The Vision for Pingelly

Pingelly, positive

Pingelly is filled with naturally 'can do' people.

by nature.

Nature surrounds and infuses Pingelly, bringing positivity to the people.

Lets grow together!

Pingelly's positivity means we can achieve anything together.

Acknowledgement of Country

The Shire of Pingelly acknowledges the Willman Noongar people of the Pingelly area and recognise their continuing connection to land, waters and community. We pay our respects to their elders, past and present, and acknowledge their continuing culture and contribution to the life of this community and region.

History of the Shire

The Moorumbine Spring land was first surveyed in 1856 and a permanent settlement was established around 1860. The first settler in the area was Mr Lewis John Bayley who was granted 4000 acres for grazing in 1846. The expanding district joined forces to build a church, school, store and gaol. The Moorumbine Townsite was gazetted on 24th April 1884.

The Great Southern Railway in 1889 resulted in an economic boom for the district along the rail line. It passed just 10km west of Moorumbine and a small settlement was established at the railway siding located there. A spring of water east of the railway crossing was named "Pingeulling," an Aboriginal name for 'Watering Place.' From this, the present name of Pingelly was derived.

The Pingelly-Moorumbine Road Board Offices were built in Pingelly in 1909. Just a few years later in 1913 'Moorumbine' was dropped from the title. In 1961, the Pingelly Road Board became the Pingelly Shire Council and new Shire Offices were built on the site on which they still stand today.

Shire Statistics

Location

Pingelly is strategically located in the heart of the state's Central South 158km south-east of Perth on the Great Southern Highway. The Shire of Pingelly covers an area of 1,294km², bounded by the Shires of Wandering, Brookton, Corrigin, Cuballing and Wickepin. The community appreciates a mediterranean type climate. The average yearly rainfall is 453mm, which mainly falls in winter. The Shire of Pingelly's Council Chamber and Administration Centre is located at 17 Queen Street, Pingelly 6308. The website address is: www.pingelly.wa.gov.au.

Population

The Shire of Pingelly, with the townsites of Pingelly, Moorumbine and Dattening, has a total population of 1,037 (2021 Census). The Shire of Pingelly has 862 electors (2024 Roll), 605 dwellings and employs 25 people.

Roads and Area

The Shire of Pingelly has an area of 1,223km² and is responsible for 587km of roads, of which 211km are sealed.

Legislative Authority

The local government of the Shire of Pingelly is a body corporate with perpetual succession and a common seal. The Shire of Pingelly has the legal capacity of a natural person and has an elected Council as its governing body representing all electors within the Shire.

Federal & State Electoral Boundaries

The Shire of Pingelly is in the State electoral district of Central Wheatbelt, in the Agricultural Region and in the Federal electorate of O'Connor.

Elected Members

The Shire of Pingelly's Council remained a stable and cohesive team throughout 2024/25, providing consistent leadership and clear strategic direction for the community. Councillors continued to work collaboratively to progress projects, strengthen community engagement and uphold strong governance.

Councillor Peter Narducci resigned from his position in early 2025, concluding 5 years of service. The Shire acknowledges Cr Narducci contribution to the community and thanks him for his service.

Council received authorisation from the Electoral Commission to allow the vacancy left by the resignation to remain unfilled until the election in October 2025. The remainder of the Council continued to provide reliable and effective leadership, ensuring continuity in decision-making and maintaining momentum across key initiatives.

Our Shared Values

Accountable – being transparent and open, meeting commitments and expectations, being responsible for yourself, your actions and results.

Competence – consistent use of skills suitable for the role and task at hand, delivery on goals and commitments, making appropriate decisions and problem solving, maintaining high professional standards and skills.

Integrity – being honest, ethical, reliable, authentic in communication, actions and decision making.

Teamwork – complete our own tasks in a professional manner, willingly assist others, support the team and overall organisational team. Positive attitude and contributions to the workplace culture.

Respect – having care and due regard for all others, considering how your words and/or actions will impact them personally and professionally (including their reputation). Communication is open and civil, and conflict is addressed early and with empathy.

Adaptability – open, willing and able to adjust to change, learn new skills and approaches.

President's Report

As I reflect on 2024/25, our vision, "Pingelly, positive by nature. Let's Grow together," continues to inspire me. I feel confident about our future because of the many ways our community and shire staff have come together to strengthen, celebrate and plan for our town. It has been a year marked by connection, achievement and thoughtful planning, driven by the people who make Pingelly such a welcoming and resilient place to live.

Throughout the year, investment in recreation, roads and public spaces has been a priority, with new and improved facilities creating places for families and young people to be active and connected.

Listening to our community remained central to the Shire's work. We undertook a review of the Pingelly Community Plan and I sincerely thank everyone who took the time to share their ideas and experiences. Your input is vital in shaping the future direction of our community, and the actions identified through the Plan now guide the Shire's ongoing work.

Road maintenance continues to be one of our greatest challenges and remains the area where the Shire commits the largest share of its resources. Again, we have listened to our community and engaged with locals to help shape the priorities for our road network. This ongoing work is essential and we are committed to a program of continual improvement.

Looking ahead, maintaining the safety and wellbeing of our community remains our central focus. Planning is underway for future community events and initiatives that celebrate our history and identity, in addition to supporting further upgrades to local streets and facilities.

I extend my heartfelt thanks to the Pingelly community for your ongoing engagement and support, and to Shire staff for their dedication and commitment. I look forward to the year ahead and to continuing to work together with kindness, respect and a shared vision for our community.

Warmest regards
Cr Jackie McBurney
Shire President

CEO's Report

The 2024/25 financial year has been a productive and positive period for the Shire of Pingelly, with progress made across all areas of operations. Our focus has remained on delivering high-quality services, maintaining financial responsibility, and ensuring that the Shire continues to meet the needs of our community.

This year saw the completion of several significant projects, including the construction and opening of new Bush Fire Brigade facilities in West and East Pingelly. These purpose-built buildings provide modern, fit-for-purpose spaces for our volunteer brigades and reflect our commitment to community safety and emergency preparedness.

Community engagement has remained a central priority. Monthly movie nights, youth programs, and intergenerational initiatives such as Age is Just a Number continued to strengthen social connection. The Heritage Festival, Christmas Village, and the highly successful 2024 FAM Festival once again showcased the spirit and creativity of our community. The FAM Festival in particular demonstrated the power of community-led celebration, with strong participation from local groups, businesses and volunteers.

Operationally, the Shire has continued to focus on asset management, road maintenance, and long-term planning. Significant progress was made on the Youth Precinct, and the development of key strategic documents including the Long-Term Financial Plan and the Pingelly Wellbeing Plan.

I would like to thank the Shire President and Councillors for their guidance and support throughout the year. I also acknowledge the dedication of our staff, whose efforts ensure the smooth delivery of services and the successful delivery of projects and events.

The Shire looks forward to continuing its work in partnership with the community to build a vibrant and sustainable future for Pingelly.

Sincerely

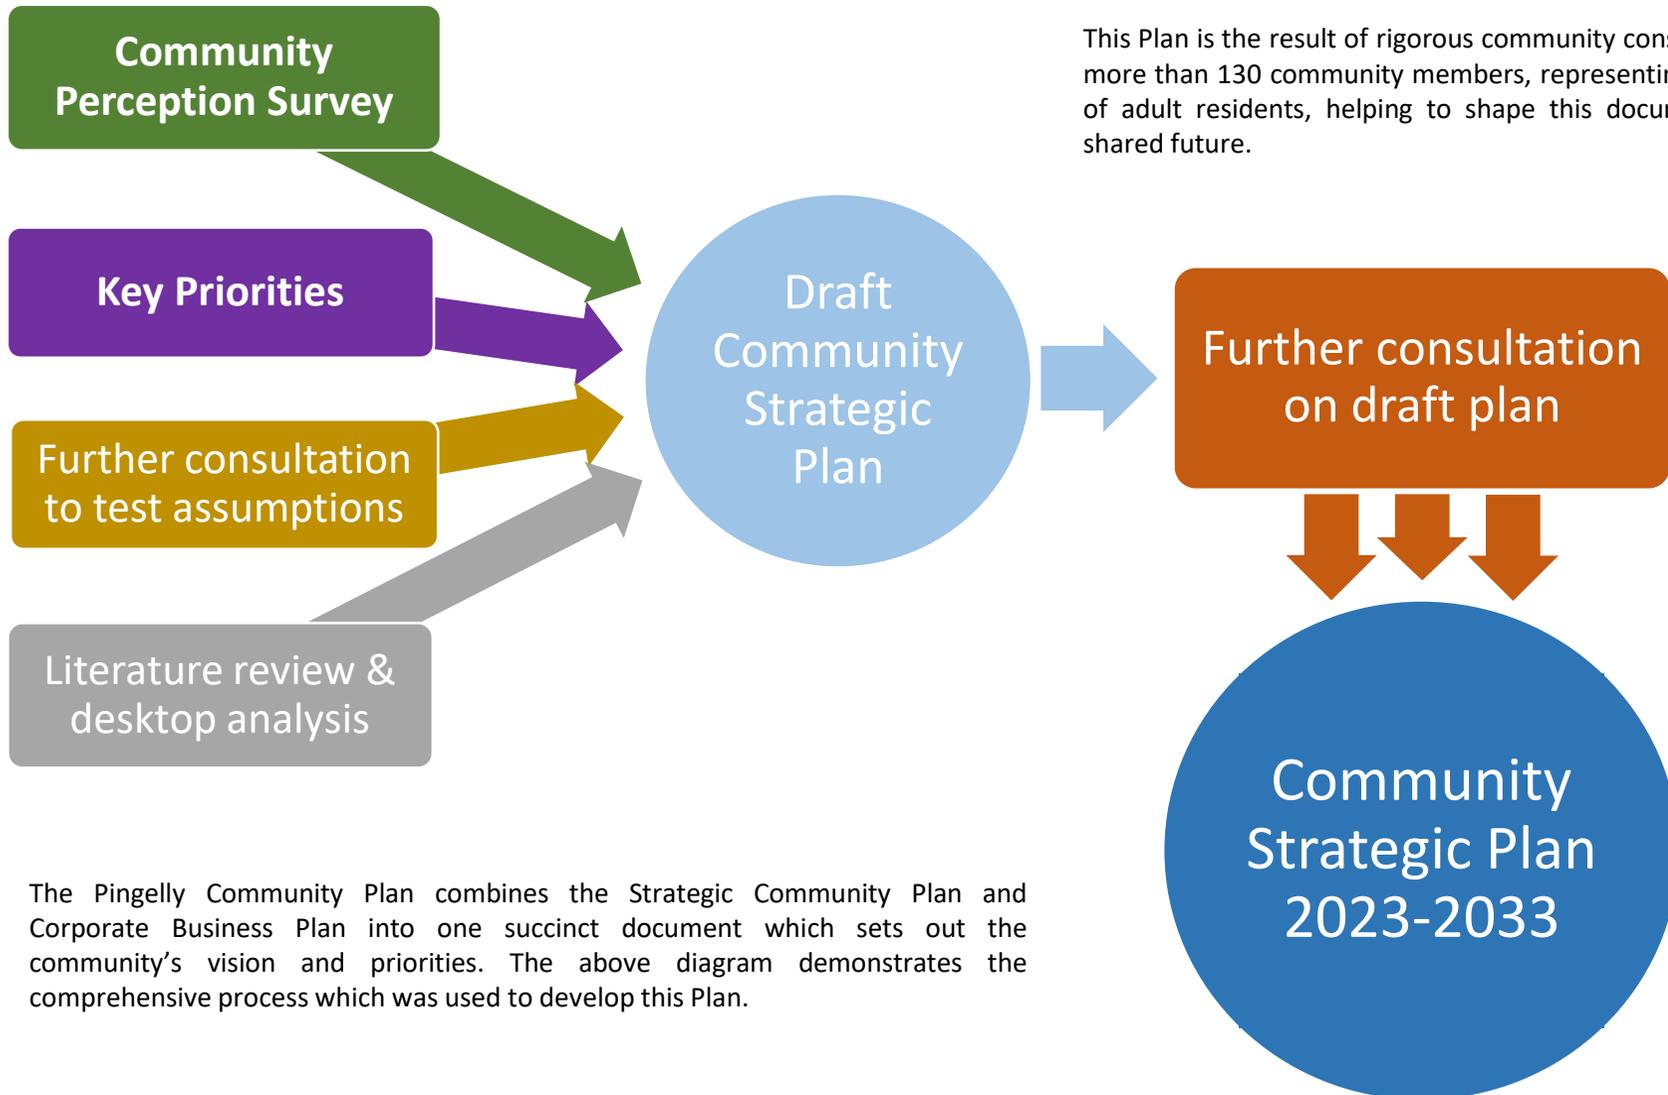

Andrew Dover

Chief Executive Officer

Pingelly Community Plan 2023-2033

This Plan is the result of rigorous community consultation with more than 130 community members, representing 15 percent of adult residents, helping to shape this document for our shared future.

The Pingelly Community Plan combines the Strategic Community Plan and Corporate Business Plan into one succinct document which sets out the community's vision and priorities. The above diagram demonstrates the comprehensive process which was used to develop this Plan.

Pingelly Community Plan – Progress Report

The Pingelly Community Plan 2023 is used to:

- Guide Council decision-making and priority setting
- Engage local residents, ratepayers, businesses, community groups, and other local stakeholders that contribute our shared future
- Inform decision-making with respect to other partners and agencies, including the Federal and State Governments, regional bodies and other local governments in our region
- Provide a clear avenue to pursue funding and grant opportunities by demonstrating how projects align with the aspirations and strategic direction of our community and Council
- Inform future partners of our key priorities, and the ways in which we seek to grow and develop
- Provide a framework for monitoring progress against the community’s vision and aspirations

				
People	Planet	Place	Prosperity	Performance
With our positive nature, we are creating a safe, caring and inclusive community for all to enjoy.	Pingelly’s natural areas and systems are healthy and thriving, and natural resources are being used sustainably.	Our heritage buildings are being thoughtfully restored and preserved and we are investing in safe roads and quality infrastructure to enhance our quality of life.	Pingelly is attracting government and private investment, helping to grow and strengthen the economy, attract visitors, and deliver job security now and for the future.	The Shire of Pingelly is an innovative, responsive partner to its community, an effective advocate, and a trusted steward of community assets. The organisation achieves good practice in all that it undertakes.

The Pingelly Community Plan 2023–2033 sets out the long-term vision for the Shire, structured around five key themes: People, Planet, Place, Prosperity and Performance. These themes reflect the community’s aspirations and guide the Shire’s planning, investment and service delivery. The following section outlines progress made during the 2024/25 financial year across each theme.

People

A connected, healthy, inclusive and vibrant community

Celebration Community Events and Cultural Life

FAM Festival 2024

The festival transformed the town into a lively celebration of creativity, with a colourful float parade, live music, art workshops, markets and a curated gallery that showcased the talent and spirit of the community.

Heritage Festival 2025

The Heritage Festival offered a rich and reflective celebration of Pingelly's past. Residents and visitors enjoyed architecture tours, heritage trail walks, vintage machinery displays and a beautifully presented 1920s High Tea in the Town Hall. The festival deepened appreciation for the people, places and events that have shaped the district over time.

Christmas Village 2024

The Christmas Village brought the community together for an evening of festive celebration. Families enjoyed live entertainment, activities, community stalls and a warm, welcoming atmosphere. Decorative lighting and seasonal displays transformed the space into a joyful gathering point, reinforcing the importance of community spirit.

Monthly Movie Nights

Monthly movie nights continued to grow in popularity, offering a relaxed and accessible way for residents to come together. Screenings created a regular social opportunity that appealed to a wide range of ages. These evenings contributed to a sense of belonging and provided a simple but meaningful way for the community to connect.

Age is Just a Number

The intergenerational program *Age is Just a Number* continued to flourish, creating meaningful connections between students and older residents. Through shared activities, conversations and creative projects, participants built confidence, understanding and mutual respect. The program strengthened social cohesion and highlighted the value of intergenerational learning.

People

A connected, healthy, inclusive and vibrant community

Wellbeing, Inclusion and Social Connection

Youth Engagement

Youth engagement remained a strong focus throughout the year. Young people participated in school holiday programs, leadership opportunities and creative workshops, and played an active role in shaping the design of the Youth Precinct. Their involvement ensured that the precinct reflects their needs, interests and aspirations.

Seniors Week

Seniors Week provided opportunities for older residents to connect, learn and celebrate their contributions to the community. Morning teas, workshops and social activities encouraged participation and supported wellbeing, while also recognising the important role seniors play in shaping the character and resilience of Pingelly.

Volunteer Celebration Evening – “Spit & S’mores”

The Volunteer Celebration Evening offered a warm and heartfelt acknowledgement of the many volunteers who contribute to the vitality of the district. The evening brought together volunteers from emergency services, community groups, sporting clubs and cultural organisations for a relaxed gathering featuring a spit roast dinner and s’mores around the fire. The event highlighted the essential role volunteers play in strengthening community life.

Australia Day Awards 2025

The following people were awarded at the Australia Day awards:

- Lorraine Riches – Community Service of the Year
- Rod Shaddick – Volunteer of the Year
- Pingelly Stay Active – Senior of the Year
- Lily Spencer – Youth of the Year

These awards are to recognise and celebrate individuals and organisations that have made significant contributions or have provided outstanding service to the local community over several years.

Planet

A protected, sustainable & resilient natural environment

Environmental Projects and Partnerships

Tree Planting and Landscaping

Tree planting and landscaping continued across the district, supporting shade, biodiversity and the overall visual appeal of community spaces. The Shire's commitment to greening public spaces remains a key part of its long-term environmental strategy and contributes to a more sustainable and attractive community environment.

One of the year's environmental achievements was the CMCA Greenfund Tree Planting Day, which brought volunteers from across the region to the Pingelly Caravan Park. Together, participants planted one hundred native plants, contributing to long-term revegetation and enhancing the natural amenity of the site.

Sustainable Infrastructure and Practices

Sustainability was embedded into the planning and delivery of infrastructure projects throughout the year. Environmental themes were woven into youth programs, community events and volunteer activities, helping to build a culture of environmental responsibility across all age groups. These initiatives supported the Shire's broader goal of fostering a community that values and protects its natural environment.

Waste and Resource Management

The Shire continued to provide reliable waste and recycling services, ensuring that residents had access to responsible disposal options. Participation in regional waste management initiatives strengthened the Shire's capacity to manage resources effectively and sustainably. Community education remained an important focus, with ongoing communication encouraging residents to reduce waste, recycle correctly and adopt more sustainable habits.

The Shire's commitment to responsible waste management, combined with its investment in environmental projects and sustainable infrastructure, reflects a broader dedication to protecting the natural environment and building long-term resilience across the district.

Place

A well-planned, accessible & attractive built environment

Community Facilities & Infrastructure

Accessible Infrastructure

Accessibility remained a central priority for the Shire. The installation of a wheelchair lift at the Town Hall, the PRACC carpark ramp, handrail installations and accessibility enhancements at the Shire Office all contributed to a more inclusive environment. These achievements reflect the Shire's commitment to ensuring that all residents can participate fully in community life and were recognised through the Shire's nomination for the 2024 Most Accessible Community in WA Awards.

Youth Precinct Development

The Youth Precinct advanced significantly during the year and stands as one of the Shire's most ambitious and transformative community projects. When complete, the precinct will feature a Youth Hub supporting several youth focused services, a new Pump Track, and a new Ninja Park, creating a dynamic destination that supports recreation, social connection and youth wellbeing.

Emergency Services Infrastructure - Bush Fire Brigade Buildings

Improvements to emergency services infrastructure were completed with the construction of new Bush Fire Brigade buildings in both West and East Pingelly. These modern facilities provide enhanced operational spaces, secure storage, training areas and improved amenities for volunteers. The West Pingelly Brigade also received a 2.4 appliance on permanent loan from DFES, further strengthening local firefighting capability and ensuring that volunteers have the equipment and facilities they need to respond effectively to emergencies.

Roads, Footpaths and Drainage

The Shire continued to invest in road renewal and maintenance. Gravel re-sheeting, sealing works and drainage improvements were carried out across the district, supporting safer travel and improving the resilience of the road network. These works reflect the Shire's ongoing commitment to maintaining high-quality infrastructure that supports mobility, connectivity and the long-term liveability of the community.

Prosperity

A thriving local economy supported by tourism, business & regional partnerships

Regional Tourism Initiatives

The Shire continued to strengthen its regional tourism presence through active participation in collaborative initiatives including a feasibility study for a long-distance cycling and walking trail between Beverley and Narrogin. This project has the potential to attract new visitors, support recreation and enhance regional connectivity, positioning Pingelly as a key stop along a unique tourism corridor. Funding was secured for a new drive trail in partnership with the Shire of Wandering, which will support cross-regional promotion and encourage travellers to explore the Wheatbelt's natural and cultural attractions. These initiatives reflect the Shire's commitment to building a diverse and resilient tourism economy.

Local Business and Industry Support

The Shire continued to support local business growth and diversification through the Pingelly Industry Attraction Programme, which played a key role in one of the year's most exciting economic developments — the opening of Giggle and Grow. This new early-years service filled a vital gap in local childcare and family support, enabling parents to participate more fully in the workforce and strengthening Pingelly's appeal as a place to live, work and raise a family. Similarly, the Shire offered an attraction package of \$20,000 which was heavily promoted throughout the region to a buyer of the butcher shop.

Local businesses also benefited from increased visitation generated by community events such as the FAM Festival, Heritage Festival and Christmas Village. These events brought people into the town centre, supported local spending and strengthened the connection between community celebration and economic activity.

The Shire's ongoing investment in infrastructure, tourism and community events contributed to a more vibrant and economically resilient district. By supporting local businesses, enhancing visitor experiences and strengthening regional partnerships, the Shire continued to build the foundations for long-term prosperity.

Performance

A high-performing, transparent & community-focused organisation

Governance and Compliance

The Shire continued to uphold strong governance practices throughout 2024/25, ensuring that decision-making remained transparent, accountable and aligned with legislative requirements. Compliance was maintained across all statutory obligations. The Shire's governance framework continued to support clear processes, consistent reporting and a culture of integrity across all areas of operation, reinforcing community confidence in the organisation's performance.

Planning and Reporting

The Shire continued to implement the Pingelly Community Plan 2023–2033, which integrates the Strategic Community Plan and Corporate Business Plan into a single, cohesive framework. This alignment ensured that annual priorities, projects and operational activities remained directly connected to the long-term aspirations of the community.

A key achievement during the year was the delivery of strategic workshops for the Minor Review of the Pingelly Community Plan.

Community Engagement and Communication

Communication and engagement remained central to the Shire's approach, ensuring that residents stayed informed, involved and connected to local decision-making. Regular Shire News editions, social media updates and community notices provided timely information about projects, events, services and Council decisions.

The Shire maintained a commitment to accessible communication, ensuring that information was clear, inclusive and available across multiple platforms. This approach strengthened trust, encouraged participation and supported a more informed and engaged community.

Organisational Capability

The Shire continued to invest in its workforce and internal systems to ensure that the organisation remained responsive, capable and future-focused.

Collaboration between Council, staff and community stakeholders remained a defining strength, enabling the Shire to deliver high-quality services and progress projects with confidence and cohesion.

Looking to 2025/2026

Local Roads

Local roads are the Shire's foremost priority. The Shire has made its largest commitment to date, allocating \$2,948,000 to road construction and maintenance.

Major projects include Moorumbine Road, Bulyee Road, Aldersyde-Pingelly Road, Jingaring Road, Yenellin Road, North Bannister-Pingelly Road, and Balfour Street. A new heavy vehicle rest area on the highway will be constructed with \$285,416 in predominantly grant funding, supporting safe travel and the freight industry.

Community Facilities and Recreation

Strategic investment in community facilities continues. The swimming pool will receive \$300,000 for renewal works, ensuring this vital facility serves families for years to come. The oval will benefit from \$70,000 for upgraded floodlights, extending hours available for sport and recreation.

The PRACC precinct will see significant grant-funded upgrades, including completion of the ninja park, outdoor squash court and pickleball courts. The Queen Street pump track will also be completed. Memorial Park will be enhanced with \$15,000 for play equipment and other facilities.

Culture, Heritage and the Public Realm

The Pingelly Culture and Art Framework moves from planning to delivery. Stage 1 renovation of 27 Parade Street (old Central Garage) will commence with \$97,000 to create Pingelly's art and craft centre.

Public realm improvements include \$10,000 for footpath maintenance, \$15,000 for solar lighting in parks and footpaths, \$10,000 for heritage façade upgrades, and \$12,000 for CCTV upgrades. Chronicle cemetery software (\$14,350) will map Pingelly and Moorumbine Cemeteries, creating a searchable historical database.

Economic Growth

Economic development remains a strategic priority, with the Shire maintaining the Investment Attraction Fund to encourage new businesses to establish in Pingelly and support existing businesses to expand. Funding has been allocated for the delivery of a significant event that will draw visitors and generate economic activity, building on the success of events like the FAM Festival and Heritage Festival.

Statutory Disclosures

Council Meetings

Council continued with a monthly Ordinary Council Meeting schedule, except January. A total of 11 Ordinary Council Meetings (OCM), 3 Special Council Meetings (SCM) and 2 Audit and Risk Committee Meetings (ACM) were held. The following table shows the Councillor attendance at these meetings.

	OCM	SCM	ACM
Cr J McBurney	10	3	2
Cr P Wood	9	2	1
Cr B Hotham	11	3	2
Cr P Narducci	6	2	1
Cr K Singh	9	1	1
Cr C Cheney	7	1	1
Cr A Trethewey	11	3	2

Councillor Fees & Allowances

The following fees were paid to Councillors during the 2024/2025 financial year:

	Fees	Allowances
President	\$10,600	\$1,500
Deputy President	\$5,000	\$500
Councillors	\$4,600	-

Nil travel expenses were paid.

Primary and Annual Returns

All Primary and Annual Returns were completed by Councillors and relevant employees.

Employee Remuneration

In accordance with section 5.53(2) (g) of the *Local Government Act 1995* and Section 19B of the *Local Government (Administration) Regulations 1996*, the following information is provided with respect to employees annual salary entitlement. Set out below, in bands of \$10,000 is the number of employees of the Shire of Pingelly remuneration with an annual salary of \$130,000 or more.

Salary Range \$	Number of Employees
130,000 - 139,999	1
160,000-169,000	1

Statutory Disclosures

Freedom of Information

During the 2024-2025 financial year, Council received no requests for information under *Freedom of Information Act 1992*. Council prides itself on being both accountable and accessible to electors and unless containing certain matters, such as personal information etc. is generally able to satisfy all requests for information on any Council related matter outside of the requirements of this Act.

Public Interest Disclosures

As a public authority, the Shire has an obligation to provide information under the Public Interest Disclosure Act 2003. No public interest disclosure requests were received during 2024-2025

Register of Complaints

Section 5.53 (2)(hb) of the *Local Government Act 1995* requires that a local government's Annual Report is to contain details of entries made under Section 5.121 of the Act during the financial year, in the register of complaints. There were no complaints of this nature received and recorded in the Register for the 2024-2025 reporting period.

National Competition Policy

In respect to Council's responsibilities in relation to National Competition Policy the Shire of Pingelly reports as follows:

- No business enterprise of the Shire has been classified by the Australian Bureau of statistics as either a Public Trading Enterprise or a Public Financial Enterprise.
- Competitive neutrality has not applied to any activities undertaken by the Shire in this reporting period.
- No allegations of non-compliance with the competitive neutrality principles have been made by any private entity.

Transactions/Undertakings

There have been no land transactions or trading undertakings conducted by the Shire of Pingelly in the 2024-2025 financial year.

Disability Access & Inclusion Plan

The Disability Access Inclusion Plan 2020-25 is a strategic document for the Shire of Pingelly required by the Government of Western Australia and registered with the Department of Communities. The Shire's DAIP complies with the Disability Services Act 1993 and was developed in consultation with people with disabilities and the community. This document is reported on annually to improve quality of life outcomes for people who live with a disability. The Shire has achieved the following objectives:

- Incorporate the objectives of the DAIP into Council's Corporate Business Plan
- Ensure Shire staff, agents and contractors are aware of the DAIP and the requirements for providing access and inclusion to services and events
- Ensure that information from the Shire website is accessible
- Renovations and newly constructed facilities take disability access into consideration as part of the design.
- Improve Executive awareness of the importance of the DAIP as an instrument for improving access and inclusion within the Shire

The Shire of Pingelly has taken significant strides forward to make our community more accessible, however much more must be done to provide equal access and opportunity for all.

Recordkeeping Plan

Section 19 of the *State Records Act 2000* requires every government organisation to have a Recordkeeping Plan (RKP) that has been approved by the State Records Commission. The Shire's Recordkeeping Plan complies with State Records Commission Standard 2, Principle 6

The RKP sets out the matters about which records are to be created by the organisation and how it is to be kept. This document provides as accurate reflection of the RKP program within the Shire of Pingelly. The inclusion of such documentation will constitute evidence of compliance.

Staff members responsible for records management have been trained in the basic retention and disposal methods for Local Government and have attended RKP training at the Office of State Records.

In house training sessions for staff are conducted on an as needs basis, for example, when an aspect of the recordkeeping systems changes, or if responsibilities change.

In accordance with Section 28 of the *State Records Act 2000*, the RKP for the Shire of Pingelly was reviewed and approved by the State Records Commission in 2021 with the next review of the plan to be completed in 2025-26.

SHIRE OF PINGELLY
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

1. BASIS OF PREPARATION

The financial report of the Shire of Pingelly which is a Class 4 local government comprises general purpose financial statements which have been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the *Local Government Act 1995*, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied except for disclosure requirements of:

- AASB 7 Financial Instruments Disclosures
- AASB 16 Leases paragraph 58
- AASB 101 Presentation of Financial Statements paragraph 61
- AASB 107 Statement of Cash Flows paragraphs 43 and 45
- AASB 116 Property, Plant and Equipment paragraph 79
- AASB 137 Provisions, Contingent Liabilities and Contingent Assets paragraph 85
- AASB 140 Investment Property paragraph 75(f)
- AASB 1052 Disaggregated Disclosures paragraph 11
- AASB 1054 Australian Additional Disclosures paragraph 16

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 Leases which would have required the Shire to measure any vested improvements at zero cost.

The *Local Government (Financial Management) Regulations 1996* provide that:

- land and buildings classified as property, plant and equipment; or
 - infrastructure; or
 - vested improvements that the local government controls;
- and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 Property, Plant and Equipment, which would have required the Shire to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial assets.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment - note 8
 - Infrastructure - note 9

Fair value hierarchy information can be found in note 23

The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 2022-5 Amendments to Australian Accounting Standards - Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards - Non-current Liabilities with Covenants
- AASB 2023-3 Amendments to Australian Accounting Standards - Disclosure of Non-current Liabilities with Covenants: Tier 2
- AASB 2024-1 Amendments to Australian Accounting Standards - Supplier Finance Arrangements: Tier 2 Disclosures
- AASB 2023-1 Amendments to Australian Accounting Standards - Supplier Finance Arrangements

These amendments do not have a material impact on the financial report on initial application.

- AASB 2022-10 Amendments to Australian Accounting Standards - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

These amendments resulted in changes to the fair value of certain non-financial assets on revaluation. The adoption of the standard resulted in the inclusion of professional and project management fees within the 2024-25 valuations. These fees resulted in increase of the valuation and they vary depending on the complexity of construction type and location of the asset, as determined by an independent external valuation.

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2024-4b Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-9 Amendments to Australian Accounting Standards - Insurance Contracts in the Public Sector
- AASB 2023-5 Amendments to Australian Accounting Standards - Lack of Exchangeability
- AASB 18 (FP) Presentation and Disclosure in Financial Statements - (Appendix D) [for for-profit entities]
- AASB 18 (NFP/super) Presentation and Disclosure in Financial Statements - (Appendix D) [for not-for-profit and superannuation entities]
- AASB 2024-2 Amendments to Australian Accounting Standards - Classification and Measurement of Financial Instruments
- AASB 2024-3 Amendments to Australian Accounting Standards - Annual Improvements Volume 11

These amendments are not expected to have any material impact on the financial report on initial application.

**SHIRE OF PINGELLY
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/refunds/warranties	Timing of revenue recognition
Rates General Rates	General Rates	Over Time	Payment Dates Adopted by Council	None	When Rates Notice is Issued
Grants Contracts with Customers	Community Events, Minor facilities, research, design, planning evaluation and services	Over Time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Grants,subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Grants,subsidies or contributions with no contractual commitments	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable	Not applicable	When assets are controlled
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue	None	No refunds
Fees and charges - pool inspections	Compliance safety check	Single point in time	Equal proportion based on an equal annually fee	None	After inspection complete based on a 4 year cycle
Fees and charges - other inspections	Regulatory food, health and safety	Single point in time	Full payment prior to inspection	None	Revenue recognised after inspection event occurs
Fees and charges - waste management collections	Kerbside collection service	Over time	Payment on an annual basis in advance	None	Output method based on regular weekly and fortnightly period as proportionate to collection service
Fees and charges - waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	On entry to facility
Fees and charges - property hire and entry	Use of halls and facilities	Single point in time	In full in advance	Refund if event cancelled within 7 days	On entry or at conclusion of hire
Fees and charges - memberships	Pool membership	Over time	Payment in full in advance	Refund for unused portion on application	Output method over 12 months matched to access right
Fees and charges for other goods and services	Cemetery services,library fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Output method based on provision of service or completion of works
Fees and charges - fines	Fines issued for breaches of local laws	Single point in time	Payment in full within defined time	None	When fine notice is issued
Other revenue - commissions	Commissions on licencing and ticket sales	Over time	Payment in full on sale	None	When assets are controlled
Other revenue - reimbursements	Insurance claims	Single point in time	Payment in arrears for claimable event	None	When claim is agreed

Revenue recognition

Rate revenue was recognised from the rate record as soon as practicable after the Shire resolved to impose rates in the financial year as well as when the rate record was amended to ensure the information in the record was current and correct.

- Unrestricted cash and cash equivalents	951,020	2,048,767
- Restricted cash and cash equivalents	566,452	1,116,391
17	1,517,472	3,165,158

MATERIAL ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

4. OTHER FINANCIAL ASSETS

Movement attributable to fair value increment	(2,663)	1,261
Units in Local Government House Trust - closing balance	59,715	62,378

MATERIAL ACCOUNTING POLICIES

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows; and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy (see Note 23 (i)) due to the observable market rates.

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The Shire classifies the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has elected to recognise as fair value gains and losses through profit or loss.

SHIRE OF PINGELLY
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

5. TRADE AND OTHER RECEIVABLES

Note	2025	2024
	\$	\$
Current		
Rates and statutory receivables	187,050	181,044
Trade receivables	81,446	149,589
Other receivables	2,923	0
GST receivable	153,630	94,758
Receivables for employee related provisions	3,608	76,960
	428,657	502,351
Non-current		
Rates and statutory receivables	72,645	72,645
	72,645	72,645

MATERIAL ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations or for the construction of recognisable non financial assets as part of the ordinary course of business.

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers and amounts received as grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their

inflation, any difference between the face value and fair value is considered immaterial.

**SHIRE OF PINGELLY

6. INVENTORIES

Current	Note	2025	2024
Fuels & Oils		\$ 5,637	\$ 10,066
		5,637	10,066

The following movements in inventories occurred during the year:

Balance at beginning of year	10,066	2,105
Inventories expensed during the year	(137,262)	(133,849)
Additions to inventory	132,833	141,810
Balance at end of year	5,637	10,066

MATERIAL ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

FOR THE YEAR ENDED 30 JUNE 2025**

10. FIXED ASSETS (Continued)

MATERIAL ACCOUNTING POLICIES

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the Shire.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the Shire to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset; or
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairment

In accordance with *Local Government (Financial Management) Regulations 17A(4C)*, the Shire is not required to comply with *AASB 136 Impairment of Assets* to determine the recoverable amount of its non-financial assets that are land or buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls in circumstances where there has been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Current	78,232	101,250
Non-current	18,881	97,170
	97,113	198,420

MATERIAL ACCOUNTING POLICIES

Leases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 26(d).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the material accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

MATERIAL ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the Shire becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Statutory liabilities

Statutory liabilities, are amounts owed to regulatory authorities due to statutory obligations such as FBT and PAYG. GST payable is offset against GST receivable and any net GST payable is included as a statutory liability.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises income for the prepaid rates that have not been refunded.

MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the Shire's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the Shire which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Secured liabilities and assets pledged as security

Debentures, bank overdrafts and bank loans are secured by a floating charge over assets of the Shire of Pingelly. The Shire of Pingelly has complied with the financial covenants of its borrowing facility during the 2025 and 2024 years.

MATERIAL ACCOUNTING POLICIES

Borrowing costs

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

Risk

Details of individual borrowings required by regulations are provided at Note 26(a).

Total employee related provisions	<u>360,898</u>	<u>410,232</u>

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period.

MATERIAL ACCOUNTING POLICIES

Employee benefits

The Shire's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

	<u>21,083</u>	<u>23,000</u>	<u>18,667</u>
21(b)	<u>39,283</u>	<u>40,700</u>	<u>35,667</u>

(b) Key management personnel (KMP) compensation

The total of compensation paid to KMP of the Shire during the year are as follows:

Short-term employee benefits	398,527		446,082
Post-employment benefits	43,800		55,740
Employee - other long-term benefits	44,882		44,697
Employee - termination benefits	69,946		22,812
Council member costs	39,283		35,667
21(a)	<u>596,438</u>		<u>604,998</u>

Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

Post-employment benefits

These amounts are the current-year's cost of the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

Termination benefits

These amounts represent termination benefits paid to KMP (Note: may or may not be applicable in any given year).

Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

**SHIRE OF PINGELLY
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

21. RELATED PARTY TRANSACTIONS (Continued)

(c) Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guarantees exist in relation to related parties at year end.

In addition to KMP compensation above the following transactions occurred with related parties:

	2025 Actual	2024 Actual
	\$	\$
Purchase of goods and services	6,671	71,758

(d) Related parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the Shire, directly or indirectly, including any council member, are considered key management personnel.

ii. Other Related Parties

Outside of normal citizen type transactions with the Shire, there were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

In the previous year, a company controlled by a related party of a council member, was awarded a contract due to the withdrawal of the original contractor. The sum of \$54,348 was paid. The terms were equivalent to arms length transactions under the Shire's procurement process.

iii. Entities subject to significant influence by the Shire

There were no such entities requiring disclosure during the current or previous year.

**SHIRE OF PINGELLY
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

There were no events after the end of the reporting period that required disclosure in the Financial Report.

SHIRE OF PINGELLY
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

23. OTHER MATERIAL ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 *Fair Value Measurement* requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards the Shire's assets, other than inventories, are assessed at each reporting date to determine whether

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount except for non-financial assets that are:

- land and buildings classified as property, plant and equipment;
- infrastructure; or
- vested improvements that the local government controls, in circumstances where there has been an impairment indication of a general decrease in asset values.

These non-financial assets are assessed in accordance with the regulatory framework detailed in Note 10.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 *Property, Plant and Equipment*) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of reserve account	Purpose of the reserve account
Restricted by council	
(a) Leave Reserve	Ongoing To fund annual and long service leave requirements
(b) Plant Reserve	Ongoing to fund the change over costs of plant
(c) Buildings Reserve	Ongoing to fund the renovation/purchase of Shire of Pingelly buildings and Recreation Infrastructure
(d) Community Bus Reserve	Ongoing to fund the change over of the community bus
(e) Swimming Pool Reserve	Ongoing to fund the upgrade of the swimming pool complex
(f) Electronic Equipment Reserve	Ongoing to fund the purchase of information technology hardware and software equipment
(g) Tutanning Nature Reserve	Ongoing to fund the operation, improvements and promotion of the Tutanning Nature Reserve
(h) Wheatbelt Secondary Freight Network	Ongoing to fund the future construction of the Wheatbelt Freight Network roads
(i) Refuse Rehabilitation Reserve	Ongoing to fund the rehabilitation/closure of the town refuse site
(j) PRACC Facility Reserve	Ongoing to fund the maintenance of the Pingelly Recreation and Cultural Centre (PRACC) building

Auditor General

INDEPENDENT AUDITOR'S REPORT

2025

Shire of Pingelly

To the Council of the Shire of Pingelly

Opinion

I have audited the financial report of the Shire of Pingelly (Shire) which comprises:

- the statement of financial position as at 30 June 2025, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report :

- is based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2025 and its financial position at the end of that period
- is in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2025, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the Shire is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the Shire's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements*, the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the Shire of Pingelly for the year ended 30 June 2025 included in the annual report on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the Shire to confirm the information contained in the website version.
