I certify this Compliance Audit return has been adopted by Cou	incil at its meeting on

Number 11 – September 2006

1. Introduction

Corporate credit cards can deliver significant benefits to local governments through improved administrative practices and more effective cash management. However, they can also expose a local government to significant risks if not properly controlled.

The risks associated with credit cards can be minimised by implementing policies to control their use.

It is important to have a communication strategy that informs new employees and reminds existing employees of the policies governing the use of credit cards.

2. Legislation

The following provisions of the *Local Government Act 1995* (the Act) and associated regulations impact on the use and control of corporate credit cards:

- Section 2.7(2)(a) and (b) of the Act requires the council to oversee the allocation of the local government's finances and resources and to determine the policies of the local government.
- Section 6.5(a) of the Act requires the Chief Executive Officer (CEO) to ensure that proper accounts and records of the transactions and affairs of the local government are kept in accordance with regulations.
- Local Government (Financial Management) Regulation 11(1)(a) requires local governments to develop procedures for the authorisation and payment of accounts to ensure that there is effective security and appropriate authorisations in place for the use of credit cards.

3. Advantages of Corporate Credit Cards

When used correctly, a credit card can -

- eliminate or reduce time spent on paper based ordering and payments;
- reduce administrative costs;
- reduce the number of payments made per month;
- provide a useful resource in remote and emergency situations;
- reduce the need to carry cash on the premises; and
- provide an effective audit trail of expenditures.

4. Policies and Procedures Governing the Use of Corporate Credit Cards

The following issues should be considered when developing policies and procedures for controlling the use of credit cards –

General

- an agreement should be signed by the cardholder and the local government which sets out the cardholder's responsibilities and legal obligations when using the credit card;
- a register of all current cardholders should be kept which includes card number, expiry date of the credit card, credit limit and details of goods and services the cardholder has authority to purchase;
- all new and existing cardholders should be provided with a copy of the policies relating to the use of credit cards;

- what the cardholder should do in the event their employment ceases, an extended period of leave is taken or they are moved to a position which does not require the use of a credit card;
- what the cardholder should do if they lose or misplace their credit card;
- credit cards should not be transferred to other users;
- how reward schemes, such as Fly Buys, will be treated:
- the arrangements for destruction of all surrendered credit cards; and
- what action is to be taken in the event that a cardholder fails to comply with the policies.

Purchasing

- credit cards should only be used for purchasing goods and services on behalf of the local government;
- personal expenditure should be prohibited;
- a credit card should not be used for cash withdrawals;
- maximum credit limits should be based on the cardholder's need; and
- how purchases by facsimile, telephone or over the Internet are to be dealt with.

Payments

- time frames for payment of accounts should be monitored to ensure that credit charges are minimised;
- establish strict guidelines for expenditure on entertainment; and
- cardholders cannot approve expenditure incurred on their own credit cards.

5. Issuing of Corporate Credit Cards to Elected Members

The Act does not make provision for the issuing of credit cards to elected members. A local government can only pay allowances or reimburse expenses to an elected member. There are no provisions within the Act which allow an elected member to incur a debt, as would be the case with a credit card.

6. Who Should Approve Corporate Credit Card Applications?

The CEO should approve an application by a local government employee for a corporate credit card. In the case of the CEO, the council should approve the application.

7. Taxation Considerations

Goods and Services Tax (GST)

The Australian Taxation Office (ATO) has a ruling available relating to GST and entitlements to input tax credits without a tax invoice (GSTR 2000/26). A copy of this ruling is available from the ATO's website at http://law.ato.gov.au/atolaw/view.htm

This ruling provides an opportunity for corporate credit card statements to be used to claim input tax credits without holding a Tax Invoice. This is only allowed when the corporate credit card provider, the user of the corporate credit card (and their organisation) have met certain conditions.

For details on whether a corporate credit card statement can be used in place of a tax invoice, local governments will need to contact their credit card providers directly. If there are any doubts as to the documentation required to claim input tax credits, then a tax invoice should be obtained for all purchases.

Card users should ask suppliers to record an adequate description of goods/services on the tax invoice to ensure appropriate levels of accountability.

Australian Business Number (ABN)

It is important to remember that if a supplier does not have an ABN and Pay As You Go tax has not been withheld on the credit card statement, the local government is still liable to pay the corporate credit card provider the full amount and also the ATO 48.5% of the purchase price.

About the Guideline series

This document and others in the series are intended as a guide to good practice and should not be taken as a compliance requirement. The content is based on Department officer knowledge, understanding, observation of, and appropriate consultation on contemporary good practice in local government. Guidelines may also involve the Department's views on the intent and interpretation of relevant legislation.

All guidelines are subject to review, amendment and re-publishing as required. Therefore, comments on any aspect of the guideline are welcome. Advice of methods of improvement in the area of the guideline topic that can be reported to other local governments will be especially beneficial.

WESTERN AUSTRALIAN AUDITOR GENERAL'S REPORT

Controls Over Corporate Credit Cards

THE PRESIDENT LEGISLATIVE COUNCIL

THE SPEAKER LEGISLATIVE ASSEMBLY

CONTROLS OVER CORPORATE CREDIT CARDS

This report has been prepared for submission to Parliament under the provisions of section 25 of the *Auditor General Act 2006*.

The report summarises the results of my first focus area audit in the local government sector.

The audit assessed whether 8 local governments have effective controls over the use of corporate credit cards. We found that they generally had satisfactory controls, but we did note various shortcomings and have made related recommendations for improvement.

I wish to acknowledge the cooperation of the staff at the local governments included in this audit.

Auditor General's overview

I am pleased to present my first local government audit report to Parliament, under the *Local Government Amendment (Auditing) Act 2017*.

This report reflects the results of a focus area audit on Controls Over Corporate Credit Cards. These audits have a narrow scope and normally focus on specific areas of financial controls. We audited 8 local governments, some big in size and some small, some metropolitan based and some regional, to give an idea of how local governments are performing in this area.

Given the huge diversity among local governments, the intent of these audits is not to compare, but to provide examples of better practice as well as opportunities for improvement.

Corporate credit cards offer significant benefits to entities. They can reduce costs and streamline business processes associated with authorising, tracking, purchasing, payment and reconciling purchases. But like all financial processes and tools, they can be misused if not properly managed.

I recognise the challenges that small local governments in particular experience with regard to matters such as segregation of duties and suitable arrangements while key staff are on leave. In saying that, the results of this audit are generally good. While we noted some areas that could be done better, the local governments mostly had satisfactory controls in place.

Importantly, the local governments were accepting of our findings and were open to change to address the issues we identified. And I encourage all local governments to follow suit – to assess their own management of corporate credit cards against the findings and recommendations of this report and to promptly act where required.

Parliament gave the Auditor General the mandate to audit local government to enhance accountability and transparency across the sector. For this to be a success we need to continue on the path we started with this audit. That is working together to recognise good practice as well as identify areas where things can and should be done better – in the public interest.

Controls over corporate credit cards

Background

Corporate credit cards are an important part of modern purchasing systems, offering significant benefits such as reduced costs and streamlined business processes. They are used for local government purchases including computing and other equipment, general consumables, hospitality and travel. While local governments generally use credit cards for a small proportion of their payments, it is important they are effectively managed to reduce the risk of improper or unauthorised use.

Local government employees and chief executive officers (CEOs) use corporate credit cards. However, the elected members that make up a local government Council cannot use these cards as the Local Government Act 1995 (LG Act) does not allow them to incur debts. Instead, local governments pay allowances or reimburse expenses to an elected member.

The LG Act and associated regulations require:

- the Council to oversee allocation of the local government's finances and resources and to determine policies
- the CEO to ensure that proper accounts and records are kept in accordance with regulations
- local governments to develop procedures for the payment of accounts to ensure that there is effective security for, and properly authorised use of credit cards.

In conducting our audit, we considered the above requirements, Local Government Operational Guidelines Number 11 - September 2006 Use of Corporate Credit Cards and other accepted better practice guidance.

Conclusion

Local governments in our sample generally had satisfactory controls in place to manage the use of credit cards. We noted shortcomings however, of varying significance, in the policies and practices at most local governments we audited. We did not find any inappropriate use of credit cards.

Recommendations

- 1. Local governments should:
 - ensure policies specify requirements for all key credit card processes
 - keep adequate records of all card transactions, including information that describes the nature/purpose of the expenditure and evidence of review and approval
 - cancel redundant cards in a timely manner to avoid loss and/or misuse of cards
 - regularly monitor outstanding transactions to identify and follow up on long outstanding un-acquitted transactions
 - e. ensure senior management periodically reviews credit card use, to confirm compliance with policies and to identify any abnormal trends. The results of these reviews should be documented and retained.

What we did

The focus of this audit was to determine if the local governments in our sample have effective controls over the use of corporate credit cards. We also assessed if there was adequate independent review of the credit card use of CEOs.

We assessed the policies and practices at 8 local governments, over the period 1 January 2017 to 30 September 2017, using the following lines of inquiry:

- Do local governments have appropriate policies and administrative systems in place for corporate credit cards?
- 2. Are suitable controls in place to monitor and manage the issue and use of cards and the timely approval of card transactions?
- 3. Do management periodically review their use of corporate credit cards and act on any identified shortcomings?

We conducted this audit under sections 18 of the *Auditor General Act 2006* and 7.12AJ of the *Local Government Act 1995* and in accordance with Australian Auditing and Assurance Standards.

Local governments included in our audit

Focus area audits assess local governments against common business practices to identify good practices, and control weaknesses and exposures so that local governments, including those not audited, can compare their own performance.

When deciding which local governments to include in this audit we aimed for a mix of different size local governments from diverse locations with varying budgets, resourcing and purchasing requirements. This allowed us to identify potential issues, better practice examples and improvement opportunities that are likely to be applicable across the broader local government sector.

We included the following local governments in this audit:

Local government	Number of credit cards	Number of credit card purchases made	Number of credit card purchases as a % of all purchases made	Value of credit card purchases	Value of credit card purchases as a % of all purchases made
City of Kalamunda	12	959	14%	\$159,585	0.34%
City of Rockingham	90	4,391	20%	\$1,213,175	0.89%
City of Wanneroo	54	3,199	4%	\$417,185	0.28%
Shire of Carnarvon	4	108	4%	\$17,144	0.17%
Shire of Cranbrook	2	293	16%	\$45,688	1.06%
Shire of Dandaragan	4	143	4%	\$41,249	0.43%
Shire of Denmark	4	122	6%	\$22,799	0.34%
Town of Port Hedland	8	553	12%	\$176,929	0.47%

Table 1: Key expenditure statistics from 1 January 2017 to 30 September 2017

What did we find?

Overall policies and administrative systems for managing corporate credit cards were appropriate

Good policies and procedures provide essential guidance for staff to manage credit cards in accordance with management's expectations. They should cover matters such as controls over issuing and cancelling cards as well as approving and acquitting purchases.

We found that appropriate policies and administrative systems were generally in place for use of credit cards, however:

- at the Shire of Denmark and the City of Wanneroo we found that policies did not specify the timelines for acquitting and approving monthly credit card statements. Setting timelines is important as they help ensure timely acquittal and approvals, and also early identification of any unauthorised transactions
- at the City of Wanneroo, we found 2 instances where cardholders had not completed cardholder agreements. Cardholder agreements outline cardholder duties and responsibilities.

Suitable controls were generally in place for managing credit card use, however most local governments had opportunities for improvement

Strong controls assist in the early identification of erroneous, inappropriate or unauthorised transactions. It is good practice for transactions to be matched to invoices and vetted by the cardholder before being independently approved by the cardholder's supervisor. These steps should be completed within a reasonable timeframe on a monthly basis.

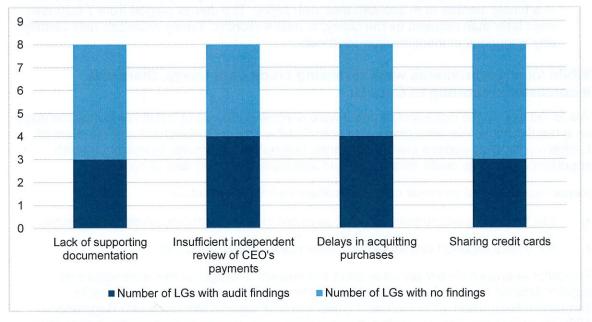

Figure 1: Audit findings by number of local governments (LGs)

We identified control weaknesses of varying significance at all local governments, except the Shire of Carnarvon:

The City of Rockingham did not always have appropriate independent approval of credit card transactions. For 54% of cardholders, the coding and review of their transactions was performed by subordinates, and the cardholders thereafter approved their own transactions.

- CEO credit card transactions were approved by a subordinate, or were self-approved at 4 local governments. This process could be improved to increase transparency, without introducing additional approval processes, by periodically reporting the CEO's transactions to the Council, and clearly identifying them for noting.
- To ensure the person using the credit card is identifiable and accountable, staff should not share credit cards. We found sharing of cards at 3 local governments:
 - At the City of Kalamunda, we found that cardholders permitted staff within their departments to use their card. The monthly statement was then signed off by the cardholder and a subordinate. We were unable to determine who made the purchases and could not substantiate if approvals were independent. Staff at the City of Wanneroo and Shire of Dandaragan also shared cards but they were able to demonstrate independent approval and monitoring of these purchases.

We recognise the challenges of small local governments in this regard, however they should consider other arrangements to avoid sharing of cards.

- We found delays in cancelling cards when staff resigned, at the Shire of Denmark and the City of Wanneroo. The maximum delays were 4 months and 11 months respectively. If cards are not cancelled promptly, they may be used by other nonauthorised staff.
- The City of Rockingham did not have adequate documentation for 20% of the transactions we audited. The Shire of Cranbrook and Shire of Denmark lacked adequate documents for a small number of transactions. This makes it difficult for management or auditors to determine the appropriateness of purchases.
- We found 4 local governments were not always acquitting their credit card transactions in a timely manner or in line with their own policy. The delays ranged from 7 business days later than required by the policy, to over 4 months. Timely acquittals help identify any erroneous or inappropriate payments.

While local governments were reviewing credit card usage, there was inconsistent reporting to Council

We found that all the local governments were reviewing the use of credit cards in some way, on a regular basis. We were pleased to note that the City of Rockingham and the Shire of Carnarvon recently audited their credit cards. Internal audits provide management with important insight into credit card usage and associated effectiveness of controls.

Reporting to Council on credit card expenditure was inconsistent as:

- half the local governments reported payment of the outstanding credit card balance
- the others reported individual purchases made on the credit card.

The latter approach clearly provides more transparent oversight of this expenditure as regular detailed review of all payments can help identify unusual card use. Councils interpreted Regulation 13 of the Local Government (Financial Management) Regulations 1996 inconsistently. This regulation requires local governments to present the details of all payments, including corporate credit card payments to Council on a monthly basis.

Response from local governments

Local governments in our sample generally accepted the recommendations and confirmed that, where relevant, they have amended policies and administrative systems or will improve practices for managing credit cards.

The City of Wanneroo agreed that in future credit cards will be cancelled when staff leave. The City advised that in the instances identified during our audit, although the cards had not been promptly cancelled with the bank, they had been promptly destroyed when the staff members resigned and that no transactions had been made using those cards.

Dear Mr Billingham

Section 18 Ministerial consent for proposed Lease over portion of Reserve 23983 being Lot 201 on Deposited Plan 410068 between Shire of Pingelly (Lessor) and Pingelly Recreation and Cultural Centre Association Incorporated (Lessee)

Thank you for your recent correspondence regarding permission to grant a Lease over portion of Reserve 23983 to Pingelly Recreation and Cultural Centre Association Incorporated for the permitted use of "Recreation and sport activities and hire by third parties and sporting clubs and operation of 'Club' Liquor License and uses reasonably ancillary thereto" commencing 1 January 2019 for a term of 21 years with an option for a further term of 21 years (further term option being subject to the prior approval of the Minister for Lands).

Reserve 23983 is set aside for the purpose of "Showground and Recreation" with a Management Order to the Shire of Pingelly with power to lease/licence for any term not exceeding 21 years, subject to the Minister for Lands consent. The Pingelly Recreation and Cultural Centre has recently been constructed on the Reserve.

In accordance with section 18 of the Land Administration Act 1997 (LAA) the Minister for Lands approval is granted to the proposed Lease provided to the Department of Planning, Lands and Heritage (DPLH) by email dated 8 January 2019 on the condition that the final Lease executed by the parties is on the same terms as that provided to DPLH with that email and subject to the Management Order over Reserve 23983 being updated within the next six months from the date of this letter to include a condition regarding commercial leasing (condition in full at Annexure 1). An investigation is currently being undertaken to formalise the update to the Management Order over Reserve 23983 and to also change the purpose of Reserve 23983 to include "Community Purposes" to reflect the use of the Reserve.

If the final document executed by the parties is not on the approved terms, then it may be void under section 18 LAA. Please note that this approval is for the purposes of section 18 LAA only and does not constitute an endorsement as to the terms and effect of the document. DPLH cannot provide any advice in respect of the Lease and recommends that each party obtain their own independent advice as to their rights and obligations under the Lease.

This approval is subject to the registration requirements of the *Transfer of Land Act* 1893. You will need to provide a copy of this letter to Landgate when the documents are lodged for registration at Landgate.

Should you have any enquiries please contact me on any of the above details.

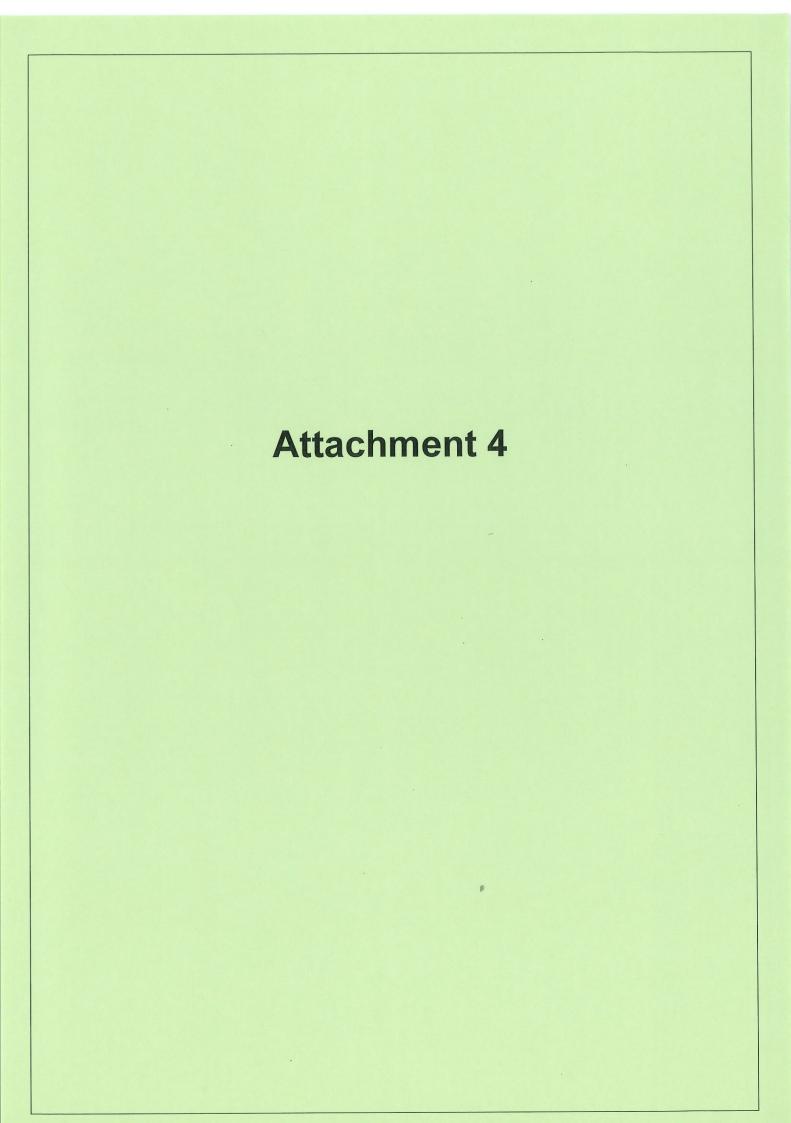

Yours faithfully

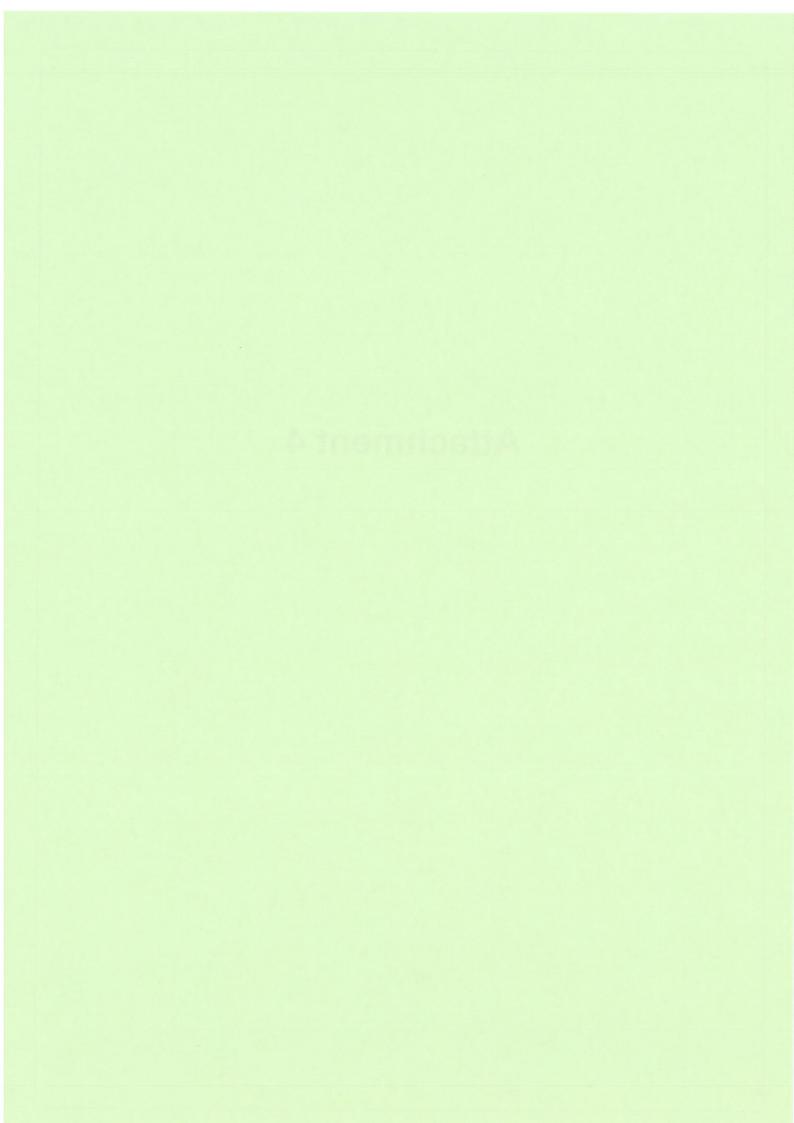

Senior State Land Officer (Pos Number 25287)

Case Delivery

Annexure 1

- 1. The Management Body and any Lessee of the Management Body must allocate and use any premium, rental, fees, charges or other income it receives from all leases, subleases and licences in respect of the Reserve or any part of it (Reserve Funds) to maintain and repair all buildings and structures and to maintain the grounds and facilities of the Reserve and where there are surplus Reserve Funds for other reserves within the locality and otherwise to satisfy its obligations and liabilities as management body of the Reserve.
- 2. The Management Body or any Lessee of the Management Body must provide to the Department of Planning, Lands and Heritage within three (3) months of a request of the Minister for Lands, a report that details the amount and source of the Reserve Funds received and what the Reserve Funds have been expended on during that preceding financial year, and other periods as requested.
- 3. Any surplus of the Reserve Funds remaining at the end of each financial year shall be paid into a trust fund established by the Management Body pursuant to section 6.9(1) of the Local Government Act 1995 or set aside by the Management Body or any Lessee of the Management Body and carried forward for future capital or major works required to the Reserve and other reserves within the locality. The Management Body or any Lessee of the Management Body shall include in the report(s) referred to in clause 2 above, details of any expenditure from the trust fund or from funds which have been carried forward by the Management Body or any Lessee of the Management Body and used for capital or major works to or on the Reserve and other reserves within the locality.

1. Letter of Agreement

This Letter of Agreement is to recognise an alliance formed between the Local Governments of Beverley, Brookton and Pingelly to progress sustainable Aged Care Planning, Services and Support within and between our communities.

We believe that by working together:

- Better economies of scale will be achieved.
- As a subregional group, provide an integrated, consistent approach to the services and infrastructure needed for Aged Friendly Communities, Aging in Place Housing, Home and Community Care Services, Provider Packages, Respite Care and Residential Services.
- Recognise both Federal and State government current trends.

2. General Principles

The Local Governments of Beverley, Brookton and Pingelly agree to:

- Recognise that collaboration can achieve better aged care planning and development outcomes.
- Share opportunities, resources and intellectual property to reduce duplication.
- Be flexible and open to new approaches to delivery and funding.
- Acknowledge the needs and constraints of all spheres of government, community and stakeholders.
- Adopt a realistic approach to funding and resource issues.
- Undertake appropriate consultation to facilitate understanding and consensus.
- Until otherwise established communication to the community on issues of relevance is undertaken by consensus.

3. Roles and Responsibilities

Committee

- Each Local Government is to have a CEO and two councillors as their representatives.
- All committee members may participate in meetings in a non-voting capacity.
- In all strategic and planning issues, consensus will be reached to make recommendations back to individual Councils for ratification.
- Each Local Government will have one (1) vote.

Chairperson

 Until otherwise agreed there will be a rotational Chairperson who will be an elected member of the host Local Government.

Minutes & Agenda

- Meetings to be rotational and held bi-monthly.
- · The host Council will minute the meeting.
- Minutes to be distributed within two weeks of that meeting.
- Agenda to be set by the host Local Government in conjunction with the most recent host Council.
- Briefing notes of deputations and non-committee meetings to be provided by the organising/lead Council for specific projects/tasks.

4. <u>Term of Agreement</u>

Unless wound up this agreement will remain in place in perpetuity.

5. Winding up of Agreement

Either the Shire of Beverley, Brookton or Pingelly may, at any time, may withdraw their membership from this agreement by giving three (3) months notice in writing to the other parties.

The undersigned agree to abide by underlying principles and commitments (outlined)

on which the arrangements are based.

To the Shire Presidents of Brookton and Pingelly

In March 2014 a Letter of Agreement was signed by the Presidents of the Shires of Beverley, Brookton and Pingelly on behalf of their respective Councils to recognise an alliance between the Local Governments to progress sustainable Aged Care Planning, Service and Support within and between our communities.

The agreed General Principles guiding this arrangement were as follows:-

- Recognise that collaboration can achieve better aged care planning and development outcomes
- Share opportunities, resources and intellectual property to reduce duplication
- Be flexible and open to new approaches to delivery and funding
- Acknowledge the needs and constraints of all spheres of government, community and stakeholders
- Adopt a realistic approach to funding and resource issues
- Undertake appropriate consultation to facilitate understanding and consensus
- Until otherwise established communication to the community on issues of relevance is undertaken by consensus

The Term of Agreement was to remain in perpetuity, with a review to be undertaken in 2018.

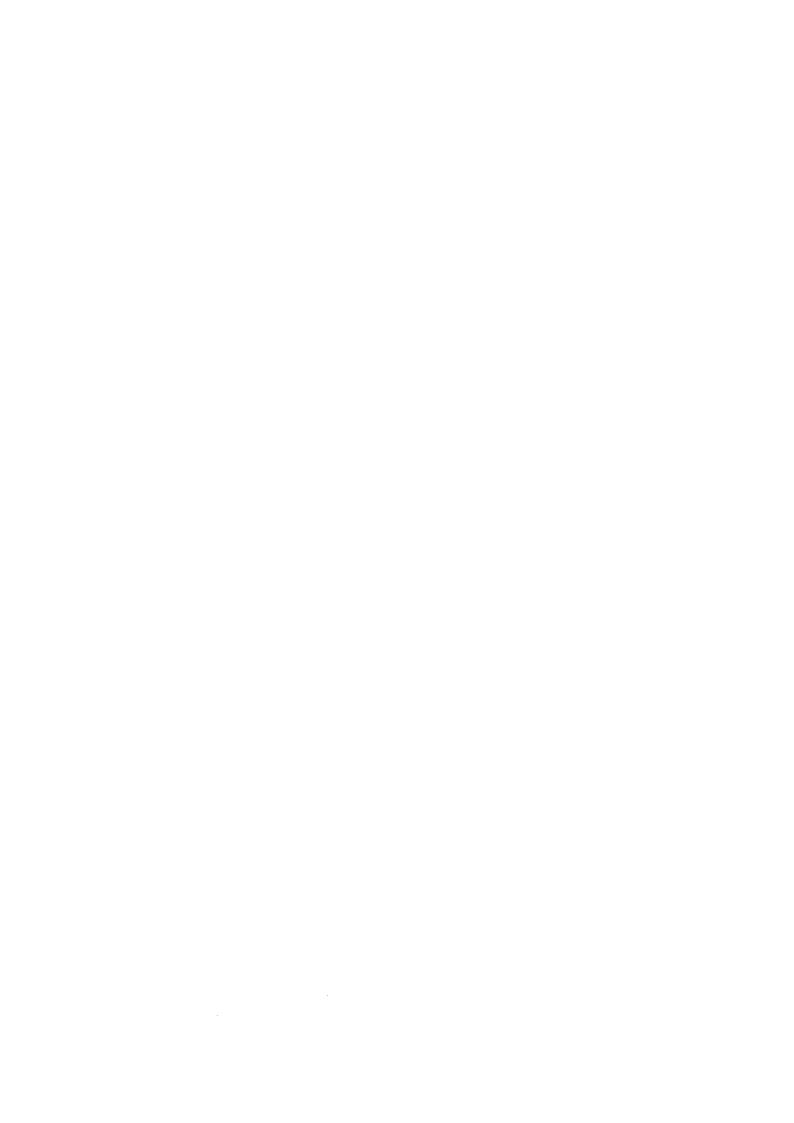

There has been limited progress by the group, particularly in the last 12 months. The Shire of Beverley is also disturbed that a Major Land Transaction and Trading Undertaking involving Kalkarni Residential Aged Care Facility and Saddleback Medical Centre was developed during the time the Beverley Brookton Pingelly Alliance (BBP) was in place, and yet first known about through Public Announcement at the end of 2018.

The Shire of Beverley requests that the Agreement now be terminated.

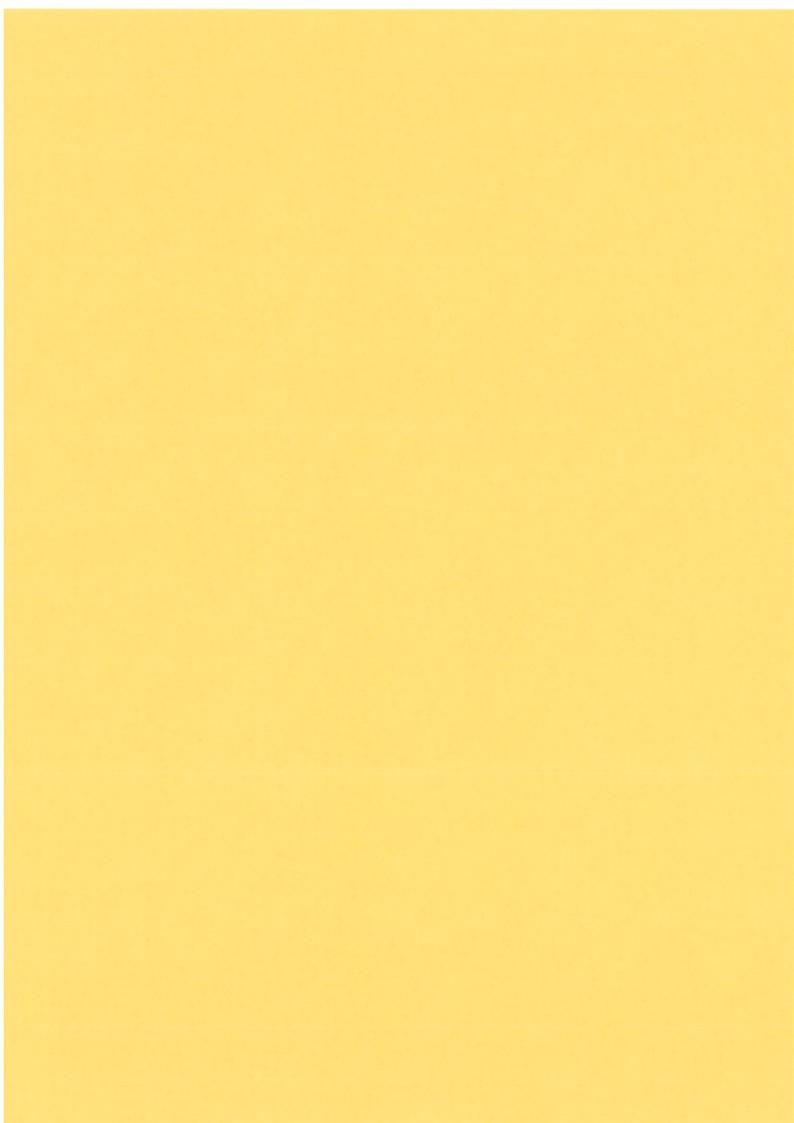

Yours sincerely

Cr Dee Ridgway Shire President

A

SHIRE OF PINGELLY FOR THE PERIOD 1 JULY 2018 TO 31 DECEMBER 2018 Report on Significant variances Greater than 10% and \$5,000

Purpose

The purpose of the Monthly Variance Report is to highlight circumstances where there is a major variance from the YTD Monthly Budget and YTD Actual figures. These variances can occur because of a change in timing of the activity, circumstances change (e.g. a grants were budgeted for but was not received) or changes to the original budget projections. The Report is designed to highlight these issues and explain the reason for the variance.

The Materiality variances adopted by Council are: 10% and \$5,000	Account	Program

All land except exempt land in the Shire of Pingelly is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources The general rates detailed above for the 2018/19 financial year have been determined by Council on the basis of raising the revenue required other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year. The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

Current Ratio	1.65	4.05	2.03	1.05
Operating Surplus Ratio	(0.14)	(0.26)		(0.72)

The above ratios are calculated as follows:

Current Ratio

(Current Assets MINUS Restricted Assets)
(Current Liabilities MINUS Liabilities Associated with Restricted Assets)

Purpose:

This is a modified commercial ratio designed to focus on the liquidity position of a local government that has arisen from past year's transactions.

Standards:

The standard is not met if the ratio is lower than 1:1 (less than 100%) The standard is met if the ratio is greater than 1:1 (100% or greater) A ratio less than 1:1 means that a local government does not have

Below Std Std met

sufficient assets that can be quickly converted into cash to meet its immediate cash commitments. This may arise from a budget deficit from the past year, a Council decision to operate an overdraft or a decision to fund leave entitlements from next year's revenues.

Operating Surplus Ratio

(Operating Revenue MINUS Operating Expense)
(Own Source Operating Revenue)

Purpose:

This ratio is a measure of a local government's ability to cover its operational costs and have revenues available for capital funding or other purposes.

Standards:

Basic Standard is not met less than < 1% (< 0.01) Basic Standard between 1% and 15% (0.01 and 0.15) Advanced Standard greater than > 15% (>0.15). Below Std Basic Std Adv Std
