Australia Day 26 January 2010
Congratulations to all those who celebrated Australia Day 2010 in Pingelly. Once again, a great breakfast was provided by the SES.

Road Safety
Concern has been expressed by the trucking industry regarding motorists performing U-Turns in the centre of town due to the limited vision restricted by the curve to the north of the town centre. Whilst this is not illegal, motorists are reminded to ensure the route is clear (check both mirrors) and to perform the turn without delay.

Strategic Plan
Council has reviewed and updated it’s Strategic Plan, which is also the Plan for the Future. As with other documents, it is available for inspection at the Shire Office, Library and also on the Shire’s WEB site.

Plastic Rubbish Bags
Council remains very keen to eliminate plastic rubbish bags from the rubbish stream.

Prisoner Work Camp
Council has been invited to nominate suitable projects for a prisoner work camp to undertake. Small groups of prisoners establish satellite work camps away from the main Hub camp to work on projects within surrounding communities. Currently the types of work performed by prisoners includes projects such as repairing and laying paths and footpaths, storm water course rockling up, restoring heritage trails such as Boyagin Rock, etc. The projects need to be community based.

Are there any suitable projects in the Shire of Pingelly?

General Electors Meeting
The Annual Report for 2009/10 has been finalised and copies are available from the Shire Office. The General Electors Meeting is to be held in the Community Centre on Tuesday 16 February 2010 commencing at 8pm.

2008/2009 Pingelly Calendars
Available free from the Shire Office.
