scheme and any other local planning scheme operating within the Scheme area;
  - (b) the requirements of orderly and proper planning including any proposed local planning scheme or amendment to this Scheme that has been advertised under the *Planning and Development (Local Planning Schemes) Regulations 2015* or any other proposed planning instrument that the local government is seriously considering adopting or approving;
  - (c) any approved State planning policy;
  - (d) any environmental protection policy approved under the *Environmental Protection Act 1986* section 31(d);
  - (e) any policy of the Commission;
  - (f) any policy of the State;
  - (fa) any local planning strategy for this Scheme endorsed by the Commission;
  - (g) any local planning policy for the Scheme area;
  - (h) any structure plan or local development plan that relates to the development;
  - (i) any report of the review of the local planning scheme that has been published under the *Planning and Development (Local Planning Schemes) Regulations 2015*;
  - (j) in the case of land reserved under this Scheme, the objectives for the reserve and the additional and permitted uses identified in this Scheme for the reserve;
  - (k) the built heritage conservation of any place that is of cultural significance;
  - (l) the effect of the proposal on the cultural heritage significance of the area in which the development is located;
  - (m) the compatibility of the development with its setting, including —
    - (i) the compatibility of the development with the desired future character of its setting; and

- (ii) the relationship of the development to development on adjoining land or on other land in the locality including, but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the development;
  - (n) the amenity of the locality including the following —
    - (i) environmental impacts of the development;
    - (ii) the character of the locality;
    - (iii) social impacts of the development;
  - (o) the likely effect of the development on the natural environment or water resources and any means that are proposed to protect or to mitigate impacts on the natural environment or the water resource;
  - (p) whether adequate provision has been made for the landscaping of the land to which the application relates and whether any trees or other vegetation on the land should be preserved;
  - (q) the suitability of the land for the development taking into account the possible risk of flooding, tidal inundation, subsidence, landslip, bush fire, soil erosion, land degradation or any other risk;
  - (r) the suitability of the land for the development taking into account the possible risk to human health or safety;
  - (s) the adequacy of —
    - (i) the proposed means of access to and egress from the site; and
    - (ii) arrangements for the loading, unloading, manoeuvring and parking of vehicles;
  - (t) the amount of traffic likely to be generated by the development, particularly in relation to the capacity of the road system in the locality and the probable effect on traffic flow and safety;
  - (u) the availability and adequacy for the development of the following —
    - (i) public transport services;
    - (ii) public utility services;
    - (iii) storage, management and collection of waste;
    - (iv) access for pedestrians and cyclists (including end of trip storage, toilet and shower facilities);
    - (v) access by older people and people with disability;
  - (v) the potential loss of any community service or benefit resulting from the development other than potential loss that may result from economic competition between new and existing businesses;
