POLICY MANUAL

Comprehensive Review May 2024

Policy Manual

This Policy Manual is intended as a guide to Councillors and Staff on the normal practices and activities of Council. The policies and procedures do not require strict adherence, but may be changed as circumstances dictate, and amended at any time by Council.

Staff are expected to use care and discretion in implementing the policies, to ensure the best possible outcome, whether or not a particular incident complies with the stated policy. At the same time, the implementation must be fair, consistent and effective with the emphasis on guidance and assistance rather than legal compulsion/action or inspectorial bias.

1.2 Related Party Disclosures

1. PURPOSE

- 1.1 To ensure that an entity's financial statement contain disclosures necessary to draw attention to the possibility that its financial position and profit or loss may have been affected by the existence of related parties and transactions.

2. SCOPE

- 2.1 This Policy is applicable to the Shire of Pingelly and its operations.

3. DEFINITIONS

- 3.1 For the purposes of determining the application of the standard, the Shire has identified the following persons as meeting the definition of *Related Party*:

- 3.1.1 An elected Council member
- 3.1.2 Key management personnel (KMP) being a person employed under section 5.37 of the Local Government Act 1995 in the capacity of Senior Employee, and the Chief Executive Officer.
- 3.1.3 Close members of the family of any person listed above, including that person's child, spouse or domestic partner, children of a spouse or domestic partner, dependents of that person or person's spouse or domestic partner.
- 3.1.4 Entities that are controlled or jointly controlled by a Council member, KMP or their close family members. (Entities include companies, trusts, joint ventures, partnerships and non-profit associations such as sporting clubs).

- 3.2 The Shire will therefore be required to assess all transactions made with these persons or entities.

4. POLICY STATEMENT

- 4.1 For Related Party Disclosures

- 4.1.1 The scope of AASB 124 *Related Party Disclosures* was extended in July 2015 to include application by not-for-profit entities, including local governments. The operative date for Local Government is 1 July 2016, with the first disclosures to be made in the Financial Statements for year ended 30 June 2017. This procedure outlines required mechanisms to meet the disclosure requirements of AASB 124.

- 4.2 Background

- 4.2.2 The disclosure requirements apply to the existence of relationships regardless of whether a transaction has occurred or not. For each financial year, the Shire must make an informed judgement as to who is considered to be a related party and what transactions need to be considered, when determining if disclosure is required.

- 4.2.3 The purpose of this procedure is to stipulate the information to be requested from related parties to enable an informed judgement to be made.

4.3 Identification of related party transactions

4.3.1 A related party transaction is a transfer of resources, services or obligations between the Shire (reporting entity) and the related party, regardless of whether a price is charged.

4.3.2 For the purposes of determining whether a related party transaction has occurred, the following transactions or provision of services have been identified as meeting these criteria:

- (a) Paying rates
- (b) Fines
- (c) Use of Shire owned facilities such as Recreation Centre, Civic Centre, library, parks, ovals and other public open spaces (whether charged a fee or not)
- (d) Attending council functions that are open to the public
- (e) Employee compensation whether it is for KMP or close family members of KMP
- (f) Application fees paid to the Shire for licenses, approvals or permits
- (g) Lease agreements for housing rental (whether for a Shire owned property or property sub-leased by the Shire through a Real Estate Agent)
- (h) Lease agreements for commercial properties
- (i) Monetary and non-monetary transactions between the Shire and any business or associated entity owned or controlled by the related party (including family) in exchange for goods and/or services provided by/to the Shire (trading arrangement)
- (j) Sale or purchase of any property owned by the Shire, to a person identified above
- (k) Sale or purchase of any property owned by a person identified above, to the Shire
- (l) Loan Arrangements
- (m) Contracts and agreements for construction, consultancy or services

4.3.3 Some of the transactions listed above, occur on terms and conditions no different to those applying to the general public and have been provided in the course of delivering public service objectives. These transactions are those that an ordinary citizen would undertake with council and are referred to as an Ordinary Citizen Transaction (OCT). Where the Shire can determine that an OCT was provided at arm's length, and in similar terms and conditions to other members of the public and that the nature of the transaction is immaterial, no disclosure in the annual financial report will be required.

4.4 Disclosure Requirements

4.4.1 For the purposes of determining relevant transactions in point 2 above, elected Council members and key management personnel as identified above, will be required to complete a *Related Party Disclosures - Declaration* form for submission to financial services.

4.5 Ordinary Citizen Transactions (OCTs)

4.5.1 For the purpose of this Policy, an Ordinary Citizen Transaction is one that

occurs between the Shire and/or related parties which satisfy the following criteria. The transaction must:

- a) occur during the normal course of the Shire delivering its public service goals;
- b) be under the same terms that would be available to a member of the community; and
- c) belong to a class of transaction that an ordinary member of the community would normally transact with the Shire.

4.5.2 This includes for example facility hire, and the payment of rates and dog registrations.

4.5.3 There is no obligation to disclose Ordinary Citizen Transactions. Transactions between the City and Related Parties that would normally be considered Ordinary Citizen Transactions but where the terms and conditions differ from normal practice, however, must be disclosed.

4.6 All other transactions

4.6.1 For all other transactions listed in point 4.6 above, elected Council members and KMP will be required to make a declaration.

4.7 Frequency of Disclosures

4.7.1 Elected Council members and KMP will be required to complete a *Related Party Disclosures- Declaration* form every 6 months i.e. 30 June and 31 December every year.

4.7.2 Disclosures must be made by all Councillors immediately prior to any ordinary or extraordinary election. Disclosures must be made immediately prior to the termination of employment of/by a KMP.

4.8 Confidentiality

4.8.1 All information contained in a disclosure return, will be treated in confidence. Generally, related party disclosures in the annual financial reports are reported in aggregate and as such, individuals are not specifically identified. Notwithstanding, management is required to exercise judgement in determining the level of detail to be disclosed based on the nature of a transaction or collective transactions and materiality. Individuals may be specifically identified if the disclosure requirements of AASB 124 so demands.

4.9 Materiality

4.9.1 Management will apply professional judgement to assess the materiality of transactions disclosed by related parties and their subsequent inclusion in the financial statements. In assessing materiality, management will consider both the size and nature of the transaction, individually and collectively.

The Sponsor must be a responsible and reputable organisation whose name and identity would enhance the Sponsored Event.

Guideline 2: Shire's reputation and standing

The Sponsorship should enhance the public image of the Shire, and its reputation and standing. There should not be any risk to the Shire's reputation and standing arising from the Sponsor's identity, the identity of its affiliates, or the Sponsorship. Organisations that sell or promote tobacco or alcohol shall not be considered as potential sponsors.

Guideline 3: No conflict of interest

There should not be any conflict of interest, nor any perceived conflict of interest between the Sponsor and the Shire. Sponsorship arrangements should be avoided where there is clearly a conflict between the objectives and mission of the Shire and its respective activities and those of the Sponsor.

Guideline 4: No negative impact.

Sponsorship arrangements shall not be entered into which could limit the Shire's ability to carry out its functions fully and impartially.

All sponsorship agreements will positively state that the Shire's functions will continue to be carried out fully and impartially, notwithstanding the existence of a sponsorship arrangement. Sponsorship agreements will clearly describe the process and possible consequences of any sponsorship related impacts on Shire's responsibilities (including, a statement to the effect that any attempted influence of the sponsored functions will result in an automatic review and/or termination of the sponsorship arrangement).

Guideline 5 – No explicit endorsement

Sponsorship of the Shire activities, events or assets will not involve explicit endorsement of the sponsor or the sponsor's products. Strong implicit endorsement of a sponsor's product will be avoided. Sponsorship agreements shall specifically state where the Sponsor's product(s) or name can be used.

Guideline 6: Benefit of Sponsorship

The specific sponsorship that is proposed should benefit the Pingelly community and the Sponsored Event. It is inappropriate for any Councillors or employee of the Shire to receive a personal benefit from a sponsor/sponsorship.

Where a benefit is provided by a sponsor on a corporate basis (such as cash payment for, or in-kind provision of hospitality at a conference), there shall be no perception of personal benefit being given to a member of Staff or Council as an individual.

Guideline 7: Appropriateness of Obligations

The Shire's obligations because of the Sponsorship need to be assessed, including:

1. Does the Shire have the capacity and capability to complete the obligations?
2. Will the Shire have the resources to complete the obligations?
3. What are the risks to the Shire in relation to the obligations, and how will they be mitigated?

Guideline 8: Local preference; No favouritism

The Shire will endeavour to offer local organisations the opportunity to be a sponsor before extending the offer to other organisations. Excluding local preference; the Shire must not favour a sponsor in a particular industry sector to the exclusion of its competitors but will use reasonable efforts to offer the opportunity to sponsor fairly without favouritism.

Guideline 9: A Business Approach

The Shire will apply a business approach to offering sponsorship opportunities, and to the negotiation of the commercial terms of sponsorship. The sponsorship benefits to be received by the Sponsor should correspond with the level of benefit which is received by the Shire from the Sponsor.

12.19 Roadside Memorials

1. PURPOSE

- 1.1 To outline the Shire's Policy on roadside memorials.
- 1.2 The Shire of Pingelly's overall objective is to respect people's grief and ensure the road environment is safe for all road users.

2. SCOPE

- 2.1 This Policy is applicable to the Shire of Pingelly and its operations.

3. DEFINITIONS

- 3.1 A roadside memorial can be described as an object or image constructed, erected, planted, painted or placed within the road reserve in honour of family or friends whose lives have been lost on the road or road reserve.

4. POLICY STATEMENT

- 4.1 Every year, too many people lose their lives on Western Australian roads. Frequently, family and friends have chosen to honour their memories by erecting some type of roadside memorial.
- 4.2 Memorials at fatal crash sites provide a means for assisting people to grieve for their loved ones as well as serving as a visual deterrent to road users, delivering a powerful road safety message. The Shire of Pingelly respects the need for people to erect roadside memorials, but it must also provide a safe and efficient road network to all road users to meet its obligations under the *Main Roads Act 1930*. To do this the Shire of Pingelly needs to consider potential safety hazards including visual distractions to motorists, physical objects that could harm road users and the possible movement of personal items onto the road. The Shire of Pingelly also needs to consider the safety of pedestrians in close proximity to fast moving vehicles.
- 4.3 This policy has been developed in consultation with the community and various interest groups. It has been prepared to inform the public and contractors of the types of roadside memorials approved and supplied by the Shire of Pingelly on local roads throughout the Shire of Pingelly. It also outlines how the Shire of Pingelly will arrange the installation and ongoing management of roadside memorials.
- 4.4 The Shire of Pingelly has an obligation to provide a safe and efficient road network. The Shire of Pingelly will:
 - 4.4.1 Be considerate and respectful of the needs of persons wishing to install roadside memorials;
 - 4.4.2 Approve the placement of roadside memorials;
 - 4.4.3 Supply roadside memorials (as defined in section 4.3);
 - 4.4.4 Install or assist in the installation of roadside memorials at suitable locations as detailed in the guidelines attached to this policy;
 - 4.4.5 Not accept responsibility for the security or maintenance of roadside memorials;

- 4.4.6 Remove any roadside memorials not conforming to this policy;
- 4.4.7 Not approve or provide roadside memorials for animals; and
- 4.4.8 Will only approve or provide roadside memorials for accident sites where fatalities have occurred.

4.5 **Requests for Roadside Memorials**

When touched by tragedy, family and friends find a roadside memorial can help comfort and heal, as it provides a tangible record of a life lived and serves as a reminder to the community to drive carefully. Where requests are received, the Shire of Pingelly can provide support to family and friends by assisting them to understand the requirements of this policy and install or assist in the installation of a suitable roadside memorial at the safest location. It should be noted that this policy is intended to provide guidance to Shire of Pingelly Staff and each case should be dealt with on an individual basis.

- 4.6 The Shire of Pingelly's foremost concern is that all road users are provided with a safe road environment and that family and friends, and the road user are safe whilst a road side memorial is being erected, visited, or is being maintained. It is important that family and friends park their vehicles safely and clear of the road while attending the roadside memorial.

4.7 **Recording Requests for Roadside Memorials**

The Shire of Pingelly will maintain a record of requests for roadside memorials. The details will be documented so the person/s responsible for the roadside memorial can be contacted if necessary.

4.8 **Memorial Requirements to Maximise Road Safety**

The Shire of Pingelly will approve, supply and assist with the installation of a cross, paver, or decal as per the specifications in section 4.3.1, depending on the family and/or friends preference. Alternatively, the applicant may purchase a plant compliant with the Shire of Pingelly's guidelines and the Shire of Pingelly will subsidise the purchase up to \$50 and assist with the installation.

4.9 **Roadside Memorials – Types and Structure**

In consideration of safety to all, the following specifications are recommended. If unsure, please contact the Shire of Pingelly. These specifications should be used as a guide only. Common sense should prevail when assessing specific locations for placement of roadside memorials.

4.10 Memorial Options

If a cross is not suitable, please contact the Shire of Pingelly to discuss alternative options.

4.11 Memorabilia and Personalisation

The Shire of Pingelly understands that personalising a memorial may provide comfort to families and friends of people who have lost their lives on the road. In the interest of preserving safety for all, items such as flowers, toys and other personal effects must be firmly secured to the memorial. Where possible, memorabilia should not exceed the dimensions outlined in the memorial requirements, the reason being that such items may be a visual distraction to road

users. Physical objects could harm road users and the possible movement of personal items onto the road could be a potential road safety hazard. Only one (1) roadside memorial shall be allowed per life lost.

4.12 Some items that are a safety hazard and should not be used include:

4.12.1 Reflective material such as foil and cellophane

4.12.2 Solar lights

4.12.3 Rocks, bricks or other non-frangible items

4.13 Personalisation of crosses should be limited to non-reflective material.

A Shire of Pingelly representative will assist in the installation of approved roadside memorials as detailed in section 4.3.1. The Shire of Pingelly will ensure its placements in accordance with the Shire of Pingelly's standards and requirements and most importantly take into consideration the safety of road users. The Shire of Pingelly will consider safety issues such as where the road geometry is less than optimum i.e. roadcrests, bends and high-speed locations.

4.15 Maintenance of Roadside Memorials

The road reserve is maintained by the Shire of Pingelly. The Shire of Pingelly does not accept responsibility for the loss or damage of roadside memorials that may occur due to vandalism. The Shire of Pingelly will as part of its regular maintenance program, report on memorials on its network which have been subject to vandalism or are in a significant state of disrepair.

4.16 If the condition of a memorial has deteriorated, or after a period of five years, the Shire of Pingelly will endeavour to contact the owners of a memorial to discuss its condition and to confirm their wish for the memorial to remain in place.

4.17 Visiting a Roadside Memorial

The Shire of Pingelly is concerned for the safety of people who visit roadside memorials. They may expose themselves and other road users to safety risks. If people visit roadside memorials, they must understand that roadsides can be hazardous locations and take appropriate precautions. The Shire of Pingelly can provide advice as to what precautionary steps may be taken to maintain a safe environment.

4.18 Roadworks / Maintenance Near Approved Roadside Memorials

The Shire of Pingelly will continue to perform all construction and maintenance works required within road reserves that contain roadside memorials.

4.19 Where works are required to the ground on which an approved roadside memorial is located, the memorial will be carefully shifted away from the work area for the duration of works and then re-installed as close as practical to the original location at the conclusion of works unless otherwise advised by the memorial owner. Care will be taken to minimise damage to the roadside memorial.

4.20 For unregistered memorials, the Shire of Pingelly will make every effort to locate the owners of the memorial before the removal, which may include placing a notice on the memorial prior to removal for roadworks to take place. The Shire of Pingelly will store these removed memorials for 4 months or the period of the road works (whichever is the greater).

4.21 Roadside Memorial Removal Procedure

One of the Shire of Pingelly's key objectives is to maximise road safety on Western Australian roads. Any roadside memorial presenting a safety hazard will be

removed without notice. Every effort will be made to contact the responsible person/s regarding the removal of the roadside memorial.

4.22 Person/s responsible for roadside memorials that comply with section 4.3 but require removal because of their poor state of repair or concerns raised by the local community, shall be contacted by the Shire of Pingelly. If the Shire of Pingelly is unsuccessful in contacting the appropriate person, a notice will be attached to the memorial asking the person who has placed, or requested the placement of the memorial, to contact the Shire of Pingelly within 60 days.

4.23 If the Shire of Pingelly is not contacted within the given timeframe, the roadside memorial will be removed. The Shire of Pingelly will store the removed roadside memorial for a period of 4 months.

4.24 Existing Memorials

The Shire of Pingelly will treat all existing roadside memorials in a sensitive manner and will address each one on an individual basis with the aim of making all roadside memorials compliant with this policy.

- 4.5 Beautification of street verges carried out in line with these guidelines do not require approval from the Shire.
- 4.6 The Shire recommends you discuss your verge design with neighbours prior to commencing any works, to identify any potential issues that may arise.
- 4.7 Prior to commencing any work on the verge, it is advised to contact 'Dial Before You Dig' to ascertain what, if any services, including Telstra, Water Corporation, Western Power and NBN cables, are located within the verge and to ensure that the depth of the services is sufficient to carry out the proposed works safely.
- 4.8 Any works carried out on the verge by the resident, that results in damage or disruption to the services will need to be reinstated at the resident's full cost.
- 4.9 The Shire strongly encourages the use of Waterwise plants, in particular natives, for planting on verges due to their ability to survive hot dry summers with little to no supplementary water. This information is available on the Water Corporation of WA website – Waterwise Plants Directory.
- 4.10 Subject to budgetary constraints, Waterwise native plants can be purchased through the Shire at subsidised prices. Orders for native plant are to be forwarded to the Shire Natural Resource Management Officer by 1 April each year and further information can be obtained by contacting the Shire.
- 4.11 Plant species selected for the verge should not be prickly, have spines or be known to be poisonous or cause allergic reactions. Plants that bear fruit should be maintained and the fruit harvested to ensure excess or rotting fruit does not pose a hazard or nuisance to pedestrians, cyclists or motorists.
- 4.12 All plants should be maintained to ensure clear lines of sight for pedestrians, cyclists and motorists are provided at all times.
- 4.13 Turfing of verges is permitted however in the interests of saving our precious water resources and reducing fertiliser run-off, alternative options are encouraged. Should turfing be required, it is recommended that a hardy low maintenance turf developed for Australian conditions be laid.
- 4.14 In addition to verge gardens and lawn, there are a number of permissible landscaping features that may be installed within the verge. The installation of these features must be setback from and provide clear access to any infrastructure such as, power poles and underground services.
- 4.15 The installation must also maintain safe access for pedestrians and cyclists and must be setback from footpaths, kerbs and vehicular crossings in accordance with these guidelines so as to not obscure or intrude into sightlines and maintain safe access for pedestrians and cyclists.

- h) Only solar lighting is permitted in the verge area.

- 4.18 The Shire encourages the installation of Waterwise verge gardens that conserve water eliminating the need for permanent reticulation. If reticulation is to be installed, sub-surface drip irrigation is recommended as the most water efficient reticulation type suited to the exposed conditions typical on the verge area.
- 4.19 If required, slow release fertilisers are recommended for use on all verge beautification treatments, however their use should be carefully monitored and particular care should be undertaken when applying fertiliser to ensure that granules or residues do not enter the local drainage system.
- 4.20 Mulching of the verge area is encouraged to reduce plant stress, suppress weed growth and reduce moisture evaporation from the soil.
- 4.21 Mulch should be installed approximately 5-10cm thick and the finished level must sit just below the adjoining kerbs, footpaths and crossovers. This will prevent the mulch from spreading beyond the verge area, flowing into drainage systems and/or creating a hazard.

- 4.25 Where the level of a kerb or footpath has been changed or the level of the verge is considered to pose a safety problem the Shire will:
- 4.25.1 Establish a properly levelled verge by undertaking the grading or filling of verges evenly between the property line and street kerb;
 - 4.25.2 Take all reasonable actions to replace any lawns and/or plants where the level has been changed by the Shire.
 - 4.25.3 Where the level of a kerb has not been changed the Shire will establish a properly levelled verge by undertaking the grading or filling of verges evenly between the property line and the street kerb. Where it is necessary to remove or cover lawn to affect the levelling, the lawn will not be replanted by the Shire. Such work will only be undertaken after written request from the adjoining property owner.

- 4.25.4 The service is not provided as a top dressing for street lawns, nor will the Shire assist with excavating verges below the kerb level to facilitate paving of verges.
- 4.26 Verges along all Shire roads shall be maintained/mowed by the adjacent owner/occupier. The shire may direct the adjacent owner/occupier to conduct additional maintenance, where in the opinion of the Chief Executive Officer, the verge represents either a:
- 4.26.1 Fire hazard;
 - 4.26.2 Visibility problem;
 - 4.26.3 Safety issue; or
 - 4.26.4 In a neglected state.
- 4.27 Cleaning of litter and removal of the build-up of leaves and grass clippings not associated with shire owned property from the verge is the responsibility of the adjacent owner/occupier

- 4.33 Plant species are to be approved by the Executive Manager Works and must not exceed a height of 1.2 metres above ground level. Alternatively, trees in pots may be approved where the bottom of the canopy has a minimum 1.5m clearance to the footpath and is not more than 300mm wider than the container and should not obstruct parking signs. The plants must be maintained in a healthy, tidy condition at all times, and all maintenance is the responsibility of the property owners/occupants. No drainage or other discharges from the containers are to flow across the footpath or stain the pavement in any way. No poisonous, prickly or other harmful plants are to be used and maintenance procedures should not interfere with pedestrians at any time.
- 4.34 Plant containers must:

- 4.40 The Shire will consider on its merits any application for a memorial plaque or slab to be included in a footpath within the Shire. The criteria to be considered shall include:
- 4.40.1 The person or event, subject of the memorial, shall have made a significant contribution to the development of the Shire or the State, or some major contribution to a social welfare or community or public organisation.
 - 4.40.2 Comments received from the Heritage Council, West Australian Historical Society or other relevant organisation.
- 4.41 The sponsor may be identified either by words or a logo, provided that this identification does not exceed an area of 75mm by 25mm.
- 4.42 The location of the plaque or slab shall be at the discretion of the Shire which may consider in considering the application, the nature of work undertaken by the person, subject of the memorial.
