Summary

In Accordance with the *Local Government Act 1995* Section 5.25 (1) and *Local Government (Financial Management) Regulations 1996*, Monthly Financial Statements are required to be presented to Council, in order to ensure that income and expenditure is in keeping with budget forecasts.

The Monthly Statement of Financial Activity for the month of September 2025 is attached for Council consideration and adoption. This report now incorporates new Australian Accounting Standards Board (AASB) requirements effective from 1 July 2019. AASB 15 Revenue from Contracts with Customers (IFRS 15), AASB 1058 Income for Not-for Profit Entities, AASB 16 Lease replaces AASB 117 (IFRS 16).

Background

In order to prepare the monthly statements, the following reconciliations have been completed and verified:

- Reconciliation of assets, payroll and taxation services;
- Reconciliation of all shire's bank accounts, including term deposits;
- Reconciliation of rates, including outstanding debtors;
- Reconciliation of sundry creditors and debtors;

Comment

The Monthly Financial report has been prepared in accordance with statutory requirements and provides council with their financial position as at 30 September 2025.

Income is down on expectations by 0.23%, and expenditure down by 7.70% on YTD Budget expected at this stage of the year.

Current situation is very similar to this time last year as comparison shown.

	Sept 2025	Sept 2024
Unrestricted Cash	2,609,966	2,813,803
Reserve Fund	1,238,050	1,122,768
Current Surplus	3,939,305	3,965,050

Capital expenditure is greater than anticipated and a detailed look can be found in Note 5.

Statutory Environment

Local Government Act 1995;

Local Government (Financial Management) Regulations 1996

Section 34: Financial Reports to be prepared

- (1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail -
- (a) Annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1) (b) or (c);
 - (b) Budget estimates to the end of the month to which the statement relates;
 - (c) Actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
 - (d) Material variances between the comparable amounts referred to in paragraphs (b) and (c); and
 - (e) The net current assets at the end of the month to which the statement relates.
- (2) Each statement of financial activity is to be accompanied by documents containing -
- (a) An explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets;
 - (b) An explanation of each of the material variances referred to in sub regulation (1) (d); and
 - (c) Such other supporting information as is considered relevant by the local government.
- (3) The information in a statement of financial activity may be shown -
- (a) According to nature and type classification;
 - (b) By program; or
 - (c) By business unit.
- (4) A statement of financial activity, and the accompanying documents referred to in sub regulation (2), is to be -
- (a) Presented to the council -
 - (i) At the next ordinary meeting of the council following the end of the month to which the statement relates; or
 - (ii) if the statement is not prepared in time to present it to the meeting referred to in subparagraph (i), to the next ordinary meeting of the council after that meeting; and
 - (b) Recorded in the minutes of the meeting at which it is presented.
- (5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with AAS 5, to be used in statements of financial activity for reporting material variances.

Policy Implications

There are no policy implications.

Financial Implications

The report and Officer recommendation is consistent with Council's adopted Budget 2024/25.

Strategic Implications

Business as usual.

Risk Implications

Risk:	Failure to monitor the Shire's ongoing financial performance would increase the risk of a negative impact on the Shire's financial position. As the monthly report is a legislative requirement, non-compliance may result in a qualified audit.		
Consequence Theme:	Reputational / Compliance	Impact:	Minor
Consequence:	Low impact, a small number of complaints. Some temporary non-compliance		
Likelihood Rating:	Unlikely	Risk Matrix:	Low (4)
Action Plan:	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.		

Voting Requirements:

Simple Majority

Officers Recommendation:

That with respect to the Monthly Statements of Financial Activity for the month ending 30 September 2025 be accepted and material variances be noted.

Moved: _____ Seconded: _____

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 1/19/2025

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Measurement of employee benefits
- Estimation uncertainties and judgements made in relation to lease accounting

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the local governments' operational cycle.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Total receivables general outstanding						843,589

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Self supporting loans are financed by repayments from third parties.

KEY INFORMATION

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

Statutory Environment

Regulation 12 of the *Local Government (Financial Management) Regulations* provides that:

- (1) A payment may only be made from the municipal fund or the trust fund —
 - (a) if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or
 - (b) otherwise, if the payment is authorised in advance by a resolution of the council.
- (2) The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.

Regulation 13 of the *Local Government (Financial Management) Regulations* provides that:

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —
 - (a) the payee's name;
 - (b) the amount of the payment;
 - (c) the date of the payment; and
 - (d) sufficient information to identify the transaction.
- (2) A list of accounts for approval to be paid is to be prepared each month showing —
 - (a) for each account which requires council authorisation in that month —
 - (i) the payee's name;
 - (ii) the amount of the payment; and
 - (iii) sufficient information to identify the transaction; and
 - (b) the date of the meeting of the Council to which the list is to be presented.
- (3) A list prepared under sub regulation (1) or (2) is to be —
 - (a) presented to the Council at the next ordinary meeting of the council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.
 - (c)

Policy Implications

There are no policy implications arising from this amendment.

Financial Implications

There are no known financial implications upon either the Council's current budget or long-term financial plan.

Strategic Implications

Summary

Council to consider an application for a single house and outbuilding at Lots 11, 12 and 13 (proposed Lot 100) Balfour Street, Pingelly.

Background

The applicant has submitted an application for development consent for a single house and an outbuilding at Lots 11, 12 and 13 Balfour Street. The single house is 258m² in area, while the outbuilding (shed) has a floor area of 200m², is 20m long, 10m wide, has a 4.1m wall height and is 5.072m to the roof apex.

The proposed single house is well setback from property boundaries. The house is setback 10.5m from the front boundary (Balfour Street). The outbuilding is located in the north-east corner of the property. The outbuilding will be setback 1.5m from the northern boundary and 2m from the eastern boundary.

The proposed use of the shed of this is for the storage of a caravan, a truck and 3 vintage cars and home workshop.

Details provided by the applicant are provided in Attachment 16.1.1.

The site has a combined area of 2343m², is vacant, is vegetated and is not serviced with reticulated sewerage. The owners are currently waiting for approval from the Western Australian Planning Commission for Lots 11, 12 and 13 to be amalgamated into one lot (proposed Lot 100 – see Attachment 16.1.2).

This application is required to be considered by Council given the proposed outbuilding is over 75m² on Residential zoned land for lots coded R10 or above.

It is highlighted the Shire intends to progressively seal Balfour Street. Once sealed, Balfour Street in association with Review Street, will form part of the heavy haulage bypass route in the Pingelly townsite.

Comment

Given the Residential zoning and a need to address the *Shire of Pingelly Local Planning Scheme No.3*, Council's *Policy 13.2 Outbuildings* (see Attachment 16.1.3) and the *Residential Design Codes*, there is a need:

- To obtain development approval and obtain a Building Permit for the house prior to the commencement of on-the-ground works associated with the outbuilding;
- For substantial commencement of the house (such as earthworks) prior to occupation of the outbuilding.

Following assessment against the planning framework, information provided by the applicant and site characteristics, conditional approval is recommended given:

- The neighbours to the north and east raise no objection to the outbuilding;
- The application is considered consistent with Design Principle P3 Outbuildings from *Residential Design Codes* which states 'Outbuildings that do not detract from the streetscape or the visual amenity of the residents or neighbouring properties.' This includes that the outbuilding is well setback from Balfour Street and the outbuilding walls and roof will be Colourbond;
- The combined lot size, when amalgamated, is generous in size for a Residential zoned property;
- Noting no objections from neighbours, the outbuilding is considered compatible with its setting in terms of height, bulk, scale, orientation and appearance;
- There are no overshadowing issues with neighbouring properties;
- The outbuilding overall complies with development standards apart from the floor size and height; and
- Recommended development conditions and advice can assist to control the use and management of the development.

The proposed single house and outbuilding are recommended for conditional approval.

Consultation

The applicant sought comment from adjoining neighbours to the north and east. These neighbours confirmed no objection.

Statutory Environment

The site is zoned 'Residential R12.5/25' in the *Shire of Pingelly's Local Planning Scheme No.3* (LPS3). Without an approved house on the site, a shed on Residential zoned land is classified as 'warehouse/storage' in LPS3 which is an 'X' (not permitted) use. To address LPS3, a Building Permit is required for the single house before site works commence for the outbuilding.

Attachment 16.1.4 is an extract from the *Planning and Development (Local Planning Schemes) Regulations 2015* which sets out matters to be considered by the local government in assessing a Development Application.

The site is located within a designated bushfire prone area. At this stage, no Bushfire Attack Level assessment has been provided to the Shire for the house.

Policy Implications

Local Planning Policies are relevant in assessing the Development Application. Local Planning Policies are non-statutory documents which are designed to provide guidance to assist the Council in its decision making. Accordingly, the Council is not bound by the policies but is required to have regard to the policies in determining the Development Application.

The key Local Planning Policy is *13.2 Outbuildings*. This in part states:

'In any residential zone with an R10 code or above in the Shire:

- a. Non-masonry construction, where the total non-masonry outbuilding area does not exceed 60m² and the total outbuilding area does not exceed 75m²;
- b. Masonry or other approved construction, where the total outbuilding area has walls constructed of the same materials and appearance as the house and does not exceed 75m² and no parapet wall is greater in length than 8m;
- c. Wall height of any outbuildings not to exceed 3m. This height limitation also applies to parapet walls. In the case of gable roof construction, the maximum building height is not to exceed 4.2m;

- d. Prior to considering a parapet wall construction over 8m in length, the applicant will present Council with written agreement to the same by any affected adjoining landowner;
- e. No planning consent or building licence approval will be granted or issued for any outbuildings, on any Residential zoned lot, which does not contain a residence;
- f. The applicant providing the Shire with a written undertaking that the outbuilding constructed, will only be used for the purpose permitted within the zone in which it is located, under the provisions of the Shire's operative Local Planning Scheme;
- g. Any development application which does not comply with the above, shall be referred to Council for consideration.'

It is suggested that the Outbuildings Policy is reviewed to reflect community expectations and to address a changing planning framework.

Financial Implications

The applicant has a right of review to the State Administrative Tribunal to review the Council's decision. If this occurred, the Shire would have associated costs.

Strategic Implications

Outcome 6. A great place to live.

Objective 6.1 Provide responsible planning and development.

Risk Framework

Risk:	The key risk arises from the failure to consult with neighbouring properties resulting in complaints. This has been managed through the applicant obtaining letters of support from impacted neighbours.		
Consequence Theme:	Reputational	Impact:	Minor
Consequence:	Low impact, a small number of complaints. Some temporary non-compliance		
Likelihood Rating:	Unlikely	Risk Matrix:	Low (4)
Action Plan:	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.		

Voting Requirements:

Simple Majority

Officers Recommendation:

That Council grant Development Approval for a single house and an outbuilding at Lots 11, 12 and 13 on Diagram 30142 Balfour Street, Pingelly (proposed Lot 100) pursuant to Schedule 2, Clause 68 of the *Planning and Development (Local Planning Schemes) Regulations 2015* and subject to the following conditions:

Conditions

1. This approval is only granted until 15 October 2027. Should a single house be approved and substantially commenced on Lot 11, 12 and 13 Balfour Street before 15 October 2027 to the satisfaction of the local government, the development approval for the outbuilding becomes permanent.
2. Building Permit(s) must be issued for both the single house and outbuilding prior to commencement of development works associated with the outbuilding. Additionally, substantial commencement of the single house must occur to the satisfaction of the local government prior to the commencement of construction of the outbuilding.
3. The development hereby approved must be carried out in accordance with the submitted plans and specifications (addressing all conditions) or otherwise amended by the local government and these shall not be altered and/or modified without the prior knowledge and written consent of the local government.
4. A suitable stormwater plan to the satisfaction of local government must be provided with the Building Permit application. The local government will require that all stormwater from the single house and outbuilding are collected and detained on site to the satisfaction of the local government prior to occupation. The stormwater facilities provided in accordance with this condition shall be permanently maintained in an operative condition to the satisfaction of the local government.
5. The outbuilding must not be used for industrial, commercial or habitable purposes.
6. The walls and roof of the outbuilding are clad in Colourbond colours or similar to the satisfaction of the local government.
7. The single house is connected to an approved on-site wastewater treatment system, to the satisfaction of the local government, prior to occupation.
8. The single house is provided with a suitable potable water system, to the satisfaction of the local government, prior to occupation.
9. A Bushfire Attack Level Assessment is to be submitted with the Building Permit Application for the single house. The development is to be constructed in accordance with the assigned BAL level and in accordance with *AS3959 Construction of Buildings in Bushfire Prone Areas*. The Asset Protection Zone is to be permanently maintained around the single house in accordance with the Bushfire Attack Level assessment.

Council Policy Name:	13.2 Outbuildings
Responsible Directorate:	Technical Services

1. PURPOSE

- 1.1 This policy provides direction and guidance on the area and height of outbuildings and the like that Council will permit within the Shire boundaries. Outbuildings and structures that comply with the following requirements may be approved by Council's Building Surveyor without having the need to be submitted to an Ordinary Meeting of Council.

2. SCOPE

- 2.1 This Policy is applicable to the Shire of Pingelly and its operations.

3. DEFINITIONS

- 3.1 **Outbuilding** is an enclosed non-habitable structure that is required to meet the standards of the Building Code of Australia and is detached from any dwelling.
- 3.2 **Carport** is a roofed structure designed to accommodate one or more motor vehicles unenclosed except to the extent that it abuts a dwelling or a property boundary on one side and being without a door.
- 3.3 **Garage** is any enclosed and roofed structure, other than a carport, designed to accommodate one or more motor vehicles.
- 3.4 **Patio** is a roofed shade structure either attached to a dwelling or free standing is required to be open on fifty percent of its sides.
- 3.5 **Pergola** is a light weight shade structure that does not have a solid roof. It may be attached to a dwelling or can be free standing.
- 3.6 **Statutory Powers:** This policy has been prepared in conjunction with the requirements of the *Residential Design Codes of Western Australia*, i.e. The performance criteria relative to outbuildings (Clause 5.4.3) states:
"Outbuildings that do not detract from the streetscape or the visual amenity of the residents or neighbouring properties."

4. POLICY STATEMENT

Policy Intention

- To provide some flexibility in the requirements for outbuildings and the like in residential areas.
- To ensure that the provisions of the current *Residential Design Codes* are appropriately addressed.
- To improve customer service standards through the timely processing of planning and building applications for outbuildings.

Buildings are to comply with any local planning policy made under the Scheme in respect of the design of carports and garages, including the colour, scale, materials and roof pitch of buildings. This policy provides design requirements for carports and garages, however it does not interfere with any other requirement of the Residential Design Codes relating to carports and garages.

This policy does not alter or change in any way the acceptable development criteria of the *Residential Design Codes* currently in force.

Within all "Residential" and "Rural Residential" zoned areas of the Shire and on Farming zoned lots with an area of 2ha or less except as otherwise stated, planning consent for all outbuildings is required. If planning consent is granted, building approval will be issued for outbuildings which are appurtenant to a dwelling, provided all boundary setbacks and building separation requirements have been complied with, the building is of single storey construction, located behind any residence on-site and provided the proposed development complies with the following:

4.1 In any residential zone with an R10 code or above in the Shire:

- a. Non-masonry construction, where the total non-masonry outbuilding area does not exceed 60m² and the total outbuilding area does not exceed 75m²;
- b. Masonry or other approved construction, where the total outbuilding area has walls constructed of the same materials and appearance as the house and does not exceed 75m² and no parapet wall is greater in length than 8m;
- c. Wall height of any outbuildings not to exceed 3m. This height limitation also applies to parapet walls. In the case of gable roof construction, the maximum building height is not to exceed 4.2m;
- d. Prior to considering a parapet wall construction over 8m in length, the applicant will present Council with written agreement to the same by any affected adjoining landowner;
- e. No planning consent or building licence approval will be granted or issued for any outbuildings, on any Residential zoned lot, which does not contain a residence;
- f. The applicant providing the Shire with a written undertaking that the outbuilding constructed, will only be used for the purpose permitted within the zone in which it is located, under the provisions of the Shire's operative Local Planning Scheme;
- g. Any development application which does not comply with the above, shall be referred to Council for consideration.

4.2 In any residential zone with an R code below R10, the rural residential zone of the Shire and on farming zoned lots which have an area of 2ha or less

- a. Non-masonry zincalume construction, where the total zincalume outbuilding area does not exceed 75m² and the total outbuilding area does not exceed 200m², or
- b. Non-masonry colorbond construction, where the total colorbond outbuilding area does not exceed 150m² and the total outbuilding area does not exceed ²
- c. Masonry or other approved construction, where the total outbuilding area has walls constructed of the same materials and appearance as the house and does not exceed 200m²,
- d. Wall height of any outbuilding not to exceed 4m. In the case of a gable roof construction, the maximum building height is not to exceed 5m;
- e. No planning consent or building licence approval will be granted or issued, for any outbuildings on a residential or rural residential zoned lot where a building licence has not been issued for a residence and / or where an outbuilding is not located at least 4m from any boundary of the lot;
- f. The applicant providing the Shire with a written undertaking that the outbuilding constructed, will only be used for purposes permitted within the zone in which it is located under the provisions of the Shire's operative Local Planning Scheme;
- g. Any development application which does not comply with the above shall be referred to Council for consideration.

4.3 Distance from boundaries on any residential zoned lot with an R code of 10 or above:

- a. Garages, shed, pergolas and patios - brick construction
 - i. Attached to house - 1m from side boundaries. Eaves not closer than 750mm measured from the outer edge of the gutter.
 - ii. Detached from house - Must be 1.8m clear of house with either parapet wall on boundary or walls 1m from boundary with eaves 750mm clear of boundary.
- b. Garages, sheds, pergolas, and patios - steel framed construction - Detached from house only - Must be at the rear of the residence 1.8m clear of the residence, leach drains and septic tanks and 1.2m clear of side and rear boundaries.
- c. Carports - Columns of brick (350mm x 350mm) or steel may be erected on a boundary provided no more than 4 columns are used and roofing including guttering is at least 750mm clear of the boundary. Beams must be of steel within 750mm of a boundary and a dividing fence forming a side wall of the carport must not be higher than 1.8m. Timber framed carports must be sited 1.2m clear of boundaries.
- d. On corner lots - Where an outbuilding is constructed in brick or clad in colorbond, Council will permit a setback of 3.75m to the minor street. Where an outbuilding is clad in zincalume a setback of 7.5m to the minor street will apply.

4.4 Distance from boundaries in any residential zone with an R code below R10 and the rural residential zone of the Shire and on farming zoned lots which have an area of 2 hectares or less

- a. Detached outbuildings - To be at the rear of the residence on-site, at least 1.8m clear of the residence, leach drains and septic tanks. All boundary setbacks to be as laid down in the Shire of Pingelly's operative Local Planning Scheme.
- b. On corner lots - The setback to the minor street to be the same as the frontage setback laid down in the Shire of Pingelly's operative Local Planning Scheme.
- c. Garden sheds - Under this policy, Council will without the need for planning consent or building permit approval, permit the erection of one only garden shed per lot which has a maximum area of up to 10m². The garden shed is to be located on the lot in a position and in a manner agreed to in writing by the Shire's Building Surveyor and such shed is in addition to any other shed permitted under this "Policy".

67. Consideration of application by local government

- (1) Development approval cannot be granted on an application for approval of —
 - (a) development that is a class X use in relation to the zone in which the development is located, unless —
 - (i) the development relates to land that is being used for a non-conforming use; and
 - (ii) the local government considers that the proposed use of the land would be less detrimental than the non-conforming use;
 - or
 - (b) development that otherwise does not comply with a requirement of this Scheme, unless —
 - (i) this Scheme gives the local government discretion to waive or vary the requirement or to grant development approval despite non-compliance with the requirement; or
 - (ii) the development is permitted under a provision of this Scheme in relation to non-conforming uses.
- (2) In considering an application for development approval (other than an application on which approval cannot be granted under subclause (1)), the local government is to have due regard to the following matters to the extent that, in the opinion of the local government, those matters are relevant to the development the subject of the application —
 - (a) the aims and provisions of this Scheme and any other local planning scheme operating within the Scheme area;
 - (b) the requirements of orderly and proper planning including any proposed local planning scheme or amendment to this Scheme that has been advertised under the *Planning and Development (Local Planning Schemes) Regulations 2015* or any other proposed planning instrument that the local government is seriously considering adopting or approving;
 - (c) any approved State planning policy;
 - (d) any environmental protection policy approved under the *Environmental Protection Act 1986* section 31(d);
 - (e) any policy of the Commission;
 - (f) any policy of the State;
 - (fa) any local planning strategy for this Scheme endorsed by the Commission;
 - (g) any local planning policy for the Scheme area;
 - (h) any structure plan or local development plan that relates to the development;
 - (i) any report of the review of the local planning scheme that has been published under the *Planning and Development (Local Planning Schemes) Regulations 2015*;
 - (j) in the case of land reserved under this Scheme, the objectives for the reserve and the additional and permitted uses identified in this Scheme for the reserve;
 - (k) the built heritage conservation of any place that is of cultural significance;
 - (l) the effect of the proposal on the cultural heritage significance of the area in which the development is located;
 - (m) the compatibility of the development with its setting, including —
 - (i) the compatibility of the development with the desired future character of its setting; and

- (ii) the relationship of the development to development on adjoining land or on other land in the locality including, but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the development;
 - (n) the amenity of the locality including the following —
 - (i) environmental impacts of the development;
 - (ii) the character of the locality;
 - (iii) social impacts of the development;
 - (o) the likely effect of the development on the natural environment or water resources and any means that are proposed to protect or to mitigate impacts on the natural environment or the water resource;
 - (p) whether adequate provision has been made for the landscaping of the land to which the application relates and whether any trees or other vegetation on the land should be preserved;
 - (q) the suitability of the land for the development taking into account the possible risk of flooding, tidal inundation, subsidence, landslip, bush fire, soil erosion, land degradation or any other risk;
 - (r) the suitability of the land for the development taking into account the possible risk to human health or safety;
 - (s) the adequacy of —
 - (i) the proposed means of access to and egress from the site; and
 - (ii) arrangements for the loading, unloading, manoeuvring and parking of vehicles;
 - (t) the amount of traffic likely to be generated by the development, particularly in relation to the capacity of the road system in the locality and the probable effect on traffic flow and safety;
 - (u) the availability and adequacy for the development of the following —
 - (i) public transport services;
 - (ii) public utility services;
 - (iii) storage, management and collection of waste;
 - (iv) access for pedestrians and cyclists (including end of trip storage, toilet and shower facilities);
 - (v) access by older people and people with disability;
 - (v) the potential loss of any community service or benefit resulting from the development other than potential loss that may result from economic competition between new and existing businesses;
 - (w) the history of the site where the development is to be located;
 - (x) the impact of the development on the community as a whole notwithstanding the impact of the development on particular individuals;
 - (y) any submissions received on the application;
 - (za) the comments or submissions received from any authority consulted under clause 66;
 - (zb) any other planning consideration the local government considers appropriate.
- (3) Subclause (1) has effect despite the zoning table for this Scheme.

Summary

Council to consider an application for an outbuilding at Lot 349 (No. 51) Raglan Street, Pingelly.

Background

The applicant has submitted an application for development consent for a proposed outbuilding (shed) with an area of 24m² at Lot 349 Raglan Street. The proposed outbuilding is 6m long, 4m wide, has a 2.4m wall height and is 2.79m to the roof apex. The applicant advises the proposed outbuilding will be used for storage.

The outbuilding will be constructed in Colorbond materials and is proposed to be located in the north-east corner of the property (the site). The proposed outbuilding will be setback 1m from the northern property boundary and 1m from the eastern boundary (Shannon Street).

The site is 2263m² in area and contains a dwelling and several outbuildings. The site has frontage to three streets in Raglan Street, Sharow Street and Shannon Street (laneway).

The site is zoned 'Residential R12.5/R25' under the *Shire of Pingelly Local Planning Scheme No. 3* and is partially located within the bushfire prone area.

This application is required to be considered by Council given the cumulative floor area of existing and proposed outbuildings is over 75m² on Residential zoned land coded R10 or above.

Comment

The proposed outbuilding combined with existing outbuildings has a combined floor area of 163m². While larger than the cumulative floor area set in Council's Outbuilding Policy for the Residential zone for lots coded R10 or above, the Council has approved outbuildings over 150m² in area in the Residential zone.

While noting the application is inconsistent with a component of Council's Outbuilding Policy, the Development Application is conditionally supported. This follows assessment against the planning framework, information provided by the applicant and the site characteristics. Conditional approval is recommended given:

- The application is considered consistent with Design Principle P3 Outbuildings from *State Planning Policy 7.3 - Residential Design Codes* which states 'Outbuildings that do not detract

from the streetscape or the visual amenity of the residents or neighbouring properties.’ This includes that the proposed outbuilding is located to the rear of the site;

- The outbuilding will not detract from the streetscape or the visual amenity of the residents or neighbouring properties. This includes that the outbuilding is well setback from Raglan Street and Sharow Street. The outbuilding is located near Shannon Street which is a laneway;
- The outbuilding is considered compatible with its setting in terms of height, bulk, scale, orientation and appearance;
- There are no overshadowing issues with neighbouring properties;
- The outbuilding overall complies with development standards other than floor area;
- The property is generous in size compared to the cumulative area of the existing and proposed outbuildings;
- The site bounds three streets with proposed setbacks being consistent with expectations for outbuildings on a corner lot; and
- Recommended development conditions and advice can assist to control the use and management of the development.

The proposed outbuilding is recommended for approval, with conditions.

Statutory Environment

The site is zoned ‘Residential R12.5/25’ in the *Shire of Pingelly’s Local Planning Scheme No.3*.

Attachment 16.2.2 is an extract from the *Planning and Development (Local Planning Schemes) Regulations 2015* which sets out matters to be considered by the local government in assessing a Development Application.

The proposed outbuilding is located outside of the designated bushfire prone area.

Policy Implications

Local Planning Policies are relevant in assessing the Development Application. Local Planning Policies are non-statutory documents which are designed to provide guidance to assist the Council in its decision making. Accordingly, the Council is not bound by the policies but is required to have regard to the policies in determining the Development Application.

The key Local Planning Policy is *13.2 Outbuildings* which is provided in Attachment 16.2.3. This in part states:

‘In any residential zone with an R10 code or above in the Shire:

- a. Non-masonry construction, where the total non-masonry outbuilding area does not exceed 60m² and the total outbuilding area does not exceed 75m²;
- b. Masonry or other approved construction, where the total outbuilding area has walls constructed of the same materials and appearance as the house and does not exceed 75m² and no parapet wall is greater in length than 8m;
- c. Wall height of any outbuildings not to exceed 3m. This height limitation also applies to parapet walls. In the case of gable roof construction, the maximum building height is not to exceed 4.2m;

- d. Prior to considering a parapet wall construction over 8m in length, the applicant will present Council with written agreement to the same by any affected adjoining landowner;
- e. No planning consent or building licence approval will be granted or issued for any outbuildings, on any Residential zoned lot, which does not contain a residence;
- f. The applicant providing the Shire with a written undertaking that the outbuilding constructed, will only be used for the purpose permitted within the zone in which it is located, under the provisions of the Shire's operative Local Planning Scheme;
- g. Any development application which does not comply with the above, shall be referred to Council for consideration.'

It is suggested that the Outbuildings Policy is reviewed to reflect community expectations and to address a changing planning framework.

Financial Implications

The applicant has a right of review to the State Administrative Tribunal to review the Council's decision. If this occurred, the Shire would have associated costs.

Strategic Implications

Outcome 6 A great place to live.

Objective 6.1 Provide responsible planning and development.

Risk Framework

Risk:	The key risk arises with an outbuilding not complying with the Residential Design Codes and not consulting with neighbouring properties. For this application, the outbuilding complies with the Residential Design Codes with outbuilding setbacks and outbuilding height.		
Consequence Theme:	Reputational	Impact:	Minor
Consequence:	Low impact, a small number of complaints. Some temporary non-compliance		
Likelihood Rating:	Unlikely	Risk Matrix:	Low (4)
Action Plan:	Risk is acceptable with adequate controls, managed by routine procedures and subject to annual monitoring.		

Voting Requirements:

Simple Majority

Officers Recommendation:

That Council grant Development Approval for an outbuilding at Lot 349 on Deposited Plan 223045 (No. 51) Raglan Street, Pingelly pursuant to Schedule 2, Clause 68 of the *Planning and Development (Local Planning Schemes) Regulations 2015* and subject to the following conditions:

Conditions

- 1. The development hereby approved must be carried out in accordance with the submitted plans and specifications (addressing all conditions) or otherwise amended by the local government and these shall not be altered and/or modified without the prior knowledge and written consent of the local government.**
- 2. A suitable stormwater plan to the satisfaction of local government must be provided with the Building Permit application. The local government will require that all stormwater from the single house and outbuilding are collected and detained on site to the satisfaction of the local government prior to occupation. The stormwater facilities provided in accordance with this condition shall be permanently maintained in an operative condition to the satisfaction of the local government.**
- 3. The outbuilding must not be used for industrial, commercial or habitable purposes.**
- 4. The walls and roof are clad in Colorbond colours or similar to the satisfaction of the local government.**

- ☐ For proposals including partial demolition clearly show areas to be demolished on site plan.
- ☐ For proposals including full demolition please refer to a complete separate Demolition checklist.

Notes

- a) In addition to obtaining Development Approval, approvals or exemptions may be required from other authorities to Council departments. Depending on the nature of your proposal, these may include food or health registrations, building permits or approval from FESA and other services authorities.
- b) Planning Approval must be obtained prior to the lodgement of a Building Permit Application.

67. Consideration of application by local government

- (1) Development approval cannot be granted on an application for approval of —
 - (a) development that is a class X use in relation to the zone in which the development is located, unless —
 - (i) the development relates to land that is being used for a non-conforming use; and
 - (ii) the local government considers that the proposed use of the land would be less detrimental than the non-conforming use;
 - or
 - (b) development that otherwise does not comply with a requirement of this Scheme, unless —
 - (i) this Scheme gives the local government discretion to waive or vary the requirement or to grant development approval despite non-compliance with the requirement; or
 - (ii) the development is permitted under a provision of this Scheme in relation to non-conforming uses.
- (2) In considering an application for development approval (other than an application on which approval cannot be granted under subclause (1)), the local government is to have due regard to the following matters to the extent that, in the opinion of the local government, those matters are relevant to the development the subject of the application —
 - (a) the aims and provisions of this Scheme and any other local planning scheme operating within the Scheme area;
 - (b) the requirements of orderly and proper planning including any proposed local planning scheme or amendment to this Scheme that has been advertised under the *Planning and Development (Local Planning Schemes) Regulations 2015* or any other proposed planning instrument that the local government is seriously considering adopting or approving;
 - (c) any approved State planning policy;
 - (d) any environmental protection policy approved under the *Environmental Protection Act 1986* section 31(d);
 - (e) any policy of the Commission;
 - (f) any policy of the State;
 - (fa) any local planning strategy for this Scheme endorsed by the Commission;
 - (g) any local planning policy for the Scheme area;
 - (h) any structure plan or local development plan that relates to the development;
 - (i) any report of the review of the local planning scheme that has been published under the *Planning and Development (Local Planning Schemes) Regulations 2015*;
 - (j) in the case of land reserved under this Scheme, the objectives for the reserve and the additional and permitted uses identified in this Scheme for the reserve;
 - (k) the built heritage conservation of any place that is of cultural significance;
 - (l) the effect of the proposal on the cultural heritage significance of the area in which the development is located;
 - (m) the compatibility of the development with its setting, including —
 - (i) the compatibility of the development with the desired future character of its setting; and

- (ii) the relationship of the development to development on adjoining land or on other land in the locality including, but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the development;
 - (n) the amenity of the locality including the following —
 - (i) environmental impacts of the development;
 - (ii) the character of the locality;
 - (iii) social impacts of the development;
 - (o) the likely effect of the development on the natural environment or water resources and any means that are proposed to protect or to mitigate impacts on the natural environment or the water resource;
 - (p) whether adequate provision has been made for the landscaping of the land to which the application relates and whether any trees or other vegetation on the land should be preserved;
 - (q) the suitability of the land for the development taking into account the possible risk of flooding, tidal inundation, subsidence, landslip, bush fire, soil erosion, land degradation or any other risk;
 - (r) the suitability of the land for the development taking into account the possible risk to human health or safety;
 - (s) the adequacy of —
 - (i) the proposed means of access to and egress from the site; and
 - (ii) arrangements for the loading, unloading, manoeuvring and parking of vehicles;
 - (t) the amount of traffic likely to be generated by the development, particularly in relation to the capacity of the road system in the locality and the probable effect on traffic flow and safety;
 - (u) the availability and adequacy for the development of the following —
 - (i) public transport services;
 - (ii) public utility services;
 - (iii) storage, management and collection of waste;
 - (iv) access for pedestrians and cyclists (including end of trip storage, toilet and shower facilities);
 - (v) access by older people and people with disability;
 - (v) the potential loss of any community service or benefit resulting from the development other than potential loss that may result from economic competition between new and existing businesses;
 - (w) the history of the site where the development is to be located;
 - (x) the impact of the development on the community as a whole notwithstanding the impact of the development on particular individuals;
 - (y) any submissions received on the application;
 - (za) the comments or submissions received from any authority consulted under clause 66;
 - (zb) any other planning consideration the local government considers appropriate.
- (3) Subclause (1) has effect despite the zoning table for this Scheme.

[Clause 67 amended: SL 2020/252 r. 74.]

Council Policy Name:	13.2 Outbuildings
Responsible Directorate:	Technical Services

1. PURPOSE

- 1.1 This policy provides direction and guidance on the area and height of outbuildings and the like that Council will permit within the Shire boundaries. Outbuildings and structures that comply with the following requirements may be approved by Council's Building Surveyor without having the need to be submitted to an Ordinary Meeting of Council.

2. SCOPE

- 2.1 This Policy is applicable to the Shire of Pingelly and its operations.

3. DEFINITIONS

- 3.1 **Outbuilding** is an enclosed non-habitable structure that is required to meet the standards of the Building Code of Australia and is detached from any dwelling.
- 3.2 **Carport** is a roofed structure designed to accommodate one or more motor vehicles unenclosed except to the extent that it abuts a dwelling or a property boundary on one side and being without a door.
- 3.3 **Garage** is any enclosed and roofed structure, other than a carport, designed to accommodate one or more motor vehicles.
- 3.4 **Patio** is a roofed shade structure either attached to a dwelling or free standing is required to be open on fifty percent of its sides.
- 3.5 **Pergola** is a light weight shade structure that does not have a solid roof. It may be attached to a dwelling or can be free standing.
- 3.6 **Statutory Powers:** This policy has been prepared in conjunction with the requirements of the *Residential Design Codes of Western Australia*, i.e. The performance criteria relative to outbuildings (Clause 5.4.3) states:
"Outbuildings that do not detract from the streetscape or the visual amenity of the residents or neighbouring properties."

4. POLICY STATEMENT

Policy Intention

- To provide some flexibility in the requirements for outbuildings and the like in residential areas.
- To ensure that the provisions of the current *Residential Design Codes* are appropriately addressed.
- To improve customer service standards through the timely processing of planning and building applications for outbuildings.

Buildings are to comply with any local planning policy made under the Scheme in respect of the design of carports and garages, including the colour, scale, materials and roof pitch of buildings. This policy provides design requirements for carports and garages, however it does not interfere with any other requirement of the Residential Design Codes relating to carports and garages.

This policy does not alter or change in any way the acceptable development criteria of the *Residential Design Codes* currently in force.

Within all "Residential" and "Rural Residential" zoned areas of the Shire and on Farming zoned lots with an area of 2ha or less except as otherwise stated, planning consent for all outbuildings is required. If planning consent is granted, building approval will be issued for outbuildings which are appurtenant to a dwelling, provided all boundary setbacks and building separation requirements have been complied with, the building is of single storey construction, located behind any residence on-site and provided the proposed development complies with the following:

4.1 In any residential zone with an R10 code or above in the Shire:

- a. Non-masonry construction, where the total non-masonry outbuilding area does not exceed 60m² and the total outbuilding area does not exceed 75m²;
- b. Masonry or other approved construction, where the total outbuilding area has walls constructed of the same materials and appearance as the house and does not exceed 75m² and no parapet wall is greater in length than 8m;
- c. Wall height of any outbuildings not to exceed 3m. This height limitation also applies to parapet walls. In the case of gable roof construction, the maximum building height is not to exceed 4.2m;
- d. Prior to considering a parapet wall construction over 8m in length, the applicant will present Council with written agreement to the same by any affected adjoining landowner;
- e. No planning consent or building licence approval will be granted or issued for any outbuildings, on any Residential zoned lot, which does not contain a residence;
- f. The applicant providing the Shire with a written undertaking that the outbuilding constructed, will only be used for the purpose permitted within the zone in which it is located, under the provisions of the Shire's operative Local Planning Scheme;
- g. Any development application which does not comply with the above, shall be referred to Council for consideration.

4.2 In any residential zone with an R code below R10, the rural residential zone of the Shire and on farming zoned lots which have an area of 2ha or less

- a. Non-masonry zincalume construction, where the total zincalume outbuilding area does not exceed 75m² and the total outbuilding area does not exceed 200m², or
- b. Non-masonry colorbond construction, where the total colorbond outbuilding area does not exceed 150m² and the total outbuilding area does not exceed 200m²;
- c. Masonry or other approved construction, where the total outbuilding area has walls constructed of the same materials and appearance as the house and does not exceed 200m²;
- d. Wall height of any outbuilding not to exceed 4m. In the case of a gable roof construction, the maximum building height is not to exceed 5m;
- e. No planning consent or building licence approval will be granted or issued, for any outbuildings on a residential or rural residential zoned lot where a building licence has not been issued for a residence and / or where an outbuilding is not located at least 4m from any boundary of the lot;
- f. The applicant providing the Shire with a written undertaking that the outbuilding constructed, will only be used for purposes permitted within the zone in which it is located under the provisions of the Shire's operative Local Planning Scheme;
- g. Any development application which does not comply with the above shall be referred to Council for consideration.

4.3 Distance from boundaries on any residential zoned lot with an R code of 10 or above:

- a. Garages, shed, pergolas and patios - brick construction
 - i. Attached to house - 1m from side boundaries. Eaves not closer than 750mm measured from the outer edge of the gutter.
 - ii. Detached from house - Must be 1.8m clear of house with either parapet wall on boundary or walls 1m from boundary with eaves 750mm clear of boundary.
- b. Garages, sheds, pergolas, and patios - steel framed construction - Detached from house only - Must be at the rear of the residence 1.8m clear of the residence, leach drains and septic tanks and 1.2m clear of side and rear boundaries.
- c. Carports - Columns of brick (350mm x 350mm) or steel may be erected on a boundary provided no more than 4 columns are used and roofing including guttering is at least 750mm clear of the boundary. Beams must be of steel within 750mm of a boundary and a dividing fence forming a side wall of the carport must not be higher than 1.8m. Timber framed carports must be sited 1.2m clear of boundaries.
- d. On corner lots - Where an outbuilding is constructed in brick or clad in colorbond, Council will permit a setback of 3.75m to the minor street. Where an outbuilding is clad in zincalume a setback of 7.5m to the minor street will apply.

4.4 Distance from boundaries in any residential zone with an R code below R10 and the rural residential zone of the Shire and on farming zoned lots which have an area of 2 hectares or less

- a. Detached outbuildings - To be at the rear of the residence on-site, at least 1.8m clear of the residence, leach drains and septic tanks. All boundary setbacks to be as laid down in the Shire of Pingelly's operative Local Planning Scheme.
- b. On corner lots - The setback to the minor street to be the same as the frontage setback laid down in the Shire of Pingelly's operative Local Planning Scheme.
- c. Garden sheds - Under this policy, Council will without the need for planning consent or building permit approval, permit the erection of one only garden shed per lot which has a maximum area of up to 10m². The garden shed is to be located on the lot in a position and in a manner agreed to in writing by the Shire's Building Surveyor and such shed is in addition to any other shed permitted under this "Policy".

18. NEW OR URGENT BUSINESS INTRODUCED BY DECISION OF THE MEETING

New business of an urgent nature introduced by decision of the meeting. Best practice provides that Council should only consider items that have been included on the Agenda (to allow ample time for Councillors to research prior to the meeting) and which have an Officer Report (to provide the background to the issue and a recommended decision).

19. MATTERS FOR WHICH THE MEETING MAY BE CLOSED

Officers Recommendation:

That pursuant to Section 5.23 of the Local Government Act 1995 these items be dealt with, with the public excluded as the item deals with matters of a confidential nature.

Moved: _____ Seconded: _____

19.1. Confidential Item – Appointment of a Senior Employee

Reasons for Confidentiality

This report is confidential in accordance with Section 5.23(2) of the Local Government Act 1995 which permits the meeting to be closed to the public for business relating to the following:

- (a) a matter affecting an employee or employees;
- (b) the personal affairs of any person;
- (c) a contract entered into, or which may be entered into, by the local government and which relates to a matter to be discussed at the meeting;

Officers Recommendation:

That the meeting be re-opened to the public.

Moved: _____ Seconded: _____

20. CLOSURE OF MEETING

The Chairman to declare the meeting closed.
