Summary:

Council to consider adopting the Marketing Strategy and Engagement Strategy.

Background:

The Corporate Business Plan identifies a number of different strategies and plans to be developed in relation to communication. These include the development of a Communications Plan (Action 5.1.3.2), a Community Engagement Strategy (Action 5.1.2.1) and a Promotional Package for Pingelly (Action 1.1.2.1). The Communications Plan has been developed and adopted.

Following a community perception survey, Council determined 5 key priorities, the first of which is to:

'Consider what makes Pingelly special and unique; create suitable branding in accordance with our unique identity; develop investment prospectus'; and market the town to attract people to live, work, visit and invest.'

Comment:

Following this strategic direction, the Shire engaged Wanderlust Communications to prepare a Marketing Strategy and an Engagement Strategy.

Together with the Communications Plan, these strategies fit into the below overall framework:

- The Communications Plan guides how and when the Shire communicates with our community on particular issues/projects.
- The Engagement Strategy looks at the Shire's communication with our community more strategically and makes recommendations aimed at increasing the reach of the Shire's messages making the Shire's communications more effective.
- The Marketing Strategy looks at the promotion of Pingelly outside of our community.
 This includes the consideration of what makes Pingelly special and unique, creating
 suitable branding and guiding the marketing of the town. It does not include the
 development of investment prospectus'.

These plans are for internal use, but are not confidential.

Consultation:

Wanderlust Communications examined results of the Pingelly Perception Survey, conducted a brief online survey and liaised with Localise who is currently developing the Arts and Culture Framework.

Shire of Pingelly

MARKETING STRATEGY

2023

Introduction

This marketing strategy is the basis for all communications activity for the Shire of Pingelly in 2023 and beyond. The strategy outlines the community perceptions of the Shire, the strengths, weaknesses, opportunities and threats, the USPs, content pillars and marketing channels to utilise. A full 12-month <u>marketing calendar template can be found here</u>. This strategy should be implemented alongside the <u>community engagement strategy</u>, also found here.

Community survey

To understand how locals currently perceive Pingelly, we ran a survey to ask people's opinions on the Shire, and why they think people would visit.

The survey highlighted lots of similar points, mainly focused on the history, heritage and natural beauty of Pingelly. Many people also described the town as friendly and clean, with great events.

This survey was only answered by a small sample, so we would suggest trying to get more input from the community, however, it gives a great starting point for uncovering Pingelly's USP.

These keywords and phrases pulled from the surveys allow us to create content pillars and key focus areas for Pingelly, especially when deciding on the unique selling point of why people should visit. The full survey results can be found here.

A good strong community with lots of support and a willingness to move forward.

The heart of the Wheatbelt.

Business Opportunities

Pingelly is in its infancy as a destination, and as such, needs to build its presence in the market. With limited tours, attractions, accommodation, and food and beverage options, Pingelly's main opportunity is to work with other surrounding areas to create a new sub-region or trail that draws together multiple destinations - maximizing the appeal for people to travel.

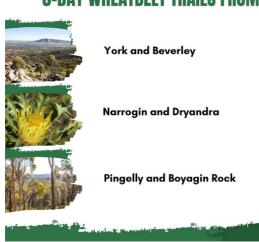

Trails from Perth

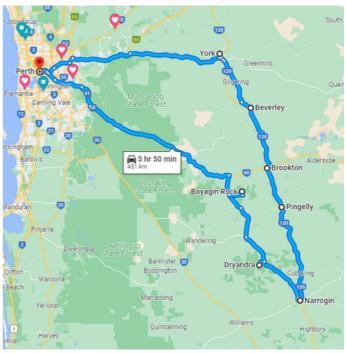

A dedicated trail would combine numerous attractions, events, and things to do into one road trip from Perth. This creates a reason to travel, explains how to do it, and why now's a great time to explore the region on a Wheatbelt Weekend. By utilising natural assets like hiking trails, camp spots, wildflowers, canola fields, and stargazing, the Shire of Pingelly can start to attract visitors from Perth as well as people just travelling through.

This allows for further distribution, and to add more colour, photos, videos and hyperlinks to relevant pages on the website.

Utilise the town's digital signage board throughout the year. At the start of each month, prepare messaging for;

- Upcoming events
- Seasonal changes
- Animated welcome sign

- Important weather messaging

WORKSHOPS

Gather the community together face to face for important issues and discussions. This is a good opportunity to find out what people think and feel, and ensure they feel like part of the decision making process.

PARTNERSHIPS

Encouraging local/nearby businesses to engage with the Shire.

Reach out to larger agricultural businesses for support for future events and campaigns. A opportunity to build relationships and funding.

FLYERS

Door drops of upcoming events. This can be done via Australia Post, or in-person for a chance to engage face-to-face with the locals.

SURVEYS

Use Survey Monkey or Google Documents to send surveys to the community to get their thoughts on projects. These can be distributed via social media, the Pingelly Times and on the website. In addition to the biannual survey, also ask opinion on other big matters.

FACEBOOK PAGE

Build on the community following by regularly sharing video content.

Utilise Facebook features such as live posts to communicate with your community in real-time. For example, host a 'live session' for weekly or monthly announcements or live stream council meetings.

Set a coherent tone of voice and brand guidelines for the Shire of Pingelly so all social media posts and designs are familiar to users.

EMAIL

Start communicating with the community via email to share news, events and updates.

Email lists should be created to categorise people and allow them to sign up for things that interest them ie youth, general news, sports.

PANELS

Create community and project panels to help manage and liase with the community on set-piece activity for example the Town Hall project, or the Youth group.

WEBSITE

The website should be a complete portal for residents to find everything they need to know about Pingelly.

Update the 'What's on page' to ensure it's always accurate.

Update the website with any new imagery from UGC / Competitions

Adding a blog to the website will allow for sharing fresh, rich content and highlight important topics.

All land except exempt land in the Shire of Pingelly is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2021/22 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

The above ratios are calculated as follows:

Current Ratio

(Current Assets MINUS Restricted Assets)
(Current Liabilities MINUS Liabilities Associated with Restricted Assets)

Purpose:

This is a modified commercial ratio designed to focus on the liquidity position of a local government that has arisen from past year's transactions.

Standards:

The standard is not met if the ratio is lower than 1:1 (less than 100%) The standard is met if the ratio is greater than 1:1 (100% or greater)

Below Std Std met

A ratio less than 1:1 means that a local government does not have

sufficient assets that can be quickly converted into cash to meet its immediate cash commitments. This may arise from a budget deficit from the past year, a Council decision to operate an overdraft or a decision to fund leave entitlements from next year's revenues.

Operating Surplus Ratio

(Operating Revenue MINUS Operating Expense)
(Own Source Operating Revenue)

Purpose:

This ratio is a measure of a local government's ability to cover its operational costs and have revenues available for capital funding or other purposes.

Summary

Council is requested to consider the Revegetation Planning and Methodology Guidelines against items in the Corporate Business Plan: 4.3.4.1 to develop an endemic species list, and 4.3.4.2 identify suppliers of endemic species.

Background

In July 2021 the Shire of Pingelly adopted the Corporate Business Plan 2021-2025 which included two actions under the Strategic Community Plan 4.3.4 to use wherever possible, locally sourced seeds and plants. These two actions were 4.3.4.1 to develop an endemic species list, and 4.3.4.2 identify suppliers of endemic species.

In 2022 the Shire of Pingelly engaged Wheatbelt Revegetation and Carbon to produce supporting documents and an initial report was submitted to Council in October 2022 for feedback. Based on this feedback the outcome was to design a methodology framework for revegetation project planning incorporating timeframe and necessary considerations such as timeframes for ordering and planning, required permits, and shortlisted species list supplied by nurseries where local seed collection isn't the preferred methodology.

Comment

The attached Pingelly Revegetation Planning and Methodology Guidelines breaks down revegetation projects into different methodologies and lists the required timeframes and steps for each one including required permits and assists in species selection by including information such as cross-referencing commonly available endemic species and the pre-European vegetation association appropriate to specific areas within Pingelly.
