Pingelly: People and Progress

Restricted Burning Period

The Restricted Burning Period has been lifted as of 14 May 2019. Ongoing dry conditions remain a cause for concern, however the cooler weather that has now arrived allows the restrictions to be lifted.

Shredded Paper

The Shire of Pingelly currently has bags of shredded paper available. If you are interested in making collection of some please attend the Shire Administration building, 8.30am—4.30pm Monday to Friday to collect. This is offered on a first in first served basis.

PRACC Building Wins International Award

We know our PRACC is an impressive building. The jury for the 'Architecture of Necessity' thinks so too with PRACC being one of three winners in their prestigious awards. PRACC will be published and exhibited in Sweden from 27 June to 2 December 2019 (see separate page for details)

Council Lunch Catering

The Council has changed its meeting structure to make more efficient use of time. Accordingly future meetings will commence with lunch instead of concluding with dinner.

The Shire of Pingelly is seeking applications from local community groups or clubs to cater for the upcoming financial year Shire Council Meetings lunches held on the third Wednesday of each month excluding December and January. Those interested in applying are encouraged to submit their expression of interest in writing to the Shire by Friday 7 June 2019. We also ask for local businesses as a back up if community groups cannot for some reason cater on the day. For more information please contact Lisa Body on (08)9887 1066 or ea@pingelly.wa.gov.au.

Rates Incentives

The Shire of Pingelly is seeking expressions of interests from local businesses to donate vouchers to be given to residents as an incentive to pay their rates on time. Those wishing to donate their vouchers will also have the opportunity to provide relevant advertising material to be sent out with the 2019/20 rates notices. Please contact Rebecca Billingham on (08)9887 1066 or sfo@pingelly.wa.gov.au for more information or to register your interest by Friday 14 June 2019.

Works Update

- The Parks and Gardens Team continue with their town maintenance program.
- Work to replace a timber bridge structure with concrete box culverts has begun on Bullaring Road at Bridge No 3097. The bridge is located approximately 400 metres east of Dwarlarking Road turnoff on Bullaring Road. Construction of a gravel side track for traffic to bypass the bridge works will be completed by the 10th of May. Once the side track is open removal of the timber bridge will start. The project is expected to be completed by mid-June. Motorists are advised traffic management will be on site and to follow signage and speed limits set.
- Traffic hazard signage is in place on Aldersyde Road east of Powell Road to warn motorists of a road failure. Repairs will be carried out when a crew is available.
- Minor building maintenance issues completed.

Mark Dacombe
Acting Chief Executive Officer

Council to withdraw all delegations to act as an authorised officer from Ms Jodie Taylor from WA Contract Ranger Services.

PINGELLY RECREATION AND CULTURAL CENTRE AND BILYA KOORT BOODJA CENTRE FOR NYOONGAR CULTURE AND ENVIRONMENTAL KNOWLEDGE RECEIVE INTERNATIONAL AWARDS

iredale pedersen hook architects are proud to announce that the recently completed Pingelly Recreation and Cultural Centre in Pingelly (PRACC) and the Bilya Koort Boodja (BKB) Centre for Nyoongar Culture and Environmental Knowledge in Northam have received international acclaim in the prestigious Architecture of Necessity Awards curated through Virserum Konsthall in Sweden. PRACC was a winner of the competition and BKB was a finalist in the international competition.

The international manifesto on the Architecture of Necessity commenced in 2009 and is held every three years, it encourages dialogues about the basic values of architecture. A humble questioning of the living and consumption patterns that developed during the last century, which intersects many traditional political barriers. *"This years focus is on entries that deal with the rural context, the re-activation of forgotten places both with transformation of existing buildings and with new typologies, for example combining multiple symbiotic uses in to one building, seeking an architectural language, developed for smaller cities and places integrating landscape, typology and details and materials."*

Both projects will be published and exhibited in Virserum Konsthall from 27th June- 2nd December 2019. A symposium will be held on 27th June 2019 to celebrate the winning projects.

PRACC was designed by iredale pedersen hook architects with Advanced Timber Concepts Studio for the town of Pingelly and is the largest timber constructed building in Western Australia since WWII and the largest timber civic building since 1920. The project was commissioned by the Shire of Pingelly.

BKB was designed by iredale pedersen hook architects with Thylacine exhibit designers. The project was commissioned by the Shire of Northam with the aim to *'recognise the rich Aboriginal and environmental presence in the Nyoongar Ballardong region. The Centre will protect, celebrate and share the culture of the Nyoongar people and highlight land management practices that draws upon the knowledge of the land's traditional custodians.'*

In 2016 iredale pedersen hook's Walumba Elders Centre was also the winner of the Architecture of Necessity Award.

iredale pedersen hook architects is an internationally acclaimed Australian practice with studios in Perth and Melbourne led by directors Adrian, Finn and Martyn, each with over 27 years of experience. The practice is renowned for its innovative approach across a very broad range of projects. The studio is driven by design excellence and is passionate about how Architecture can make a positive impact on people's lives and contribute to Australian communities, towns and cities.

Since formation in 1999, iredale pedersen hook architects has created an expansive and significant body of work throughout Australia. Working in urban, regional and remote locations, each of our projects embodies a unique design response to the landscape and to the context it occupies.

We are motivated by a belief that all people should have access to excellent affordable design in their homes, workplaces, schools, recreational and cultural precincts and have built a reputation for delivering projects with a focus of triple-bottom-line sustainable design - that is, environmental, social and economic sustainability.
