Council Minutes

Shire of Pingelly

Ordinary Council Meeting

Wednesday 19 February 2025

Pingelly, positive by nature. Let's grow together!

Risk Framework

Consequence Rating

Impact	Health	Financial	Service Interruption	Compliance	Reputational	Property	Environment
Insignificant	Negligible injuries	Less than \$2,000	No material service interruption	No noticeable regulatory / statutory impact	Low impact, single complaint, low profile or 'no news' item	Inconsequential or no damage	Contained, reversible impact managed on site response
Minor	First aid injuries	\$2,001 - \$10,000	Short term temporary interruption – backlog cleared < 1 day	Some temporary non-compliance	Low impact, a small number of complaints	Localised damage rectified by routine internal procedures	Contained, reversible impact managed by internal response
Moderate	Medical type injuries <5 days	\$10,001 - \$50,000	Medium term temporary interruption – backlog cleared by additional resources < 1 week	Short term non-compliance but with significant regulatory requirements imposed	Public embarrassment, moderate impact, low or moderate news profile	Localised damage requiring external resources to rectify	Contained, reversible impact managed by external agencies
Major	Lost time injury >5 days	\$50,001 - \$200,000	Prolonged interruption of services – additional resources; performance affected < 1 month	Non-compliance results in termination of services or imposed penalties	Public embarrassment, high impact, high news profile, third party actions	Significant damage requiring internal & external resources to rectify	Uncontained, reversible impact managed by a coordinated response from external agencies
Catastrophic	Fatality, permanent disability	More than \$200,000	Indeterminate prolonged interruption – non-performance > 1 month	Non-compliance results in litigation, criminal charges or significant damages	Public embarrassment, very high multiple impacts, high widespread multiple news profile, third party actions	Extensive damage requiring prolonged period of restitution. Complete loss of property	Uncontained, irreversible impact

Likelihood Rating

	Description
Almost Certain	The event is expected to occur in most circumstances > once per year > 90% chance of occurring
Likely	The event will probably occur in most circumstances At least once per year 60% - 90% chance of occurring
Possible	The event should occur at some time At least once in 3 years 40% - 60% chance of occurring
Unlikely	The event could occur at some time At least once in 3 years 10% - 40% chance of occurring
Rare	The event may only occur in exceptional circumstances Less than once in 15 years < 10% chance of occurring

Risk Matrix

Consequence Likelihood	Insignificant	Minor	Moderate	Major	Catastrophic
Almost Certain	M (5)	H (10)	H (15)	E (20)	E (25)
Likely	L (4)	M (8)	H (12)	H (16)	E (20)
Possible	L (3)	M (6)	M (9)	H (12)	H (15)
Unlikely	L (2)	L (4)	M (6)	M (8)	H (10)
Rare	L (1)	L (2)	L (4)	L (4)	M (5)

Risk Acceptance Criteria

	Description	Criteria	Responsibility
Low (L)	Acceptable	Acceptable with adequate controls, managed by routine procedures and subject to annual monitoring	Staff Member
Moderate (M)	Monitor	Acceptable with adequate controls, managed by specific procedures, subject to semi-annual monitoring	Senior Manager
High (H)	Urgent action	Acceptable with effective controls, managed by senior management, subject to monthly monitoring	Senior Manager
Extreme (E)	Unacceptable	Only acceptable with excellent controls and all treatment plans to be explored and implemented where possible, managed by the CEO and subject to continuous monitoring	CEO

1. DECLARATION OF OPENING / ANNOUNCEMENT OF VISITORS

The Chairman declared the meeting open at 2.09pm.

2. ACKNOWLEDGEMENT OF COUNTRY

We acknowledge the Willman Noongar people of this area and recognise their continuing connection to land, waters and community. We pay respect to Elders past, present and emerging.

3. ANNOUNCEMENTS BY THE PRESIDING MEMBER

Please turn your mobile phones to silent, any calls are to be taken outside of the Chambers.

Thank you.

Welcome everyone to the 2025 New Year. I am looking forward to a successful productive year from everyone.

Welcome to the Shire of Pingelly Member Mr Charlie Brown. Please introduce yourself. Mr Charlie Brown is the accountant for the Shire of Pingelly.

Mr Charlie Brown introduced himself to the Council and community. Local Government experience since 1974, and previously worked with the Shire of Pingelly in 2003 covering a staff member on maternity leave. Extremely experienced in local government and many shires. Look forward to working with you all.

Council welcomes Charlie to the team.

5. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Nil

6. PUBLIC QUESTION TIME

Please see Public Question Time Information on page 3.

Ms Leona Ebsworth is welcomed to the Podium.

Leona Ebsworth

Q1: How much is the pool warming quote?

Re: One quote for solar heating has been received. A second quotation has not been received as yet. The price is commercially confidential and is substantial. Any decision on this will be considered as part of the budget for the new financial year.

Q2: More shelter requested over concrete seating. PTG can put this up, Shire to supply?

R: There are a number of improvements to be completed at the pool. Most significantly, work to the pool bowl is urgently needed to ensure that the pool's integrity is maintained and to fix the leaks. We will consider additional shelter at the pool as part of the budget for the new financial year.

Q3: Other districts using our facilities to pay more, i.e. Pool and oval, to help with cost of upkeep?

R: Charging visitors more to use our facilities is not anticipated to generate significantly greater income and would discourage visitors from coming to Pingelly, impacting our shops and hotels. It also would be difficult to implement, particularly when compared with the amount of money which would be raised. Shire facilities such as the pool and oval are heavily subsidised. The income earned is very small in comparison to the operational costs.

Q4: Can a letter be sent to Pingelly Transport to go around edge of town not turn up and down Park Street? Surely, they should know better.

R: The Shire recognises the issue being it's on a hill and passes the school. We are trying to reconstruct Belfour Street to Aviation Street to remove the trucks from this part of town. This is a long-term solution. We can have a talk with the Pingelly Transport to discuss further.

Q5: Can you please explain how a public meeting is called to "discuss" the water shortage problem, but a decision was already made with no other options talked about?

R: A Special Council Meeting was called 'for Council to consider a backup water system to maintain the town oval to a standard that meets community expectations.' This meeting was a meeting of Councillors to consider this one very specific matter. While the public were invited to observe our meeting, it was not a "public meeting".

Q6: Are we losing our Tip shop and if yes why? Other Shires have one and a fabulous one at that.

R: There have been quite a number of break ins at the tip over the last number of months – in one weekend, there were at least 5 break ins. These break ins have been to steal from the tip shop and so a new approach has been taken. It has been very noticeable that several people would come during the day and look at items and then we suspect that it is the same people who cut the fence and take those items later that evening when the tip has closed.

Items that are considered to have value – i.e. those that previously were sold at the tip shop will now be donated to the op shop or other outlets. This new approach just means that the point of sale for these items moves from the tip to another outlet.

Council thanks Ms Leona Ebsworth for her questions. Ms Ebsworth takes a seat.

Council welcome Lee Steel to the podium.

Lee Steel

Q7: What processes do the Shire have in place and what is the Shire communication policy, to ensure that they are being respectful to people who contact the shire?

R: Question is taken on notice.

Q8: I note that in 2024 Council advised community that there is an accepted formulae to determine which roads are most important and therefore should be prioritised to receive funding. With this

comment in mind, can you explain the Council's decision to include lay people / resident of Pingelly to provide input into the road plan, and particularly the prioritising of road maintenance. What is expected to be achieved by have unskilled lay people giving advice when there is are paid professions who are qualified to provide advice to Council?

R: This was effective in the Shire of Woodanilling. Roads are assessed on local knowledge, future works and future projects. The formula to distribute the funding combined with input from the community effectively prioritise roads in order to fairly distribute the funding. This was a fair system were everyone has their say.

Q9: Terms of reference?

R: It will be simply an advisory group.

Q10: Regarding the current financial year, can you advise how much the budget was for the Christmas Village project including staff wages to date.

R: Question is taken on Notice.

Q11: I note that Council approved a recent cost to water supply to oval and approximately annual expense. As the Christmas Village project is as a long-term project to grow Pingelly socially and economically. Am I correct in assuming similar happened and that councillors are aware the average annual costs will continue to be?

R: The Christmas Village budget is determined at the budget stage. It has a general budget plan and is not locked into the budget cycle.

Q12: Do you currently or are you intending to place dollars in a reserve fund so that maintenance and replacement can happen to existing display items?

R: Its not part of the reserve. What we have been doing is buying a number of times that are designed for the long term, generally at a higher cost, and other items that are cheaper for the short term.

Q13: What level of ratepayer dollars needs to be spent on a long-term project before you as a Council need to do a genuine review to determine if it is a good spend and value for money?

R: A genuine review has been conducted. That information you are referring to is local data and is very reliable, and industry recognised. There is a high level of certainty with that information.

Q14: Councils policy manual refers to the community member of the year however I assume some time ago Councillors approved converting it to a general community service award. What Councillors' rationale for this change or was it done so that non-local residents could be nominated?

R: Nominating non-locals for the award was not part of the discussion when the policy was amended. The policy is the overall guiding document which overrides the application form in the case of any discrepancies as it has been adopted by Council. The policy states that the person has to have an association with Pingelly, not be a resident.

Q15: I struggle to understand how Councillors measured an individuals worth against a community group consisting of multiple members and a local persons contribution as opposed to non-local. Can you advise the criteria used by councillors to choose the award recipients?

R: This was a difficult decision. We intend to review the Council Awards and see if we can see the criteria and make amendments to make it more fair regarding individual v community groups.

Q16: Can you advise the minutes from the 2025 General Electors Meeting will be placed online for residence to view?

R: Within the month.

Lee steel takes a seat and Council welcome Jenni Borg to the podium.

Q17: As per discussion in the November meeting, I am enquiring about my road. You stated my road would be done before Christmas.

R: I did not state it would be done before Christmas. We are doing Wickepin-Pingelly Road and works would be done at the completion of this project. As soon as all the plant is used on Wickepin-Pingelly Road. Expect gravel to be there shortly. We are also doing this on Raglan.

Jenni Borg: You are a liar.

President calls point of order. This is public question time, not an opportunity for public to attack the staff. All issues should be made through the CEO.

Q18: The house that burnt down out of town, when is this going to be addressed? It has asbestos.

R: This is a question for the landowner. This is not Shire property. The landowner is the first person responsible for any contamination. I have not been advised of asbestos on this property previously.

Council asks members of the public to please consider submitting questions in writing so that the questions can be addressed within the Council meeting. Thank you, Jenni Borg.

 - Senior of the Year – Pingelly Stay Active
 - Youth of the Year – Lily Spencer

14. OFFICE OF THE CHIEF EXECUTIVE OFFICER

14.1. Council Delegates to Council Committee and Various External Committees

File Reference:	ADM0008
Location:	Not Applicable
Applicant:	Not Applicable
Author:	Governance and Executive Officer
Disclosure of Interest:	Nil
Attachments:	Nil
Previous Reference:	Nil

Summary

Council to consider appointing a member to various committees following Cr Narducci's resignation.

Background

Council has a number of delegates on council committees and external committees. These committees and their delegates are listed in this agenda at item 12.1 and 12.2. The purpose of these delegates is to provide representation from Council on the committee and to report back to Council regarding any decisions made by the committee. These delegates are not empowered to make decision or commitments on behalf of Council.

Comment

Following the recent resignation of Councillor Peter Narducci, vacancies have arisen in Council's representation on a council committee and of several external committees. As outlined in items 12.1 and 12.2 of this agenda, Council appoints delegates to these committees to ensure ongoing representation and communication between Council and external organisations.

The role of these delegates is to attend meetings, provide updates to Council, and relay relevant information; however, they do not have the authority to make decisions or commitments on behalf of Council.

To maintain effective engagement with these committees and demonstrate Council's ongoing commitment to external collaboration, it is necessary to appoint new delegates to fill the vacancies. Council is therefore required to consider and nominate representatives for the below listed external committees.

- | | |
|---|------------|
| • Bush Fire Advisory Committee | - Member |
| • Development Assessment Panel | - Delegate |
| • Pingelly Tourism Group | - Delegate |
| • Pingelly Youth Network Committee | - Delegate |
| • Pingelly Community Wellbeing Plan Working Group Committee | - Delegate |

14.2. Road Closure – Section of Walton Street, Pingelly WA 6308

File Reference:	ADM0377
Location:	Not Applicable
Applicant:	Not Applicable
Author:	Governance and Executive Officer
Disclosure of Interest:	Nil
Attachments:	Public Notice
Previous Reference:	Nil

Summary

Council is requested to consider permanently closing the section of Walton Street, between Palace Street and Eliot Street in Pingelly.

Background

The Shire of Pingelly has received a request to permanently close a section of Walton Street, between Palace Street and Eliot Street. For Council to consider this request, several procedural steps must be undertaken in accordance with legislative requirements. These include:

- Advertising the proposed road closure for a minimum of 35 days to invite public submissions.
- A formal Council resolution to approve the closure.
- Submitting an application to the Minister for Lands to formally close the road.
- Facilitating the acquisition of the land from the Department of Planning, Lands and Heritage (DPLH).

For a prospective purchaser to acquire the land from the Department of Planning, Lands and Heritage (DPLH), they must submit an application to DPLH. Upon receipt of the application, DPLH will offer ownership of the land in equal portions to the two adjoining landowners—Telstra and JMac Engineering. Should both landowners wish to proceed, the acquisition process will be subject to statutory referrals, consents, and agreements. If the one landowner declines the offer, the other landowner will have the opportunity to purchase the entire closed road from the State. Upon completion of these processes, settlement will occur, and the land will be amalgamated accordingly, finalizing the road closure.

Comment

The proposed closure of this section of Walton Street must be conducted in compliance with Section 58 of the *Land Administration Act 1997* and Section 9 of the *Land Administration Regulations 1998*. As part of the process, the Shire is required to submit a Crown Land Enquiry Form to initiate the closure and acquisition proceedings.

The closure of this laneway has been requested to facilitate better land use and integration with adjoining properties. The Shire has reviewed the request and has no objections to the closure, nor to the land being amalgamated into the adjoining property/properties, provided that all statutory approvals and processes are completed.

In considering this matter, Council should note:

- The impact on accessibility and road network functionality—this section of Walton Street is not deemed critical for public access, and alternative routes are available.
- The obligations of the Department of Planning, Lands and Heritage, which requires the land to be initially offered in equal portions to both adjacent landowners. If one landowner declines, the other may purchase the entire portion.
- The potential benefits of the closure, which include improved land utilisation and development opportunities for adjoining landowners.

Proceeding with the closure will require the shire to undertake statutory advertising, consider any public submissions received, and obtain final Ministerial approval.

Consultation

In accordance with Section 9 of the *Land Administration Regulations 1998*, Council is required to publish a public notice regarding the proposed road closure and allow a minimum submission period of 35 days (five weeks) for public feedback.

This notice must be published on the local government's website and in a newspaper circulating within the district. Following the consultation period, Council must review all submissions received before making a determination on the road closure and submitting a formal request to the Minister for Lands. In compliance with these requirements, public consultation was undertaken, and a public notice was published on 8 January 2025 through the following channels:

Website
Narrogin Observer
Pingelly Times
Notice Board
Facebook

No submissions were received during the consultation period.

Statutory Environment

Land Administration Act 1997

Land Administration Regulations 1998, section 9 –

9. Requirements for closure of road at request of local government (Act s. 58)

(1) Before passing a resolution to make a request to the Minister under section 58(1) of the Act for the Minister to close a road permanently, a local government must publish an advertisement containing —

(a) notice of motion for the resolution; and

(b) an invitation to the public to make submissions to the local government on the proposed closure within the period (the submission period) of 35 days after the day on which the advertisement is published.

(2) The advertisement must be published in either or both of the following ways —

(a) in a newspaper circulating in the district of the local government;

(b) on the website of the local government.

(3) The local government must not pass the resolution to make the request to the Minister unless —

(a) the submission period has ended; and

(b) the local government has considered any submissions made to it within the submission period.

(4) If the advertisement is published in both of the ways referred to in subregulation (2) and the submission periods specified in those publications end on different days, for the purposes of subregulation (3) the submission period is taken to end on the latest of those days.

(5) The local government must include the following with the request to the Minister —

(a) written confirmation that the local government has resolved to make the request, the date when the relevant resolution was passed and any other information relating to the resolution that the Minister may require;

(b) sketch plans showing the location of the road and the proposed future disposition of the land comprising the road after it has been closed;

(c) written confirmation that the local government has complied with subregulations (1) to (3);

(d) a copy of the advertisement referred to in subregulation (1);

(e) copies of any submissions made to the local government within the submission period and the local government's comments on those submissions;

(f) any other information the local government considers relevant to the Minister's consideration of the request.

(6) This regulation does not apply to a request under section 58(1) of the Act to which regulation 9A applies.

Policy Implications

Nil.

Financial Implications

The closure of this section of Walton Street will result in cost savings for the Shire by eliminating ongoing maintenance expenses, including grading, drainage, and weed control.

Closing this small section of road will have a small negative impact on the overall calculation for the Financial Assistance Grants. However, this will be offset by the land's transfer to private ownership which is anticipated lead to increased rates revenue. Both of these impacts are very minor. Overall, the closure reduces maintenance costs and improves land use efficiency.

Strategic Implications

Outcome 8. Sustainable economic growth with decent learning opportunities and work for all.

Objective 8.1. Create and support opportunities to diversity and grow the economy.

Action 8.1.1. Explore opportunities to make more industrial land available.

Risk Implications

Nil

Land Administration Regulations 1998

PROPOSED ROAD CLOSURE – SECTION OF WALTON STREET, PINGELLY WA 6308.

Notice is hereby given that the Shire of Pingelly intends to permanently close the section of Walton Street, between Palace Street and Eliot Street in Pingelly. This proposed road closure is in pursuant of section 9 of the *Land Administration Regulations 1998*.

Details of Closure:

Location: Walton Street, between Palace Street and Eliot Street, Pingelly WA 6308.

Date: Proposed Closure date is March 2025.

Reason: By request.

As part of this proposal, the public is invited to provide feedback regarding the permanent closure. Submissions will be considered before being presented to Council on the 19 February 2025.

For further information please contact Mrs Storm Nyssen, Governance and Executive Officer at the Shire of Pingelly on 08 9887 1066 or email storm.nyssen@pingelly.wa.gov.au

14.3. Butcher Shop Attraction Payment

File Reference:	ADM0722
Location:	Not Applicable
Applicant:	Not Applicable
Author:	Chief Executive Officer
Disclosure of Interest:	Nil
Attachments:	Nil
Previous Reference:	Nil

Summary

Council is requested to consider an attraction payment for a person to purchase the butcher business.

Background

Pingelly Quality Meats is a highly reputable local business located on Parade Street. This business, along with the other main street businesses, attract people to the main street. The loss of an individual business such as the butcher would negatively impact the remaining businesses causing them to be less viable. These businesses are therefore interdependent.

The current owner of Pingelly Quality Meats is looking to sell the business for personal reasons. However, there are not many butchers that are looking to purchase a business in Pingelly. The loss of this business would significantly impact the other main street businesses and Pingelly as a whole.

Comment

Pingelly Quality Meats is a profitable enterprise and a valued business in Pingelly. The business has been advertised for sale, however, no local expressions of interest have been received. It is considered necessary to offer an attraction payment in order to attract a qualified buyer. This payment should be sufficiently large so as to attract the right purchaser. It is suggested that a once off attraction payment of \$20,000 is significant enough to both cover any relocation costs and to attract interested purchasers.

A contract to provide services would be required which would contain the following clauses, in exchange for the attraction payment that:

- The butcher shop is open at a minimum during normal business hours of 8am – 5pm 4 days per week and 8am – 12pm on Saturday;
- The butcher shop is to open at least 45 weeks of the year;
- The purchaser repays the attraction payment in full if the business ceases to operate within the first 12 months; and
- The purchaser repays 50% of the attraction payment in full if the business ceases to operate within the second 12 months.

The attraction payment will be paid following the opening of the butcher shop under new ownership.

The Shire, similar to many others, makes ongoing attraction payments to ensure medical services continue to be provided. These payments are substantially more than this once off payment.

In addition to the above, the Shire may lease a residential property to the purchaser at a commercial rent.

Consultation

Discussions have been conducted between the Shire and the current owner of Pingelly Quality Meats.

Statutory Environment

Nil.

Policy Implications

Council Policy 5.18, Pingelly Industry Attraction Programme is to:

- 1.1 *To encourage, promote and support investment, industry and employment opportunities in the Shire of Pingelly. The Shire of Pingelly recognises its role and importance in supporting business and taking actions to stimulate the local Pingelly economy. This includes the attraction of new industries, businesses and services to Pingelly, and the growth of existing services located within the Shire.*
- 1.2 *The Pingelly Industry Attraction Programme is designed to attract and establish new businesses and the growth of existing businesses across both industrial and commercial sectors within the Shire of Pingelly.*

This recommendation does not fit within the scope of the above policy as it is to retain existing, rather than attract new or expanded businesses. However, it is essential that successful existing businesses are retained.

The proposed purchaser will be required to provide a comprehensive business plan to the satisfaction of the Shire of Pingelly which demonstrates their proposed business model and viability of the business. The business plan will be assessed by Council at a later stage, prior to any financial commitments being made and will be assessed against the relevant criteria.

Financial Implications

It is proposed that the funding of \$20,000 is withdrawn from the Pingelly Industry Attraction Programme budget. This budget has been allocated \$50,000 in the 2024/25 Financial Year, all of which is available.

Strategic Implications

*Outcome 8. Sustainable economic growth with decent learning opportunities and work for all.
Objective 8.1. Create and support opportunities to diversity and grow the economy.
Objective 8.2. Activate the town centre.*

Risk Implications

Risk:	If no action is taken and Pingelly Quality Meats closes, it will significantly impact the viability of other main street businesses.		
Consequence Theme:	Reputational	Impact:	Minor
Consequence:	Low impact, a small number of complaints		
Likelihood Rating:	Possible	Risk Matrix:	Moderate
Action Plan:	Acceptable with adequate controls, managed by specific procedures, subject to semi-annual monitoring.		

CEO Andrew Dover returned to the Council Chambers at 03.16pm

Voting Requirements:

Simple Majority

Council Decision:

That Council:

1. Approve the advertisement of an attraction package of \$20,000, for a period of 6 months from the date of this meeting, to attract a buyer to purchase Pingelly Quality Meats subject to the following conditions:
 - a) The butcher shop is open at a minimum of 8 hours, Monday to Friday, and 4 hours on Saturday;
 - b) The butcher shop is to open at least 45 weeks of the year;
 - c) The purchaser repays the attraction payment in full if the business ceases to operate within the first 12 months; and
 - d) The purchaser repays 50% of the attraction payment in full if the business ceases to operate within the second 12 months.
2. The advertisement must also include details that a business plan is required to outline the business model and demonstrate the viability of the business. Council will assess any business plans submitted, and may approve or refuse funding.
3. Payment will be made 30-40 days following settlement of the purchase of the business.

14.4. Amendment to Council Policy 5.1 Bank Signatories and Payments

File Reference:	ADM0722
Location:	Not Applicable
Applicant:	Not Applicable
Author:	Chief Executive Officer
Disclosure of Interest:	Nil
Attachments:	Council Policy 5.1 Bank Account Signatories and Payments
Previous Reference:	Nil

Summary

Council is requested to consider modifying Council Policy 5.1 Bank Signatories and Payments to include the position of Accountant as a signatory for bulk payments.

Background

The Shire has now engaged a part time accountant to provide assistance to the Executive Manager Corporate Services as this area has been stretched due to significant additional compliance requirements over the years. Engaging the part time accountant will allow the Executive Manager to focus on other pressing matters while retaining overall responsibility and oversight of the finance.

Comment

In order to allow the Accountant to approve bulk payments i.e. money transfers, payments to creditors, and payroll, Policy 5.1 needs to be changed to add an additional authorised signatory. Currently the CEO, two Executive Managers and the Senior Finance Officer are authorised signatories. However, according to the policy (section 4.2) '*where an officer has been involved in the preparation of a payment batch, the payment will be approved by two other signatories.*' This leaves three signatories remaining. If two of these signatories are not available, bulk payments cannot be made.

In addition to the above, adding the Accountant to approve payments, will allow the Executive Managers and CEO to focus on other tasks.

This change retains the integrity of the payment system while allowing business to proceed in a more efficient manner.

In addition, the modified policy also updates the title for the Manager Community and Corporate Services.

15.1. Monthly Statement of Financial Activity – December 2024

File Reference: ADM0075
Location: Not Applicable
Applicant: Not Applicable
Author: Accountant
Disclosure of Interest: Nil
Attachments: Monthly Statement of Financial Activity for the period 1 to 31 December 2024.
Previous Reference: Nil

Summary

In Accordance with the *Local Government Act 1995* Section 5.25 (1) and *Local Government (Financial Management) Regulations 1996*, Monthly Financial Statements are required to be presented to Council, in order to ensure that income and expenditure is in keeping with budget forecasts.

The Monthly Statement of Financial Activity for the month of December 2024 is attached for Council consideration and adoption. This report now incorporates new Australian Accounting Standards Board (AASB) requirements effective from 1 July 2019. AASB 15 Revenue from Contracts with Customers (IFRS 15), AASB 1058 Income for Not-for Profit Entities, AASB 16 Lease replaces AASB 117 (IFRS 16).

Background

In order to prepare the monthly statements, the following reconciliations have been completed and verified:

- Reconciliation of assets, payroll and taxation services;
- Reconciliation of all shire's bank accounts, including term deposits;
- Reconciliation of rates, including outstanding debtors;
- Reconciliation of sundry creditors and debtors;

Comment

The Monthly Financial report has been prepared in accordance with statutory requirements and provides council with their financial position as at 31 December 2024.

Consultation

Nil

Statutory Environment

Local Government Act 1995;

Local Government (Financial Management) Regulations 1996

Section 34: Financial Reports to be prepared

(1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail -

- (a) Annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1) (b) or (c);
- (b) Budget estimates to the end of the month to which the statement relates;
- (c) Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
- (d) Material variances between the comparable amounts referred to in paragraphs (b) and (c); and
- (e) The net current assets at the end of the month to which the statement relates.

(2) Each statement of financial activity is to be accompanied by documents containing -

- (a) An explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets;

- (b) An explanation of each of the material variances referred to in sub regulation (1) (d); and
- (c) Such other supporting information as is considered relevant by the local government.

(3) The information in a statement of financial activity may be shown -

- (a) According to nature and type classification;
- (b) By program; or
- (c) By business unit.

(4) A statement of financial activity, and the accompanying documents referred to in sub regulation (2), is to be -

- (a) Presented to the council -
 - (i) At the next ordinary meeting of the council following the end of the month to which the statement relates; or
 - (ii) if the statement is not prepared in time to present it to the meeting referred to in subparagraph (i), to the next ordinary meeting of the council after that meeting; and
- (b) Recorded in the minutes of the meeting at which it is presented.

(5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with AAS 5, to be used in statements of financial activity for reporting material variances.

Policy Implications

There are no policy implications.

Financial Implications

The report and Officer recommendation is consistent with Council's adopted Budget 2024/25.

Strategic Implications

Business as usual.

Risk Implications

Risk:	Failure to monitor the Shire's ongoing financial performance would increase the risk of a negative impact on the Shire's financial position. As the monthly report is a legislative requirement, non-compliance may result in a qualified audit.		
Consequence Theme:	Reputational / Compliance	Impact:	Minor
Consequence:	Low impact, a small number of complaints. Some temporary non-compliance		
Likelihood Rating:	Unlikely	Risk Matrix:	Low (4)
Action Plan:	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.		

13532 Cr Clinton Cheney moved, Cr Karmvir Singh seconded

Voting Requirements:

Simple Majority

Recommendation and Council Decision:

That with respect to the Monthly Statements of Financial Activity for the month ending 31 December 2024 be accepted and material variances be noted.

This statement is to be read in conjunction with the accompanying notes.

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 10 August 2024

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Assets held for sale
- Investment property
- Estimated useful life of intangible assets
- Measurement of employee benefits
- Measurement of provisions
- Estimation uncertainties and judgements made in relation to lease

	3,316,492	1,643,040	1,670,483

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the local governments' operational cycle.

SHIRE OF PINGELLY**NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 DECEMBER 2024****3 EXPLANATION OF MATERIAL VARIANCES**

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date actual materially.

The material variance adopted by Council for the 2024-25 year is \$10,000 and 10.00% whichever is the greater.

Description	Var. \$ \$	Var. % %	
Revenue from operating activities			
Grants, subsidies and contributions	(564,128)	(60.49%)	▼
Fees and charges	(113,524)	(25.34%)	▼
Interest revenue	12,004	27.71%	▲
Other revenue	15,924	35.08%	▲
Expenditure from operating activities			
Materials and contracts	391,680	30.36%	▲
Utility charges	16,256	16.79%	▲
Other expenditure	17,936	41.17% Timing	▲
Inflows from investing activities			
Proceeds from capital grants, subsidies and contributions	(353,378)	(49.85%)	▼
Outflows from investing activities			
Payments for property, plant and equipment	841,974	70.07%	▲
Payments for construction of infrastructure	615,428	69.36%	▲
Surplus or deficit after imposition of general rates	796,141	37.20%	▲

		3,410,193	1,139,765	4,549,958	18,236			

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Balance per trial balance						
Trade receivables						46,750
PrePayments						638
SSL Current						22,626
Total receivables general outstanding						70,014

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

8 OTHER CURRENT ASSETS

	Opening Balance 1 July 2024	Asset Increase	Asset Reduction	Closing Balance 31 December 2024
Other current assets	\$	\$	\$	\$
Other financial assets at amortised cost				
Financial assets at amortised cost	49,813			49,813
Financial assets at amortised cost - self supporting loans	62,378			62,378
Inventory				
Fuels & Oils	10,066		(7,065)	3,001
Total other current assets	122,257	0	(7,065)	115,192
Amounts shown above include GST (where applicable)				

KEY INFORMATION

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

9 PAYABLES

Payables - general	Credit	Current	30 Days	60 Days	90+ Days	Total
	\$	\$	\$	\$	\$	\$
Payables - general	0	2,653	91	(466)	(455)	1,824
Percentage	0.0%	145.5%	5.0%	-25.6%	-24.9%	
Balance per trial balance						
Sundry creditors						1,623
Accrued Expenses						21,971
Accrued Interest on Loans						2,387
Bonds & Deposits Held in Municipal						18,236
Other payables [describe]						19,289
Income in Advance						31,807
Total payables general outstanding						95,313

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

10 BORROWINGS

Repayments - borrowings

Non-current borrowings		2,500,523					2,056,504			
		2,266,522					2,128,097			

All debenture repayments were financed by general purpose revenue.

Self supporting loans are financed by repayments from third parties.

New borrowings 2024-25

Particulars	Amount Borrowed	Amount Borrowed	Institution	Loan Type	Term Years	Total Interest & Charges	Interest Rate	Amount (Used)		Balance Unspent
	Actual	Budget						Actual	Budget	
	\$	\$				\$	%	\$	\$	\$
Transport Fleet Replacement	500,000	500,000	WATC	P&I	5		4.54	0	500,000	500,000

KEY INFORMATION

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

11 LEASE LIABILITIES

Movement in carrying amounts

Information on leases Particulars	Lease No.	1 July 2024	New Leases		Principal Repayments		Principal Outstanding		Interest Repayments

Non-current lease liabilities		97,170					97,170			
		198,420					147,321			

All lease repayments were financed by general purpose revenue.

KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

12 OTHER CURRENT LIABILITIES

	Note	Opening Balance 1 July 2024 \$	Liability transferred from/(to) non current \$	Liability Increase \$	Liability Reduction \$	Closing Balance 1 December 2024 \$

Amounts shown above include GST (where applicable)

A breakdown of contract liabilities and associated movements is provided on the following pages at Note 13 and 14

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

15.2. Monthly Statement of Financial Activity – January 2025

File Reference:	ADM0075
Location:	Not Applicable
Applicant:	Not Applicable
Author:	Accountant
Disclosure of Interest:	Nil
Attachments:	Monthly Statement of Financial Activity for the period 1 to 31 January 2025.
Previous Reference:	Nil

Summary

In Accordance with the *Local Government Act 1995* Section 5.25 (1) and *Local Government (Financial Management) Regulations 1996*, Monthly Financial Statements are required to be presented to Council, in order to ensure that income and expenditure is in keeping with budget forecasts.

The Monthly Statement of Financial Activity for the month of January 2025 is attached for Council consideration and adoption. This report now incorporates new Australian Accounting Standards Board (AASB) requirements effective from 1 July 2019. AASB 15 Revenue from Contracts with Customers (IFRS 15), AASB 1058 Income for Not-for Profit Entities, AASB 16 Lease replaces AASB 117 (IFRS 16).

Background

In order to prepare the monthly statements, the following reconciliations have been completed and verified:

- Reconciliation of assets, payroll and taxation services;
- Reconciliation of all shire's bank accounts, including term deposits;
- Reconciliation of rates, including outstanding debtors;
- Reconciliation of sundry creditors and debtors;

Comment

The Monthly Financial report has been prepared in accordance with statutory requirements and provides council with their financial position as at 31 January 2025.

Consultation

Nil

Statutory Environment

Local Government Act 1995;

Local Government (Financial Management) Regulations 1996

Section 34: Financial Reports to be prepared

(1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail -

- (a) Annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1) (b) or (c);
- (b) Budget estimates to the end of the month to which the statement relates;
- (c) Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
- (d) Material variances between the comparable amounts referred to in paragraphs (b) and (c); and
- (e) The net current assets at the end of the month to which the statement relates.

(2) Each statement of financial activity is to be accompanied by documents containing -

- (a) An explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets;
- (b) An explanation of each of the material variances referred to in sub regulation (1) (d); and

(c) Such other supporting information as is considered relevant by the local government.

(3) The information in a statement of financial activity may be shown -

- (a) According to nature and type classification;
- (b) By program; or
- (c) By business unit.

(4) A statement of financial activity, and the accompanying documents referred to in sub regulation (2), is to be -

- (a) Presented to the council -
 - (i) At the next ordinary meeting of the council following the end of the month to which the statement relates; or
 - (ii) if the statement is not prepared in time to present it to the meeting referred to in subparagraph (i), to the next ordinary meeting of the council after that meeting; and
- (b) Recorded in the minutes of the meeting at which it is presented.

(5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with AAS 5, to be used in statements of financial activity for reporting material variances.

Policy Implications

There are no policy implications.

Financial Implications

The report and Officer recommendation is consistent with Council's adopted Budget 2024/25.

Strategic Implications

Business as usual.

Risk Implications

Risk:	Failure to monitor the Shire's ongoing financial performance would increase the risk of a negative impact on the Shire's financial position. As the monthly report is a legislative requirement, non-compliance may result in a qualified audit.		
Consequence Theme:	Reputational / Compliance	Impact:	Minor
Consequence:	Low impact, a small number of complaints. Some temporary non-compliance		
Likelihood Rating:	Unlikely	Risk Matrix:	Low (4)
Action Plan:	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.		

13533 Deputy Peter Wood moved, Cr Bryan Hotham seconded

Voting Requirements:

Simple Majority

Recommendation and Council Decision:

That with respect to the Monthly Statements of Financial Activity for the month ending 31 January 2025 be accepted and material variances be noted.

Carried Unanimously 6 votes to 0

For:	President Jackie McBurney, Deputy Peter Wood, Cr Clinton Cheney, Cr Bryan Hotham, Cr Karmvir Singh and Cr Angela Tretheway
Against:	Nil

SHIRE OF PINGELLY
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 JANUARY 2025

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 10 August 2024

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Assets held for sale
- Investment property
- Estimated useful life of intangible assets
- Measurement of employee benefits
- Measurement of provisions
- Estimation uncertainties and judgements made in relation to lease

3,316,492	1,916,880	1,950,138

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the local governments' operational cycle.

SHIRE OF PINGELLY
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 31 JANUARY 2025

3 EXPLANATION OF MATERIAL VARIANCES

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date actual materially.
The material variance adopted by Council for the 2024-25 year is \$10,000 and 10.00% whichever is the greater.

Description	Var. \$ \$	Var. % %	
Revenue from operating activities			
Fees and charges	(90,338)	(20.17%)	▼
Interest revenue	30,180	61.85%	▲
Other revenue	22,597	43.21%	▲
Expenditure from operating activities			
Materials and contracts	388,053	27.00%	▲
Utility charges	29,280	25.91%	▲
Other expenditure	14,065	27.20% Timing	▲
Inflows from investing activities			
Proceeds from capital grants, subsidies and contributions	(1,078,159)	(75.20%)	▼
Outflows from investing activities			
Payments for property, plant and equipment	885,337	71.11%	▲
Payments for construction of infrastructure	778,616	72.07%	▲
Surplus or deficit after imposition of general rates	869,452	49.52%	▲

Cash and cash equivalents		3,316,015	1,140,175	4,456,191	20,010			
		3,316,015	1,140,175	4,456,191	20,010			

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

% Collected	0.0%	84.3%

Receivables - general	Credit	Current	30 Days	60 Days	90+ Days	Total
	\$	\$	\$	\$	\$	\$
Receivables - general	0	13,345	260	2,057		15,662
Percentage	0.0%	85.2%	1.7%	13.1%	0.0%	
Balance per trial balance						
Trade receivables						64,351
GST receivable						17,426
PrePayments						454
SSL Current						11,493
Total receivables general outstanding						93,724

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

8 OTHER CURRENT ASSETS

	Opening Balance 1 July 2024	Asset Increase	Asset Reduction	Closing Balance 31 January 2025
Other current assets	\$	\$	\$	\$
Other financial assets at amortised cost				
Financial assets at amortised cost	49,813			49,813
Financial assets at amortised cost - self supporting loans	62,378			62,378
Inventory				
Fuels & Oils	10,066		(2,649)	7,417
Total other current assets	122,257	0	(2,649)	119,608

Amounts shown above include GST (where applicable)

KEY INFORMATION

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

9 PAYABLES

Payables - general	Credit	Current	30 Days	60 Days	90+ Days	Total
	\$	\$	\$	\$	\$	\$
Payables - general	0	26,107	51	91	(921)	25,329
Percentage	0.0%	103.1%	0.2%	0.4%	-3.6%	
Balance per trial balance						
Sundry creditors						25,128
ATO liabilities						34,828
Accrued Expenses						16,863
Accrued Interest on Loans						10,297
Bonds & Deposits Held in Municipal						20,010
Other payables [describe]						2,159
Income in Advance						30,104
Total payables general outstanding						139,389

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

10 BORROWINGS

Repayments - borrowings

All debenture repayments were financed by general purpose revenue.
Self supporting loans are financed by repayments from third parties.

New borrowings 2024-25

Particulars	Amount Borrowed	Amount Borrowed	Institution	Loan Type	Term Years	Total Interest & Charges	Interest Rate	Amount (Used)		Balance Unspent
	Actual	Budget						Actual	Budget	
	\$	\$				\$	%	\$	\$	\$
Transport Fleet Replacement	500,000	500,000	WATC	P&I	5		4.54	0	500,000	500,000

KEY INFORMATION

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

11 LEASE LIABILITIES

Movement in carrying amounts

Information on leases Particulars	Lease No.	1 July 2024	New Leases		Principal Repayments		Principal Outstanding		Interest Repayments

Non-current lease liabilities		97,170					97,170			
		198,420					134,292			

All lease repayments were financed by general purpose revenue.

KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

12 OTHER CURRENT LIABILITIES

	Note	Opening Balance 1 July 2024	Liability transferred from/(to) non current	Liability Increase	Liability Reduction	Closing Balance 31 January 2025
		\$	\$	\$	\$	\$

Amounts shown above include GST (where applicable)

A breakdown of contract liabilities and associated movements is provided on the following pages at Note 13 and 14

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

15.3. Accounts Paid by Authority – December 2024

File Reference:	ADM0066
Location:	Not Applicable
Applicant:	Not Applicable
Author:	Finance Officer
Disclosure of Interest:	Nil
Attachments:	List of Accounts for December 2024
Previous Reference:	Nil

Summary

Council is requested to receive the list of accounts paid by authority for the month of December 2024.

Background

In accordance with *Local Government (Financial Management) Regulations 1996 Clause 13 (1)* schedules of all payments made through Council's bank accounts are presented to the Committee and to Council.

Comment

Unless otherwise identified, all payments have been made in accordance with Council's adopted 2024/2025 Budget.

Consultation

Nil

Statutory Environment

Regulation 12 of the *Local Government (Financial Management) Regulations* provides that:

- (1) A payment may only be made from the municipal fund or the trust fund —
 - (a) if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or
 - (b) otherwise, if the payment is authorised in advance by a resolution of the council.
- (2) The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.

Regulation 13 of the *Local Government (Financial Management) Regulations* provides that:

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —
 - (a) the payee's name;
 - (b) the amount of the payment;
 - (c) the date of the payment; and
 - (d) sufficient information to identify the transaction.
- (2) A list of accounts for approval to be paid is to be prepared each month showing —
 - (a) for each account which requires council authorisation in that month —
 - (i) the payee's name;
 - (ii) the amount of the payment; and
 - (iii) sufficient information to identify the transaction; and
 - (b) the date of the meeting of the Council to which the list is to be presented.
- (3) A list prepared under sub regulation (1) or (2) is to be —
 - (a) presented to the Council at the next ordinary meeting of the council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.

Policy Implications

There are no policy implications associated with this report.

Financial Implications

There are no known financial implications upon either the Council’s current budget or long-term financial plan.

Strategic Implications

This is a statutory requirement.

Risk Implications

Risk:	Failure to present a detailed listing of payments in the prescribed form would result in non-compliance with the Local Government (Financial Management) Regulations 1996, which may result in a qualified audit.		
Consequence Theme:	Reputational / Compliance	Impact:	Minor
Consequence:	Low Impact, a small number of complaints. Some temporary non-compliance		
Likelihood Rating:	Unlikely	Risk Matrix:	Low (4)
Action Plan:	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.		

Deputy Peter Wood left the Council Chambers at 3.35pm

13534 Cr Clinton Cheney moved, Cr Bryan Hotham seconded	
Voting Requirements: Simple Majority	
Recommendation and Council Decision:	
That Council receive the Accounts for Payments for December 2024 as authorised under delegated authority and in accordance with the Local Government (Financial Management) Regulations 1996:	
To December 2024:	
Municipal Account	\$593,538.06
Trust Account	\$200.00
Carried Unanimously 5 votes to 0	
For:	President Jackie McBurney, Cr Clinton Cheney, Cr Bryan Hotham, Cr Karmvir Singh and Cr Angela Tretheway
Against:	Nil

Deputy Peter Wood returned to the Council Chambers at 3.38pm

15.4. Accounts Paid by Authority – January 2025

File Reference:	ADM0066
Location:	Not Applicable
Applicant:	Not Applicable
Author:	Finance Officer
Disclosure of Interest:	Nil
Attachments:	List of Accounts for January 2025
Previous Reference:	Nil

Summary

Council is requested to receive the list of accounts paid by authority for the month of January 2025.

Background

In accordance with *Local Government (Financial Management) Regulations 1996 Clause 13 (1)* schedules of all payments made through Council's bank accounts are presented to the Committee and to Council.

Comment

Unless otherwise identified, all payments have been made in accordance with Council's adopted 2024/2025 Budget.

Consultation

Nil

Statutory Environment

Regulation 12 of the *Local Government (Financial Management) Regulations* provides that:

- (1) A payment may only be made from the municipal fund or the trust fund —
 - (a) if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or
 - (b) otherwise, if the payment is authorised in advance by a resolution of the council.
- (2) The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.

Regulation 13 of the *Local Government (Financial Management) Regulations* provides that:

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —
 - (a) the payee's name;
 - (b) the amount of the payment;
 - (c) the date of the payment; and
 - (d) sufficient information to identify the transaction.
- (2) A list of accounts for approval to be paid is to be prepared each month showing —
 - (a) for each account which requires council authorisation in that month —
 - (i) the payee's name;
 - (ii) the amount of the payment; and
 - (iii) sufficient information to identify the transaction; and
 - (b) the date of the meeting of the Council to which the list is to be presented.
- (3) A list prepared under sub regulation (1) or (2) is to be —
 - (a) presented to the Council at the next ordinary meeting of the council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.

Policy Implications

There are no policy implications associated with this report.

Financial Implications

There are no known financial implications upon either the Council's current budget or long-term financial plan.

Strategic Implications

This is a statutory requirement.

Risk Implications

Risk:	Failure to present a detailed listing of payments in the prescribed form would result in non-compliance with the Local Government (Financial Management) Regulations 1996, which may result in a qualified audit.		
Consequence Theme:	Reputational / Compliance	Impact:	Minor
Consequence:	Low Impact, a small number of complaints. Some temporary non-compliance		
Likelihood Rating:	Unlikely	Risk Matrix:	Low (4)
Action Plan:	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.		

13535 Cr Bryan Hotham moved, Cr Karmvir Singh seconded

Voting Requirements:

Simple Majority

Recommendation and Council Decision:

That Council receive the Accounts for Payments for January 2025 as authorised under delegated authority and in accordance with the Local Government (Financial Management) Regulations 1996:

To January 2025:

Municipal Account	\$236,175.64
