COUNCIL MEETING INFORMATION NOTES

Your Council generally handles all business at Ordinary or Special Council Meetings.

From time to time Council may form a Committee to examine subjects and then report to Council.

Generally all meetings are open to the public; however, from time to time Council will be required to deal with personal, legal and other sensitive matters. On those occasions Council will generally close that part of the meeting to the public. Every endeavour will be made to do this as the last item of business of the meeting.

Public Question Time. It is a requirement of the Local Government Act 1995 to allow at least fifteen (15) minutes for public question time following the opening and announcements at the beginning of the meeting. Should there be a series of questions the period can be extended at the discretion of the Chairman.

Written notice of each question should be given to the Chief Executive Officer fifteen (15) minutes prior to the commencement of the meeting. A summary of each question and response is included in the Minutes.

When a question is not able to be answered at the Council Meeting a written answer will be provided after the necessary research has been carried out. Council staff will endeavour to provide the answers prior to the next meeting of Council.

Councillors may from time to time have a financial interest in a matter before Council. Councillors must declare an interest and the extent of the interest in the matter on the Agenda. However, the Councillor can request the meeting to declare the matter trivial, insignificant or in common with a significant number of electors or ratepayers. The Councillor must leave the meeting whilst the matter is discussed and cannot vote unless those present agree as above.

Members of staff, who have delegated authority from Council to act on certain matters, may from time to time have a financial interest in a matter on the Agenda. The member of staff must declare that interest and generally the Chairman of the meeting will advise the Officer if he/she is to leave the meeting.

Agendas, including an Information Bulletin, are delivered to Councillors within the requirements of the Local Government Act 1995, i.e. seventy-two (72) hours prior to the advertised commencement of the meeting. Whilst late items are generally not considered there is provision on the Agenda for items of an urgent nature to be considered.

Should an elector wish to have a matter placed on the Agenda the relevant information should be forwarded to the Chief Executive Officer in time to allow the matter to be fully researched by staff. An Agenda item, including a recommendation, will then be submitted to Council for consideration. The Agenda closes the Monday week prior to the Council Meeting (i.e. ten (10) days prior to the meeting).

The Information Bulletin produced as part of the Agenda includes items of interest and information, which does not require a decision of Council.

Agendas for Ordinary Meetings are available in the Shire of Pingelly Office, on the website and the Pingelly Library seventy-two (72) hours prior to the meeting and the public are invited to secure a copy.

Agenda items submitted to Council will include a recommendation for Council consideration. Electors should not interpret and/or act on the recommendations until after they have been considered by Council. Please note the Disclaimer in the Agenda (page 3).

Public Inspection of Unconfirmed Minutes (Reg 13)

A copy of the unconfirmed Minutes of Ordinary and Special Meetings will be available for public inspection from the Shire of Pingelly Office and the Shire of Pingelly website within ten (10) working days after the Meeting.

NOTE:

Unopposed Business

Upon a motion being moved and seconded, the person presiding may ask the meeting if any member opposes it.

If no member signifies opposition to the motion the person presiding may declare the motion in sub clause (1) carried without debate and without taking a vote on it.

A motion carried under sub clause (2) is to be recorded in the minutes as a unanimous decision of the Council or committee.

If a member signifies opposition to a motion the motion is to be dealt with according to this Part.

This clause does not apply to any motion or decision to revoke or change a decision which has been made at a Council or committee meeting.

Question Time

This Policy provides guidance to the Presiding Member (noting the provisions of the *Local Government (Administration) Regulation 7*).

Question time is for the asking of questions. General comments, issues for debate etc. are to be progressed through the normal procedure for submitting Agenda items for Council's consideration. Tabled correspondence will not be accepted.

Unless the person is known to all other persons in the Chamber, the Questioner is to state their name and address prior to asking the question.

The Questioner is to stand to address the Presiding Member, unless illness or a physical or other disability prevents him/her from doing so. All questions are to be addressed to the Presiding Member.

The question must be immediately put and may be followed by a brief statement related to the question.

The Presiding Member may respond to the question or may nominate a Councillor or an Officer to respond.

Debate between the Questioner or public and a Councillor or Officer is not permitted.

Questions may not be put by Councillors to the Questioner or other members of the public except for the purpose of clarification.

If the Presiding Member determines that a full and complete answer is unable to be given at that time, the question may be taken on notice. In that case, an answer will be given in writing to the Questioner within 7 days and the response tabled at the next Ordinary Council meeting.

A summary of the question and the response only is to be recorded in the minutes of the meeting.

12.1 Dryandra Country Visitor Centre Meeting – Report from Cr Ray Marshall

DRYANDRA COUNTRY VISITORS CENTRE.

MEETING REPORT. 24th March at Narrogin.

Please find the following report -:

1.The issue of volunteer executive officers continues as a problem. The secretary could not attend the meeting and the treasurer is doubtful whether she can continue. It was also mentioned shop volunteers were difficult to recruit and it was left to only a few. I suggested this was an increasing problem in most rural towns, including Pingelly.

2.It was agreed a letter outlining DCVC's budget requirements be sent to stakeholder Shires ASAP as Shires were now preparing their 16/17 budgets.

3.Pingelly's and Cuballing's contributions are still outstanding. Pingelly's \$3000.00 March, \$3000.00 June. It was noted most of Shire financial contributions are towards the Manager's salary. There was some discussion as to the Manager being directly employed by the Town of Narrogin and her salary be reimbursed by the DCVC. Less bookwork etc!! The financial situation to the end of June with prudent budgeting will be O.K.

4.The March Manager's Report is available online.

5. On the 11th April a contingent of DCVC members will visit Pingelly for a fact finding tour of Pingelly Town & District's tourism precincts. The Community Bus has been booked for this event.

6. The next meeting of the DCVC will be Thurs. April 28th @1.30 p.m.

Ray Marshall,
Delegate for Pingelly Shire

Lot 801 – 7 Marconi St is zoned Rural Residential but is within the Gazetted Town Site.

Comment:

The applicants are requesting permission to keep alpacas on their property at Lot 801 – 7 Marconi Street.

The property is zoned “*Rural Residential*” and situated within the Gazetted Townsite with an area of 3.942ha.

Public comment from the nearby residents was sought by way of letter on 8 February 2016, with submissions requested by 29 February 2016.

Response was received from two nearby residents (two households) to the request for comment on the keeping of alpacas at Lot 801 – 7 Marconi Street, with both responses in favour of the keeping of the alpacas.

Alpacas are a flock animal used for protection of sheep or lambs against foxes and not normally stabled.

The applicants have requested the following exemptions:

- Requirements for stables to be waived as the alpacas do not require stabling.
- Reduce the requirement of 15m boundary from applicants own dwelling to 13.4m as fencing already in place. The requirement for 15m from to neighbours dwelling would be adhered to.
- Requirement for manure receptacle to be waived as alpacas will not be housed in stables.

This application would be for alpacas only to be kept at the property.

Re your letter date 19th January 2016
"Keeping of large animals within gazetted town site"

To Mr Gibbs

I would firstly like to apologise for not being aware of the need to apply for a permit to keep alpacas on our property.

We would like to formally apply to council to keep large animals on our property (not horses)- Lot 801 Marconi St Pingelly.

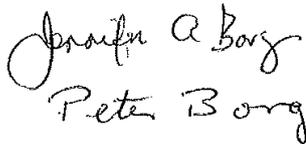

We wish to also apply for exemption to the following local laws in regard to keeping these large animals

1. Requirement for stables – can this be waived as our large animals they do not require stables.
2. Reduce the requirement of a 15m boundary to our own home to 13.4m as our fencing is already in place and we are happy with the reduction in boundary. We note that the requirement of 15m to the neighbour's dwellings will be adhered to.
3. Requirement manure receptacle - can this be waived as we will not be housing them in stables.

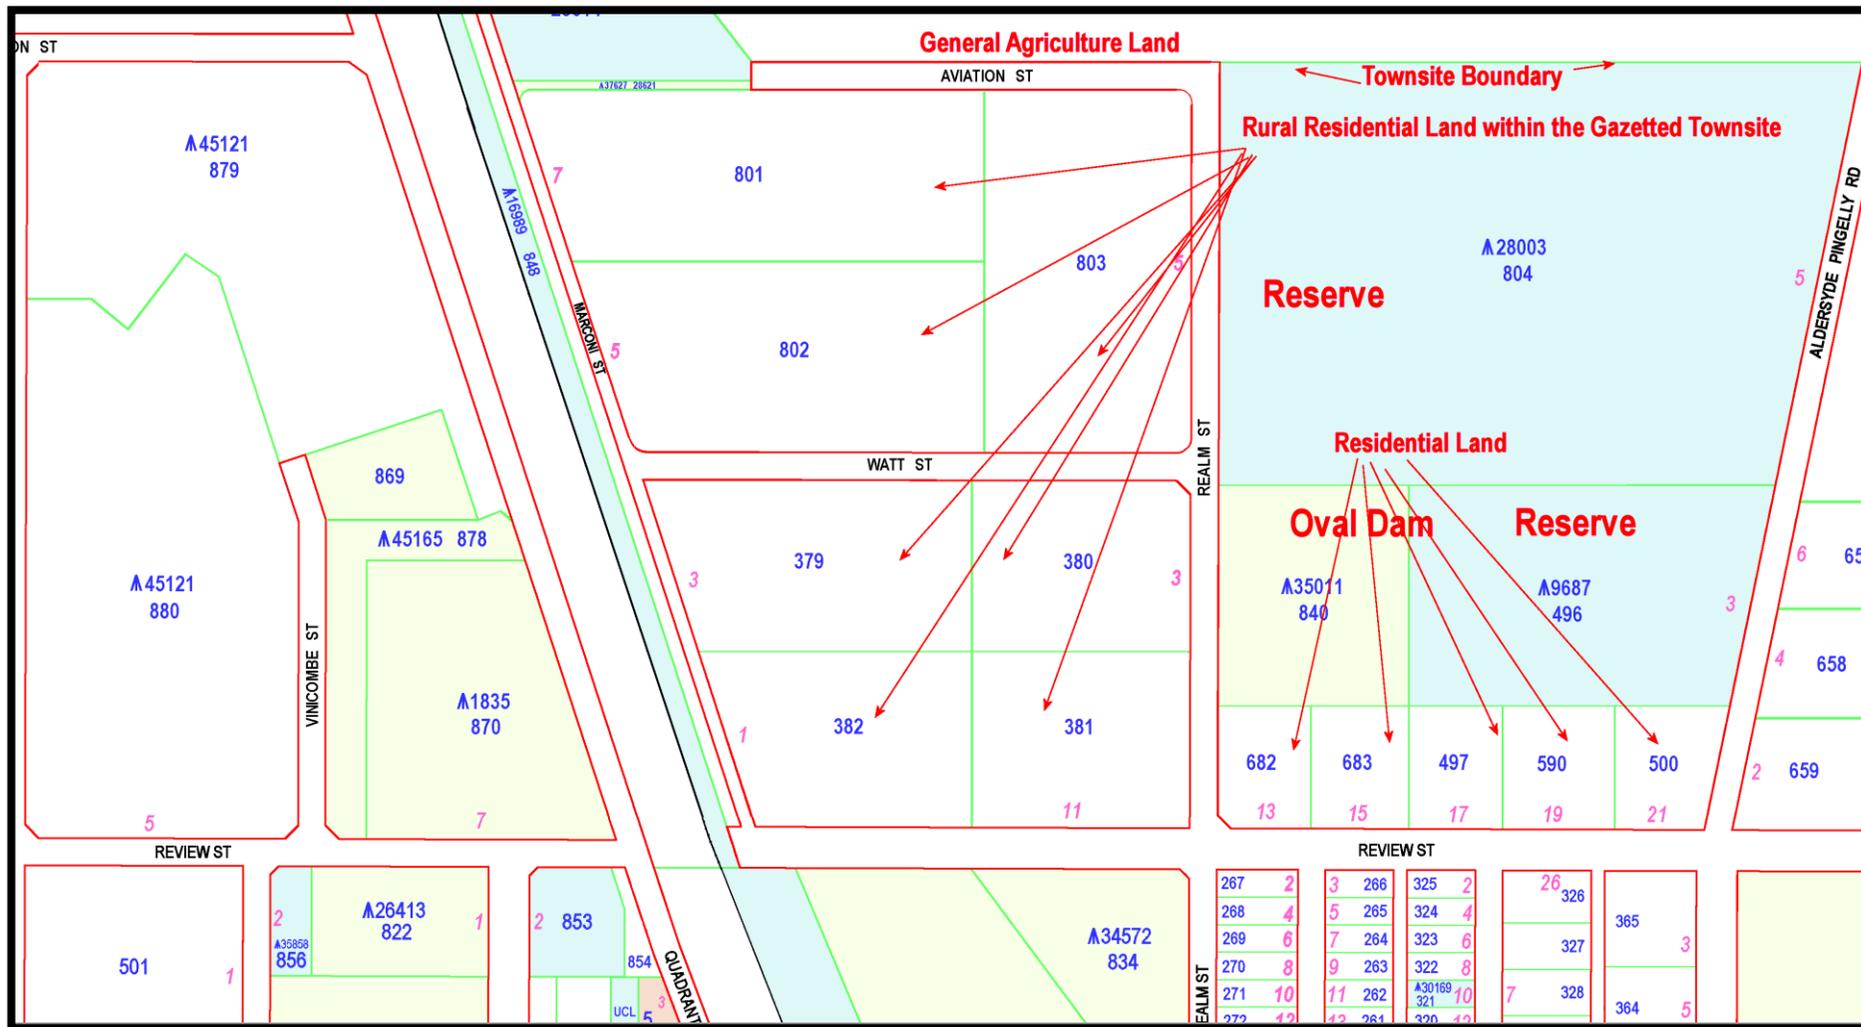

Please advise if you require any further details to consider our application for keeping of large animals (not horses) on our property at Lot 801 Marconi St Pingelly.

Kind regards

15.2 Proposed Non Commercial Motorcycle Activity

File Reference: A3692
Location: Various Locations – Moorumbine Road
Applicant: Willie Thomson of Dirt High Promotions
Author: Sheryl Squiers, Administration Officer Technical
Date: 29 March 2016
Disclosure of Interest: Nil
Attachments: Nil

Summary:

Council to consider granting approval for a proposed Non Commercial Motorcycle Activity on 16 & 17 July 2016 on the following locations 21192, 2399, 2740, 16311, 4631, 1048, 16310 & 8588.

Background:

An application has been received from Willie Thomson of Dirt High Promotions for planning consent for a proposed Non Commercial Motorcycle Activity in the Shire of Pingelly.

The proposed activity is to be on the weekend of 16 & 17 July 2016 on property owned by Jeff Overington of D Overington & Co.

Comment:

An application has been received from Willie Thomson of Dirt High Promotions for planning consent for a proposed Non Commercial Motorcycle Activity on property owned by Jeff Overington of D Overington & Co.

The land is zoned General Agriculture and with the subject lots to be used for the event fronting Moorumbine Road in the Shire of Pingelly.

The type of event is a Pony Express Motorcycle Event to be held on 16 & 17 July 2016, the owner of the property Jeff Overington of D Overington & Co has given written consent for this event to be held on his property.

The event will be run under permit from Motorcycling Australian and run in accordance with the Australian Rules of Competition, Public Liability Cover of \$50,000,000 through AON Insurance & Motorcycling Australia.

A copy of the application letter and other documentation is inserted below.

The proposed land use is a *use not listed* under the *Shire of Pingelly's Local Planning Scheme No.3* (LPS 3) Table 1 – Zoning Table and cannot be reasonably determined as falling within the interpretation of one of the existing uses. Therefore the provisions contained in Clause 4.4.2 of LPS 3 must be followed:

- 4.4.2 If a person proposes to carry out on land any use that is not specifically mentioned in the Zoning Table and cannot reasonably be determined as falling within the type, class or genus of activity of any other use category the local government may –
- (a) determine that the use is consistent with the objectives of the particular zone and is therefore permitted;
 - (b) determine that the use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of clause 9.4 in considering an application for planning approval; or

- (c) determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.

There will be between 15-20 people setting up the track on Friday 15 July 2016 and tidying up on Monday 18 July 2016.

All parking for the event will be within the property and controlled by voluntary marshalls. A minimum of 6 portable toilets will be provided. No dogs or pets allowed. There will be alcohol sales and food catering provided by the Pingelly Hockey Club.

Event promotion will be through Local Community News & Peel Region Sept Sport will be advised and event promotion through local businesses and motorcycle shops between Peth & Bunbury.

Given the temporary nature of the proposal it is unlikely there will be any substantial negative impact on rural character, amenity or agricultural production in the surrounding area.

The main potential disturbance to amenity would be from noise and traffic. To ensure such amenity disturbance is minimised, should Council grant planning consent for the application, hours of operation could be restricted as a condition of approval.

It would also be suggested an Emergency and Risk Management Plan for the event addressing possible identified risks and proposed mitigation measures be submitted to include:

- Emergency Evacuation
- Fire Management
- First Aid and Ambulance Services
- Toilet Facilities etc

Previous similar events have been approved and operated in the Shire of Brookton including events run by the applicant.

On consultation with Trevor Moran – Planner at Landvision

That issuing a temporary planning approval under clause 10.6 of the LPS No.3, approvals would be required for permits under other Acts, Local Laws and Council Policies. If these are in place to Council's satisfaction then a temporary approval could be issued subject to any conditions Council deems necessary.

10.6 Temporary planning approval

Where the local government grants planning approval, the local government may impose conditions limiting the period of time for which the approval is granted.

Note: A temporary planning approval is where the local government grants approval for a limited period, for example, where the land may be required for some other purpose in the future, and is different to the term of the planning approval which is the period within which the development must commence.

15.6 Realignment of Bettison Road, East Pingelly

File Reference:	00307
Location:	Shire of Pingelly
Applicant:	Shire of Pingelly
Author:	Jacky Jurmann – Consultant Planner
Authorising Officer	Barry Gibbs – Director Technical Services
Date:	30 March 2016
Disclosure of Interest:	Nil
Attachments:	Blank LAA Approved Form (Attachment 4 after purple sheet in attachments book)

Summary:

The purpose of this Report is to outline the options available to Council to expedite the resolution of the formal realignment of Bettison Road, East Pingelly.

After due consideration of the history of this matter and preliminary consultation with the Department of Lands, it is recommended that Council resolve to commence the processes to compulsorily acquire the affected portion of Lot 5541 Bettison Road under the provisions of the *Land Administration Act 1997*, Section 56 to enable the constructed alignment of Bettison Road to be gazetted.

Background:

The 'as constructed' alignment of Bettison Road, East Pingelly near the intersection of Wickepin-Pingelly Road is not congruent with the gazetted alignment and intersects Lot 5541 Bettison Road, a lot privately owned by the estate of the late Patricia Brain.

In March 2010, PH & KE Gow (Licensed Surveyors) were employed to commence concurrent subdivision and road closure processes under the provisions of the *Planning and Development Act 2005* (P&D Act) and the *Land Administration Act 1997* (LAA) to close the unmade portion of the gazetted road alignment and to gazette the constructed portion.

The former landowner, Mrs Patricia Brain (now deceased), agreed to the proposal and provided owner's consent on the subdivision application form. Subdivision approval was granted by the Western Australian Planning Commission (WAPC) on 10 December 2012.

Concurrently, the proposal was advertised to the nearby landowners, the community and relevant service/utility providers in October 2012 to fulfil the road closure requirements of the LAA. No objections being received and accordingly, the Department of Lands were requested to formally close the gazetted unmade portion of Bettison Road.

The Geographic Names Committee was also requested to apply the current road name (i.e. Bettison Road) to the new portion of the road to be gazetted and was approved on 16 January 2013.

Combined Property Settlements were then appointed on 4 January 2013 to prepare the necessary documentation to finalise the subdivision process. Documents were sent to Mrs Brain on 25 February 2013 for signing and as at 17 January 2014, the Settlement Agent was still waiting for Mrs Brain to sign the documents, including verification of identification. Mrs Brain passed away in 2014 and the Settlement Agent is unable to further pursue the issue until such time probate is granted and the property is transferred according to her Will.

Mr Brain, the Executor of the Estate and Mrs Brain's son, was contacted by letter on 1 May 2015 in regards to finalising the matter, however no response was received. After a number of attempts by telephone, contact was finally made with Mr Brain on 26 June 2015 and a meeting was organised on 1 July 2015. Council's Consultant Planner met with Mr Brain to discuss the situation with a view of expediting finalising of the subdivision. Mr Brain advised at the meeting that he was yet to apply for probate but was keen to assist in finalising the realignment and land transfer. Council's Settlement Agent advised that they could assist Mr Brain and he was given this advice at the meeting. Mr Brain has not made any contact with either party or to date, and to the Shire's knowledge the land titles are still in the name of the Estate.

Comment:

The subdivision approval has now lapsed on 10 December 2015 and the Planning and Development Act does not enable the Western Australian Planning Commission to extend subdivision approvals. Therefore, the process would need to be commenced from the beginning, including payment of the application fees that have increased substantially since the time of the original application.

Consultation:

- Extensive consultation was carried out with the landowners as shown in the timeline summarised in the Background section of this Report.
- Community, landowner and service/utility consultation has been conducted as a part of both (road closure and subdivision) processes.
- Most recently preliminary consultation has begun with the Department of Lands regarding the Shire's options to finalise this matter who have advised that:
"Based on the information provided, it appears the Shire will be required to undertake a Section 52 Compulsory Acquisition under the *Land Administration Act 1997* (LAA) and therefore a Notice of Intention to Take will be required. The subject land could then be dedicated under the provisions of Section 56 of the LAA."

Statutory Environment:

Land Administration Act 1997

The LAA provides for local governments to acquire land in one of two ways:

1. By agreement with the owner/s or
2. By taking without the agreement of the owner.

The first option, as outlined in the Background section of this Report, has been unsuccessful and it is therefore now proposed to acquire the land by using the second option in accordance with procedures set out in in Parts 9 and 10 of *Land Administration Act 1997* (LAA).

A Notice of Intention to Take must be first prepared and lodged with a coversheet in an Approved Form acceptable for registration at Landgate under the *Transfer of Lands Act* (TLA). The Order giving notice of the intention to take is made by the Minister for Lands or acquiring authority and commits the issuing authority to the taking of land and assessment for compensation under Parts 9 and 10 of the LAA.

Preliminary advice from the Department of Lands suggests that prior to Council preparing a Notice, a full proposal should be submitted to them for assessment as a first step to ensure that all other avenues have been considered and to confirm that this is the appropriate way of resolving the issue.

Policy Implications:

It is acknowledged that compulsory acquisition is not the desired first action when resolving road alignment issues and should only be used when all other avenues have been exhausted, such as this case.

Financial Implications:

Part 10 of the LAA does provide for assessment of compensation as a result of the compulsory acquisition. Correspondence on the Shire file to the Settlement Agent indicates that when the process was commenced it was the Shire's position that because Mrs Brain would receive additional land, no compensation or payment was proposed as part of the agreement.

Strategic Implications:

The goals of the Pingelly Strategic Community Plan are:

- A Healthy and Cohesive Community
- Enhanced Natural and Built Environment
- Prosperous and Sustainable Local Economy
- Effective Governance and Organisation

Realignment of Bettison Road commenced as a 'Blackspot' project to improve safety for the community and road users. Formalising the realignment using the methodology recommended is consistent with the strategic goals of SCP by ensuring the asset meets the needs of the community and will reduce the risk and public liability.

Voting Requirements:

Absolute Majority

Recommendation:

That Council:

1. **Submit a full proposal to the Department of Lands to confirm that Part 9 of the Land Administration Act 1997 can be utilised to compulsorily acquire the subject portion of land and to gazette the new alignment.**
2. **Authorise the Chief Executive Officer to prepare and submit a Notice of Intention to Take, subject to the Department of Lands recommendation, and request the Minister for Lands to issue an Order to Take under Part 9 of the Land Administration Act 1997.**
3. **Authorise the Chief Executive Officer to enter into any preliminary discussions with the landowner regarding compensation required under Part 10 of the Land Administration Act 1997.**
4. **Receive further reports providing updates on the progress of the matter.**
