**Question:**

Will the shire increase rates or act to increase rates for vacant Department owned properties, and reserve these monies for programs to address the experience of homelessness in Pingelly?

**Response on Notice:**

Differential rating must be applied on a particular category of properties e.g. vacant land, regardless of ownership. Council's preference is to proactively encourage and work with the Department of Communities for these vacant properties to be maintained and used.

This has been placed on the works schedule and will be completed shortly.

What is the Shire's current approach to temporary accommodation and caravans outside of caravan parks in light of the housing crisis?

**Response on Notice:**

Temporary accommodation is regulated by the Camping and Caravan Grounds Regulations. Under these Regulations, a person may camp for up to 5 nights in any period of 28 consecutive days with permission from the landowner. This has been recently extended by the State Government as a result of the housing crisis. #### **Summary**

Council is requested to approve the annual review of the Register of Delegations as attached.

#### **Background**

The aim of delegated authority is to assist with improving the time taken to make decisions within the constraints allowed by relevant legislation. Local governments utilise levels of delegated authority to undertake day-to-day statutory functions, thereby allowing Council to focus on policy development, representation, strategic planning and community leadership, with the organisation focusing on the day-to-day operations of the Shire. The use of delegated authority means the large volume of routine work of a local government can be effectively managed and acted on promptly, which in turn facilitates efficient service delivery to the community.

It is a requirement of the *Local Government Act 1995*, s.5.18 and s.5.46 (1) that a local government keep a register of its delegations and review this register once every financial year.

The last review of the Delegations Register occurred at the Ordinary Council Meeting held in April 2024. The current review of delegations forms part of the annual and constant review process to ensure that the internal procedures of the organisation reflect current, efficient and compliant practices.

#### **Comment**

The delegations are based upon templates produced by WALGA and the relevant local government guideline on delegations.

These delegations reference the specific sections of legislation under which a delegation is made and detail the express function and to what extent that function is delegated. Annual reviews have been carried out over the past several years. There are only minor changes required.

# Explanatory Notes

## General

Section 5.42 of the Local Government Act 1995 allows for a local government to delegate to the Chief Executive Officer the exercise of any of its powers or the discharge of any of its duties under the Act. The following areas are decisions that cannot be delegated to the Chief Executive Officer:

- Any power or duty that requires a decision of an absolute majority or 75% majority of the local government;
- Accepting a tender which exceeds an amount determined by the local government;
- Appointing an auditor;
- Acquiring or disposing of any property valued at an amount determined by the local government;
- Any of the local government's powers under Sections 5.98, 5.99 and 5.100 of the Act;
- Borrowing money on behalf of the local government;
- Hearing or determining an objection of a kind referred to in Section 9.5;
- Any power of duty that requires the approval of the Minister or Governor; or
- Such other duties or powers that may be prescribed by the Act.

Section 5.44 of the Act provides for the Chief Executive Officer to delegate any of their powers to another employee, this must be done in writing. The Act allows for the Chief Executive Officer to place conditions on any delegations if desired. The powers cannot, however, be further sub delegated.

The purpose of this document is to detail which authorities have been delegated by Council to the Chief Executive Officer. The document also indicates delegations which the Chief Executive Officer intends to delegate to other staff, however this is for information/indication purposes only and may change from time to time at the discretion of the Chief Executive Officer. The register details the related document(s) where the power to delegate is derived from, which includes legislation and policies of the Council.

## Transfer of Authority Due to Absence

Where an Officer not named has been appointed by Council or by an Officer authorised to make the appointment to act in a position to which the named Officer is appointed, the authority shall transfer to the Officer acting as appointed, for the duration of the authorisation.

## Register of, and Records Relevant to, Delegations - Section 5.46

A register of delegations, being this manual, relevant to the Chief Executive Officer and other employees is to be kept and reviewed at least once every financial year.

If a person is exercising a power or duty that they have been delegated, the Act requires them to keep necessary records to the exercise of the power or discharge of the duty. The written record is to contain:

- How the person exercised the power or discharged the duty;
- When the person exercised the power or discharged the duty; and
- The persons or classes of persons, other than council or committee members or employees of the local government, directly affected by the exercise of the power or the discharge of the duty.

## Decision to Delegate

The principal consideration for a local government when deciding if it should delegate a power or duty, is whether the delegation will improve the efficiency of the local governments operations while ensuring that its policies are consistently implemented.

### Standard Conditions of Delegations

All delegations are subject to the following Standard Conditions:

- In exercising a delegation, the Chief Executive Officer is to comply with any and all laws and regulations in force in Western Australia and the requirements of any and all laws and policies of the Shire of Pingelly
- In exercising a delegation the Chief Executive Officer is to exercise the delegation in accordance with any budget authority where applicable
- Delegated authority cannot be exercised where a financial interest or interest affecting impartiality is evident
- Pursuant to section 5.46 of the Local Government Act 1995 and Regulation 19 of the Local Government (Administration) Regulations 1996, the Office of the Chief Executive Officer is to keep records of exercising the delegation on any and all occasions that the delegation is exercised

<b>Previous Reference:</b>	<b>Nil</b>

#### **Summary**

Council is requested to make the Shire of Pingelly Save the Numbat Local Law 2024 in line with neighbouring local governments and community consultation undertaken to date.

#### **Background**

Pet cats kill approximately 186 animals per year on average, including 110 native animals (40 reptiles, 38 birds and 32 mammals). This average includes pet cats which are contained. On average, an individual feral cat in the bush kills 748 reptiles, birds and mammals a year. Many of these animals are native animals. Foxes and cats killed more than 2.6 billion animals in Australia each year – Source [www.abc.net.au/news/science/2022-03-16/cats-foxs-feralpests-native-wildlife/100902790](http://www.abc.net.au/news/science/2022-03-16/cats-foxs-feralpests-native-wildlife/100902790)

In Western Australia, 36 mammals, 22 bird and 11 reptile species are vulnerable to predation by both feral and pet cats and a wide range of other native animals are also adversely affected by cats.

Australia-wide, cats have played a major role in the extinction of at least 27 mammal species and at present endanger 147 Australian mammals, birds, reptiles and frogs. Feral cats are recognised by the Environment and Invasives Committee as an extreme threat category for Australia (the highest threat). The Cat Act 2011 requires cats to be desexed, microchipped and registered. In addition, it provides that a Cat Local Law may be made. Adjacent local governments including the Shires of Cuballing, Narrogin and Boddington have made a local law which has effect within their local government areas. These local laws combined with feral cat control have demonstrated an impact, as numbat numbers within Dryandra National Park have rebounded in recent years. However, it is estimated that there are fewer than 1,000 numbats left in the wild.

At the Ordinary Council Meeting of 19 July 2023, Council resolved the following:

That with respect to the draft Shire of Pingelly Cat Local Law 2023, Council, request the Chief Executive Officer to:

### Comment

Previous consultation undertaken indicated that the vast majority of ratepayers within the Shire of Pingelly support a Cat local law, including the containment of cats to their owner's property. The recommended process to achieve this is by adopting another local law by reference. This is possible under Clause 82 of the *Cat Act 2011* and Clause 3.8 of the *Local Government Act 1995*. It is highly possible that the Department of Local Government will recommend that these containment clauses are removed. It is also highly possible that the Parliamentary Joint Standing Committee on Delegated Legislation will request undertakings that such a local law is not enforced and that it will be repealed and replaced. However, considering the precedent set by the Shires of Narrogin and Northam which both have containment clauses within their local laws and the importance of this local law to the native fauna, officers recommend that a local law is made which includes a containment clause.

The local law is proposed to have the following effects:

- Cats not to create a nuisance.
- Prohibit cats public places
- Restrict the number of cats to 2 per property

This is in keeping with the feedback from the consultation undertaken.

### Consultation

This local law has been advertised as required under the Local Government Act. No comments were received as a result of this consultation.

- g. limiting the number of cats that may be kept at premises, or premises of a particular type;
- h. the establishment, maintenance, licensing, regulation, construction, use, record keeping and inspection of cat management facilities;
- i. the regulation of approved cat breeders, including record keeping and inspection;

Dear President

### **Shire of Pingelly Cats Local Law 2024**

Thank you for the Explanatory Memorandum for this local law, which the Committee considered at its meeting today. The Committee resolved to write to you about the following matters.

### **Compliance with section 3.12(4) of the *Local Government Act 1995***

When scrutinising local laws, the Committee inquires whether a local law is within power (Committee Term of Reference 10.6(a)).

Section 3.12(4) of the *Local Government Act 1995* (Act) provides:

*After the last day for submissions, the local government is to consider any submissions made and may make the local law\* as proposed or make a local law\* that is not significantly different from what was proposed.*

*\* Absolute majority required.*

An adopted local law must not be significantly different from that proposed. Otherwise, it is invalid and the local law-making process must be undertaken again. Section 3.13 of the Act states:

### ***Procedure where significant change in proposal***

*If during the procedure for making a proposed local law the local government decides to make a local law that would be significantly different from what it first proposed, the local government is to recommence the procedure.*

A comparison of the proposed and adopted local laws reveals the following clauses where changes were made.

### *Cats in prohibited areas*

Clause 2.2(1) of the proposed local law stated:

#### **Cats in prohibited areas**

- (1) A cat shall not be in an area defined as bushland, regardless of land ownership or management, greater than 5,000m<sup>2</sup>.

The term 'bushland' was defined in clause 1.4 as:

uncultivated land that is covered with trees, shrubs, or other natural vegetation whether native or not;

By virtue of clause 2.2(2) of the proposed local law, a contravention of clause 2.2(1) was an offence which attracted a modified penalty of \$250.

The adopted local law regulates cat prohibited areas differently. It states in clause 2.2(1):

#### **Cats in prohibited areas**

- (1) A cat must not be in any cat prohibited area as listed on Schedule 3.

Schedule 3 contains a list of 126 properties where cats are prohibited absolutely.

The definition of 'bushland' is not included in the adopted local law.

The Committee is of the view these changes made the adopted local law significantly different from the proposed local law that was publicly advertised, in breach of section 3.12(4) of the Act. Cat prohibited areas form a significant and integral part of the local law. This is because cat prohibited areas are a key method for managing cats under the *Cat Act 2011*. Further, prohibition of cats from public places has received significant media and other public commentary. Shire residents were not consulted on the change to cat prohibited areas prior to the adoption of the local law.

Accordingly, changing cat prohibited areas from bushland greater than 5000m<sup>2</sup> in the proposed local law to a list of properties in Schedule 3 of the adopted local law makes it 'significantly different'. It breaches sections 3.12(4) and 3.13 of the Act and infringes Term of Reference 10.6(a).

### **Typographical errors**

#### *Clause 3.10 – Duration of a permit*

There is a grammatical error in clause 3.10(a). It states:

#### **Duration of a permit**

Unless otherwise specified in a condition on a permit, a permit commences on the date of issue and expires—

- (a) the cat is deceased;
- (b) if it is revoked; or
- (c) if the permit holder ceases to reside at the premises to which the permit relates.

The grammar in clause 3.10(a) should be corrected.

### *Schedule 2, item 3*

There is an unnecessary full stop after the word 'Cat' in item 3 of Schedule 2.

### *Schedule 3, clause reference*

Schedule 3 lists areas where cats are prohibited absolutely. The clause reference in the heading to Schedule 3 is to clause 2.3(1) of the local law which deals with interference with cat traps. The correct reference is to clause 2.2(1) which deals with cats in prohibited areas.

The incorrect clause reference in Schedule 3 should be amended.

## **Undertakings**

The Committee requests the following undertakings:

1. Within 6 months, repeal the local law and make a new local law, complying with all requirements in section 3.12 of the *Local Government Act 1995* which does not contain the typographical errors identified in clause 3.10(a), Schedule 2 and Schedule 3.
2. The local law will not be enforced in a manner contrary to undertaking 1.
3. All consequential amendments arising from undertaking 1 will be made.
4. Where the local law is made publicly available by the Shire, whether in hard copy or electronic form, ensure that it is accompanied by a copy of the undertakings.

The undertakings should be given in the form of a letter signed by you as President, not the Chief Executive Officer or other officer of the Shire of Pingelly. This is because, pursuant to section 2.8(1)(d) of the Act, the 'Mayor or President speaks on behalf of the local government' to the Parliament of Western Australia.

Noting that your next Council meeting occurs on 18 September 2024, the Committee requests the undertakings be provided by **25 September 2024**.

To assist you I attach a suggested form of Council resolution to provide the undertakings.

Please also note that the fulfilment of the undertakings must be by making a local law that complies with all mandatory procedural steps contained in section 3.12 of the *Local Government Act 1995*.

## **Notice of Motion to Disallow**

I advise that the Committee resolved to give a Notice of Motion in the Legislative Council to disallow the local law.

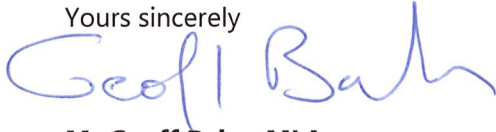

The reasons for giving notice are:

- to protect the Parliament's right to disallow the local law should the Committee recommend disallowance
- to provide the Committee with additional time to scrutinise the local law and, if necessary, obtain further information.

The giving of the notice should not be taken as indicating that the Committee has resolved to recommend disallowance at this stage.

Please provide your response by **25 September 2024**. If you have any queries in relation to this matter, please contact Ms Felicity Mackie, Advisory Officer (Legal) on 9222 7406 or at [delleg@parliament.wa.gov.au](mailto:delleg@parliament.wa.gov.au)

Yours sincerely

3. All consequential amendments arising from undertaking 1 will be made.

**14.3. Proposed Lease of Lot 202, (1) Avon Street, Pingelly (the old Scout Hall)**

**File Reference:** Nil  
**Location:** Shire of Pingelly  
**Applicant:** Nil  
**Author:** Chief Executive Officer  
**Disclosure of Interest:** Nil  
**Attachments:** 14.3 (i) Application from Dr David Hewson, Regenerate Chiropractic  
**Previous Reference:** Nil

**Summary:**

For Council to consider the request to lease Lot 81-82, 21a Park Street Pingelly WA 6308 (the Roads Board Office).

**Background:**

At the conclusion of the periodic lease with Kate McMillan for the above building for massage therapy, the Shire advertised the lease of the building for a period of 3 years with a 3 year option. The building has been leased by Kate McMillan for this purpose since 2017 and has been subleased to Dr David Hewson to provide chiropractic services.

The property is a single-story, two roomed building with an exterior toilet facility. The advertised lease amount was \$5,500 per annum plus utilities. This lease amount was in line with the previous longstanding lease.

**Comment:**

One submission was received from the community. This was from Dr David Hewson to continue to provide chiropractic services and to potentially sublease the building to other allied health professionals.

This submission was in line with the advertisement of a three year lease, with one three-year option, however a peppercorn lease of \$1 per year plus utilities is requested as well as building improvements.

Council has sought various opportunities to incentivise businesses to establish in Pingelly, including medical services and others who have received peppercorn leases. The chiropractic business provides significant community benefit through the provision of services and attraction of people to Pingelly by the availability of these services. However, these business incentives have been assessed on a case-

by-case basis and is not broadly available to all businesses. Regenerate Chiropractic is an established profit making enterprise, but does provide important services to the community.

Dr Hewson is currently in discussions with a massage therapist and other professionals to share the building and provide additional services to the community. This is similar to the previous arrangement with Kate McMillan.

The provision of these services are in line with the Shire's objectives to "Advocate for service providers to deliver more health and wellbeing programs locally" and should be encouraged. As a result, it is recommended to lease the building to Dr David Hewson for a reduced lease amount of \$3,000 plus utilities. This amount is not onerous and can be shared among the other health professionals subleasing the premises. In addition, it is recommended that that minor improvements are made to the building including the installation of interior sink and replacement floor coverings in the therapy room.

**Consultation:**

This proposal was advertised in the Pingelly Times, Shire website, Facebook page and noticeboard for more than 14 days. This constitutes 'local public notice' under the *Local Government Act 1995* and one response was received from Dr David Hewson.

**Statutory Environment:**

Leases are considered to be the disposal of property under the *Local Government Act 1995*.

*Local Government Act 1995, Section 3.58 Disposing of property*

- (3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —
- (a) ~~it gives details of the property and the proposed disposition —~~
    - (i) giving details of the proposed disposition; and
    - (ii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given; and
  - (b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.

**Policy Implications:**

Nil

**Financial Implications:**

There is a cost to the Shire of reduced lease income of \$2,500. However, there would be no income if the building was vacant. In addition, the costs of the minor improvements to the building are anticipated to be \$3,000.

**Strategic Implications:**

- 3. A safe, healthy and active community.
- 3.2 Facilitate community health and wellbeing.
- 3.2.3 Advocate for service providers to deliver more health and wellbeing programs locally.

**Risk Implications:**

<b>Risk:</b>	The reduction in lease may continue to set a precedent of reduced costs for established businesses and set an expectation of reduced costs for others.		
<b>Consequence Theme:</b>	Reputational, Financial	<b>Impact:</b>	Moderate
<b>Consequence:</b>	Public embarrassment, moderate impact, low or moderate news profile. \$10,001 - \$50,000		
<b>Likelihood Rating:</b>	Unlikely	<b>Risk Matrix:</b>	Low (4)
<b>Action Plan:</b>	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.		

**Voting Requirements:**

Simple Majority

**Officers Recommendation:**

**That Council:**

- (1) Approves a 3 year lease with a 3 year option of a Lot 81-82, 21a Park Street Pingelly WA 6308 to Dr David Hewson for the purpose of health services for the cost of \$3,000 per annum plus utilities in general accordance with the standard lease;
- (2) Encourages Dr Hewson to sublease the building to other health professionals; and
- (3) Permits the Chief Executive Officer and Shire President to affix the Common Seal to the above mentioned lease.

**FORMAL SUBMISSION**

**Request for Lease of the Roads Board Office – Pingelly**

**Submitted by Dr David Hewson | Pingelly Chiropractic**

**Date: 8th of April 2025**

To the Councilors and CEO of the Shire of Pingelly,

I respectfully submit this formal request for a peppercorn lease of the Roads Board Office in Pingelly, where I have been providing chiropractic services to the local community as a sub-lessee since 2015. This submission outlines the community value of my clinic, the challenges of rural healthcare service provision, and the reasoning behind my request for equitable treatment in line with other essential service providers within the Shire.

**1. Value to the Pingelly Community**

**a) Healthcare Services Provided**

Over the past nine years, I have provided evidence-based chiropractic care to over 500 patients from Pingelly and surrounding towns. My services address whole range of conditions with a majority coming from:

- Spine related conditions : Low back and neck pain
- Headaches and migraines
- Extremity and sporting/workplace injuries
- Acute and chronic pain management

I deliver a holistic approach focused on passive and active care, helping people avoid over-reliance on medication or surgery, and reducing strain on the local medical system.

**b) Regional Reach and Economic Contribution**

Patients regularly travel from towns as far as Wagin, Lake Grace, Boddington, Beverley, York, Corrigin, and Narrogin, often engaging with local businesses during their visit — supporting the Pingelly economy.

**c) Local Business and Community Support**

I consistently refer patients to the Pingelly pharmacy and other health providers, and have sponsored multiple community groups over the years, including Pingelly Netball, Golf, Hockey, Tennis and Bowls Clubs.

#### **d) Employment Opportunities**

In the past nine years, my clinic has employed eight local residents, contributing to local skill development and employment.

### **2. Challenges of Operating in Rural WA**

#### **a) Personal Travel Risks**

I travel four hours to and from Perth each Thursday to provide services in Pingelly, often during high-risk dawn and dusk periods. I've experienced four kangaroo strikes, including one resulting in a vehicle write-off, increased insurance costs, and disruption to my ability to serve the community.

#### **b) Rising Operational Costs**

Like many Australians, I face the pressures of rising costs. Despite this, I have continued to offer affordable care in Pingelly, rather than charging inflated regional fees common among other mobile providers.

#### **c) Facility Limitations**

The Roads Board Office, while charming in appearance, lacks adequate internal amenities for a healthcare provider:

- Limited non-ambulant entry
- Outdated toilet facilities - asbestos adjacent outbuilding with non-compliant access
- Interior in need of refurbishment, especially painting and carpets

### **3. Equity and Precedents**

#### **a) Lease Rates**

The current proposed lease exceeds the per-day rate I pay in a purpose-built Perth medical facility, despite the significant building limitations here. My service fees remain below those typically charged in other rural towns.

#### **b) Precedents in Other Shires and in Pingelly**

Colleagues in other regional towns have secured peppercorn leases or low-cost arrangements with their local governments. Until now, I was unable to negotiate directly with the Shire due to my sublease arrangement. This left me as an outlier among my peers.

Locally, several examples demonstrate a commitment to incentivizing essential services:

- A \$20,000 incentive was offered to attract a new butcher
- Increased incentives were recently provided to retain the town's GP
- Other properties, including the Courthouse and Scout Hall, have been leased under peppercorn or subsidized terms

### **4. Future Opportunities for Health in Pingelly**

My qualifications extend beyond chiropractic care, and provide a range of different services to the community in Pingelly including:

- Strength & Conditioning (ASCA Level 1)
- Running Coaching (Athletics Australia Level 2)
- Nutrition, Sleep, and Stress Management Coaching (in progress)

- Dry Needling and Soft tissue therapy's.

I have already been discussing co-management with a massage therapist who is sharing the space — not as competing tenants, but as collaborators aiming to broaden the health services available to Pingelly. In the case of a low-cost lease arrangement in a suitable space, there is the potential to develop other health services and expand Pingelly's offerings.

## 5. Request Summary

I am not seeking financial incentives like the GP or the butcher, but I do seek fair and equitable treatment in line with the Shire's approach to other businesses.

I am formally requesting:

- A peppercorn lease of the Roads Board Office.
- A three year lease, with one three-year option
- Reasonable building maintenance support to ensure the space remains functional and welcoming for patients
- The opportunity to continue growing allied health services under a sustainable model that benefits Pingelly

## Conclusion

I hope the Shire will recognize the lasting contribution of my clinic to the Pingelly community and provide the support needed to sustain and grow these services into the future. I would be pleased to present this submission to Council and answer any further questions.

Thank you for considering my request.

Warm regards,

**Dr David Hewson**

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

**Local Government Act 1995 requirements**

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

*Local Government (Financial Management) Regulations 1996*, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 04 March 2025

**THE LOCAL GOVERNMENT REPORTING ENTITY**

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

**MATERIAL ACCOUNTING POLICES**

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

**Critical accounting estimates and judgements**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
  - Property, plant and equipment
  - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Assets held for sale
- Investment property
- Estimated useful life of intangible assets
- Measurement of employee benefits
- Measurement of provisions
- Estimation uncertainties and judgements made in relation to lease

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

### KEY INFORMATION

#### Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

#### Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

#### Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

### KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

### Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

### KEY INFORMATION

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

### KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

### KEY INFORMATION

#### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### Employee Related Provisions

##### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

##### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

#### Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.
